It's Not All Black And White

Kiski Area
High School

2001 Campus

Volume 39

To
all
who
read
on,

The
first
year of the
20th millennium
was definitely
not all black and
white. In fact, many
colors painted the
lives of the students
and the look of our
campus throughout the
2000-2001 school year. In
the pages that follow, it
is our hope that all who
read, who reflect, and who
reminisce, shall forever
remember the various
colors that have affected
our lives. We have been
red in love. We have been
orange on fire. We have
been blue in opportunity.
We have been purple in
elegance. We have been
yellow in happiness. And,
we have been green in
envy. In fact, we have
been every color of the
spectrum. Why have
we been all of these?
Simply, because we
were special, we
were unique, and
most of all, we
were just
Kiski!

Sincerely,

Your 2000-2001
Yearbook Staff

Why are we red?

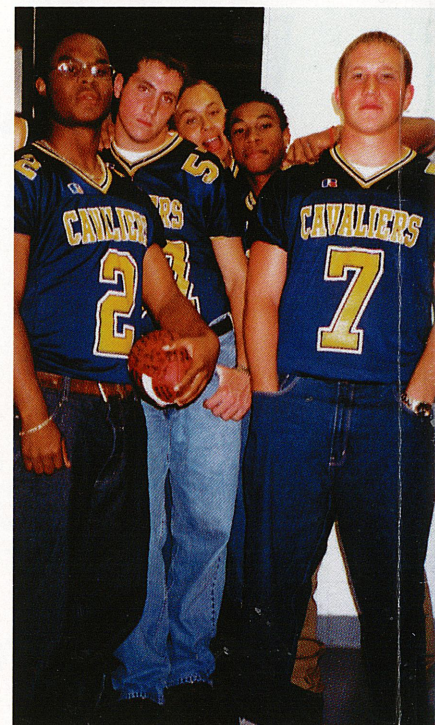

Universally known, **red** is the color of love. For the love of the game, for the love of our friends, and for the love of Kiski High.

it's
not
all
black
and
white

Why are we Orange?

The color **orange** is one hue of fire--a powerful force. Kiski mirrors this force with a fire on the field, a fire on the stage, and a fire in our hearts and minds.

Why are we Blue? **Blue** paints the

open sky and symbolizes opportunity. We are **blue** when we enter high school, when we become involved in extra curriculars, and when we graduate from Kiski High.

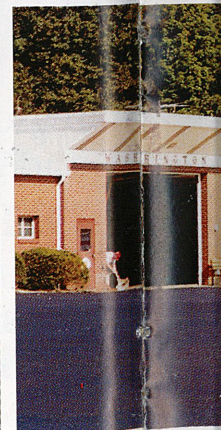

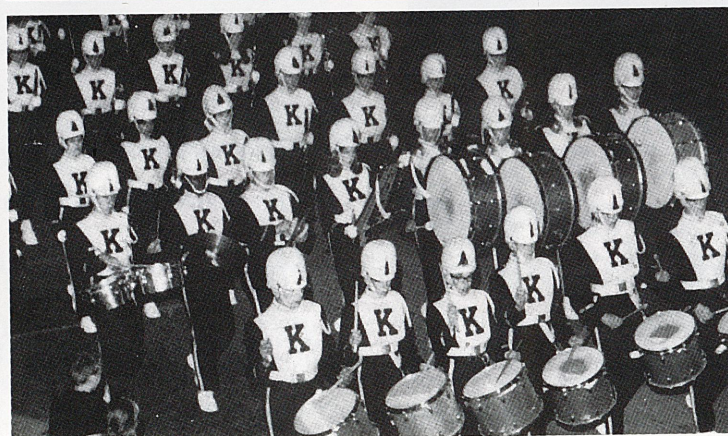

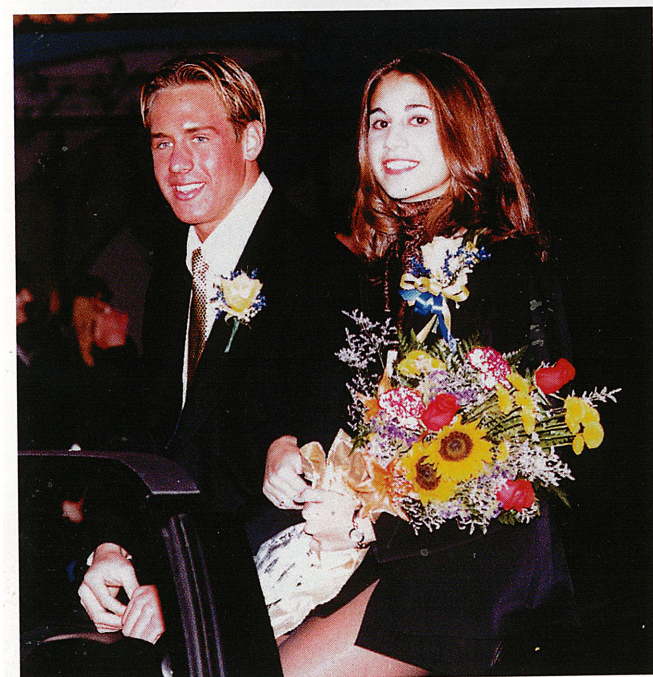

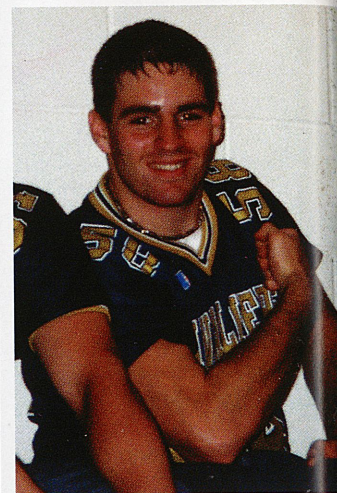

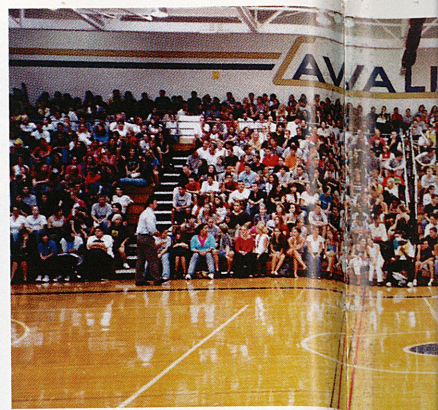

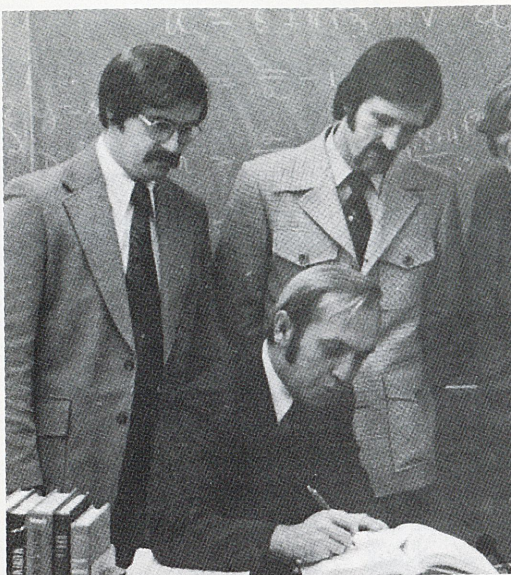

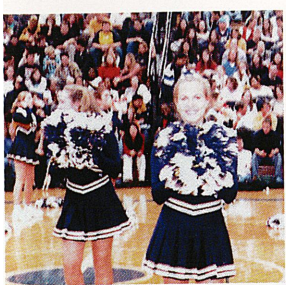

Why are we yellow? The classic smiley faces of the 70's don't **yellow**--this symbolizes happiness. The Cavaliers are happy for their health, happy for their minds, and most of all, happy for their friends.

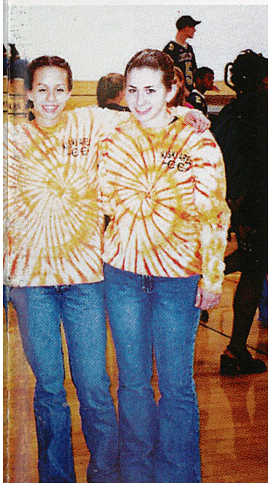

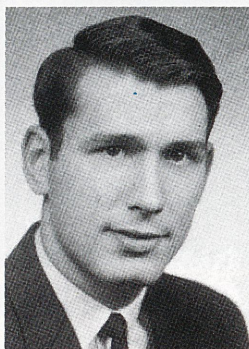

Why are we Purple? America the Beautiful exclaims "**Purple** Mt. Majesties" for two reasons only--elegance and grace. We are **purple** in the community, in the classroom, and on the playing field.

Why are we green?

The Cavaliers' competitors are **green** with envy when we triumph over them. They envy our stamina, they envy our work ethic, and they envy our team spirit.

KISKI PRIDE

Treasuring Our Blue and Gold

Trail to Victory...Members of the football team lead the parade of fall sports onto the gym floor for a pep assembly. Just seeing our teams walk out brought a sense of Kiski Pride and excitement to every student.

The Sight of Triumph...A fellow team member shares in the sense of conquest with Bob Norton after an outstanding play. Although the Cavs didn't have a phenomenal record, the student body always enjoyed coming together to cheer the team on.

Why Are You Proud to Be a Cavalier?

The student-faculty relationship is great. They show a lot of support for various activities." *Mark Moran*

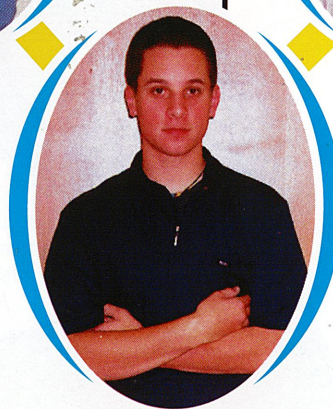

"I am proud to be here because Kiski has a rich tradition of excellence in all areas." *Andy Gapinski*

"Graduating from a good school and having awesome memories makes me proud." *Natalie Plescia*

"The academics are really good and the wide choice of curriculums prepare you for after high school." *Ashley Eisenman*

"I am excited to teach at Kiski because I graduated from here in 1987. It's almost like I never left!" *Mrs. Poleski*

"I feel a strong sense of pride in the many students who strive for and achieve success." *Mr. Trunzo*

The
pride at the "Big K"
could be seen everywhere when

one looked around our school. If

Kristen commented, "I hope the underclass -

NOW & THEN

From Black and White to a World of Color

Click Clack...

Past Kiski graduates punch away at their latest form of technology - electric typewriters. The students could never even imagine how advanced technology would become in merely thirty years.

Tap Tap...

Students today rely on computers to complete much of their work. The humming of the old-fashioned electric typewriters gave way to the high-tech computers that are used now in many classes.

How Have You Seen Kiski Change Over the Years?

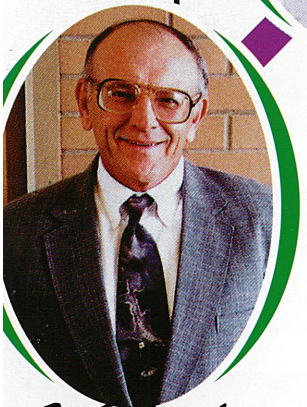

"Student achievement is much greater than it was ten years ago."
Dr. Val

"A larger percentage of the student body is more aware of the outside world."
Mrs. Answine

"Ten years ago there were 2 computers in the business department; Now there are over 110."
Miss Maganello

"...I believe there is more to be proud of now with our students' various accomplishments."
Mr. Norton

"When I first started teaching there were 12 elementary schools, 3 junior highs, and the high school."
Mrs. Rupert

"Then, we tried to figure out how to read slide rules, now we try to figure out how to use graphing calculators."
Mrs. Gatto

HELPING HAND

True Blue to the Community

Need a

Hand? Bethany Wolfgang and Amanda Seadler help each other while helping the community. People got a sense of satisfaction knowing that they were able to make a difference.

Not Just for

Emergencies... The Washington Township Fire Hall is a base for many community programs. It has been used for many different purposes to bring the community together.

In What Aspects Do You Give Back to the Community?

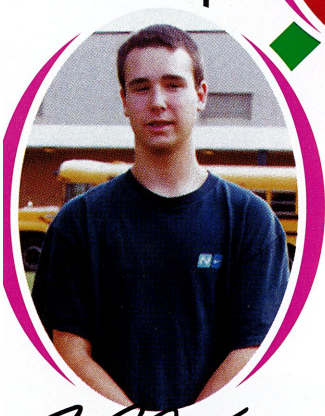

"Serving as a fireman helps the community and is a lot of fun."
Phil Huith

"I volunteer at a hospital on Saturdays. This lets me help people who need it."
Lynsey Tallarom

"I teach Sunday School at my church every other week, and sometimes more if other people can't make it."
Sarah Lege

"I'm really involved in my church. I'm an altar server and I'm also a lector."
Lauren Aljoe

"I enjoy donating and delivering food and supplies to local animal shelters."
Mr. Desantis

"I always encourage my students to get involved in community service projects."
Mr. Lemmon

Kiski

has always held an

interest in the community and this

year showed no surprises. The NHS

Who Pays on a Date?

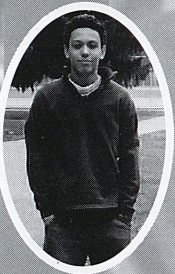

The guy should pay for the date because a man should always treat a woman with respect, dignity, and class.

Kyle Graham

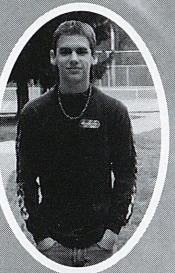

I think the two people should split the cost or pay for themselves. It's not fair for one person to spend all of their money.

Natalie Danka

On a date, I think it is appropriate for the guy to pay, but if a girl really wants to pay, you go 50/50.

Mike Ross

The male definitely pays on the date. I feel like I am using her if I don't.

Michael Haugh

Whoever is not poor on that day!

Study or Cram?

I would rather study, but I never do. I usually end up cramming. But, it's too much work, so I just end up doing nothing at all.

Dominic Paolo

Cramming is the only way I remember anything--even though I'll probably forget it all after the test.

Rachel Campbell

When you cram, you only have to waste one night studying. With regular studying, you have to waste a handful of nights.

David Greenlee

I feel that it is more effective to study because you will remember it better and you won't be as confused.

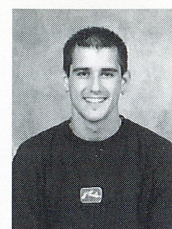

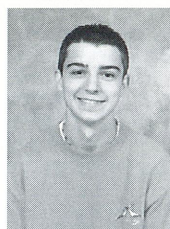

Kim Hilty

Cram, because I don't have time to study.

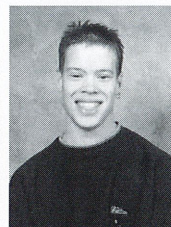

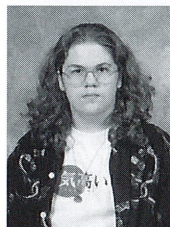

Sara Shirley

I would rather study, so I know what's going to be on the test. It would be too much to handle if I got a nice E on a major test.

Would you Rather Learn in Groups or Individually?

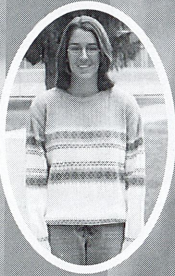

Groups because
I'm just that kind
of person that
when I work with
people, the
material comes to
me more quickly.

Dorothy Morman

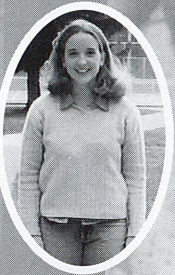

It's always more
fun to learn in
groups, but
learning
individually is
more beneficial
for me.

Stephanie Shook

I would rather
learn in groups,
provided the
whole group
works at an equal
level and does
their part.

Amanda Smith

Groups. If you
don't understand
what you're
learning about,
people within
your group can
help you.

Kristy Trebilcock

I would choose to
learn in groups.
It's easier because
you don't feel
weird, like
everything is
focused on you.

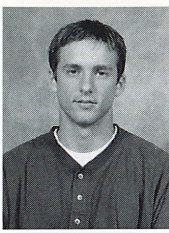

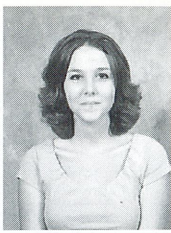

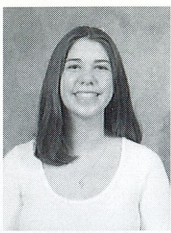

Justin Kerr

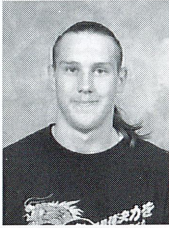

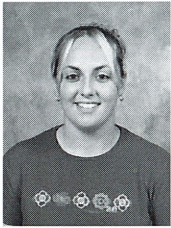

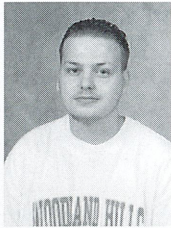

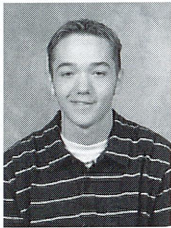

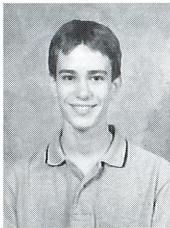

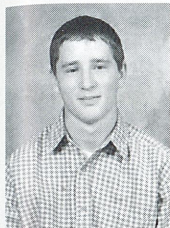

I think learning
individually
would be better so
that lazy people
won't get a good
grade due to the
efforts of those
that work.

What's the Funniest Thing That Happened at Your Job?

A little boy I baby-sat got mad as his mom was leaving, so he threw a fishing rod at my head. I thought it was so funny though!

Alex Pointon

Dave Faulk and I were finishing a pool, and the owner was on a ladder. He ended up falling in, and we had to help him out.

Chris Hall

When I was working at Pizza Hut, I watched someone spill water on the ground, walk away, come back, and fall on it.

Eric Pepler

I delivered a pizza to a house. They had roosters in their yard, and chickens running through the house.

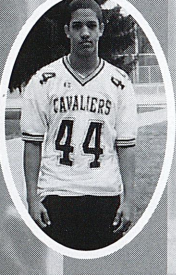

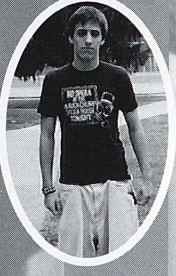

Joey Tutchstone

A little boy was standing in front of a mirror dancing and singing loudly, "Mama said knock you out, I'm gonna knock you out."

Lucy Lamont

One day this guy that I work with walked a lobster around the store.

Money or Happiness

Happiness... If a person would choose money, then their life would be focused on it, and be full of worries.

Brandon Keslar

Happiness... Even if you have money, you still might not be happy, but it's possible to be happy without money.

Jessica Banks

Money... Money makes happiness. If there was no money, there would be no happiness.

Steve Marchitelli

Happiness... All the money in the world can't amount to the worth of seeing someone with a smile on their face.

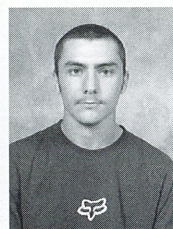

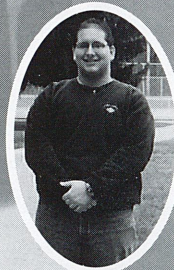

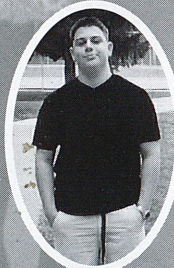

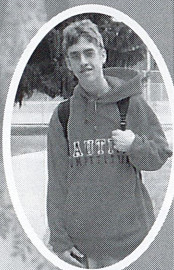

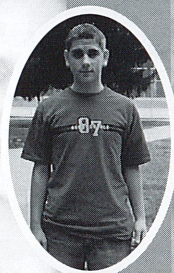

Beth Reilly

Happiness... Happiness comes in many forms and everyone can have it - from the rich to the poor.

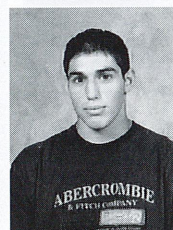

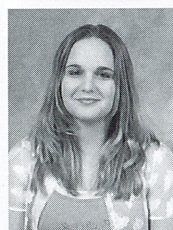

Alec Manifest

Happiness... Money never guarantees happiness in our lives. True happiness is in our love and friendship for each other.

Best Elementary School Memories

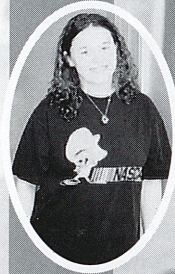

One of the best things was how my class was very close. It made classes easier with only 13 students. Even now, we are still good friends.

Alayna Anginelli

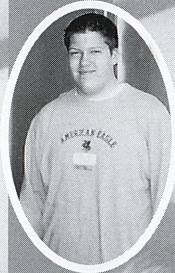

One of my best elementary school memories was at recess. My class used to play "nursing home" and pretend like we were 90.

Megan Ladik

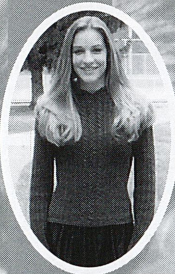

Playing dodge ball in fifth grade. Every Wednesday we would go to the gym/cafeteria and divide into four teams to play.

Kristy Taylor

At recess when we got to play whatever we wanted, I didn't like to stand on the wall at all. That's where I was mostly though.

Jeremy Rupert

I have many memories from St. Gerts! After wearing uniforms for 6 years, I'll never forget when we burned them!

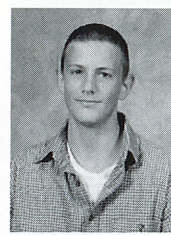

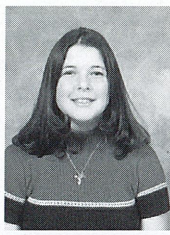

Jessica Woods

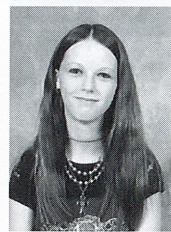

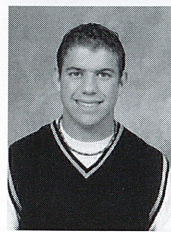

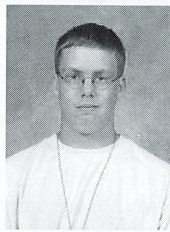

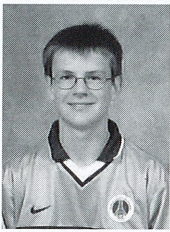

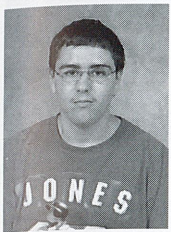

The summer after 6th grade when I had a reunion swim party... we all had grown so close through all the years we were together.

What is Your Favorite Gym Activity?

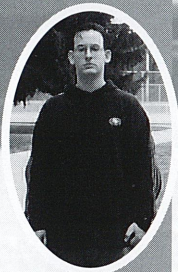

Walleyball is my favorite gym activity, because I like volleyball and it is very similar.

Liz Culleiton

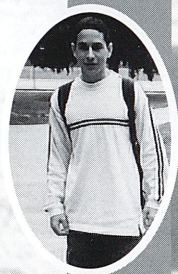

It would have to be when we get to take the whole class outside and play football for most of the period.

Jairus McClain

I like to play dodge ball because it is fun and I like hitting people with the ball.

Eric Isaac

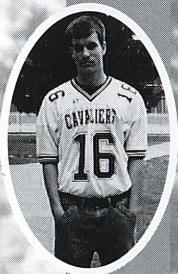

My favorite is hockey because it is fun to run around like a maniac with that foam stick.

Lauren Daley

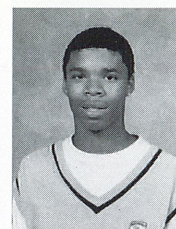

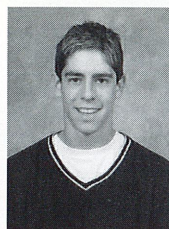

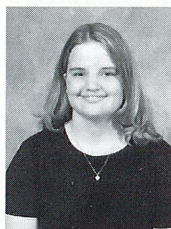

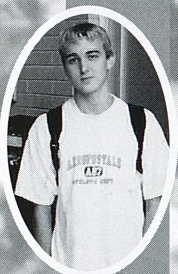

I like walleyball because it is so different. There are very few rules, and it's also really fun.

Scott Logan

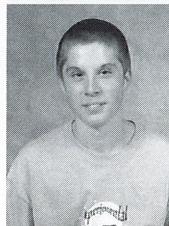

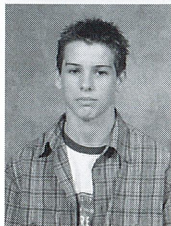

I think dodge ball is the best gym activity because we get to throw things really hard at other people.

What Is the Biggest Change From Intermediate School to High School?

Intermediate school has more dances to take up your Friday nights and the high school does not.

Jaclyn Mulvany

You meet so many more cool, new people in the high school than in the intermediate school.

Katelyn Ferris

There is so many more people in the halls; it's amazing.

John Grant

You're given a lot more freedom and responsibility and teachers care about your opinion.

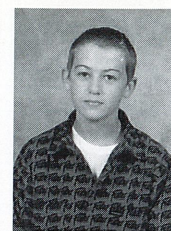

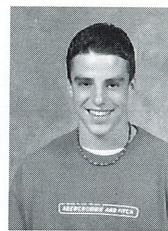

McKenna Snyder

The variety of sports at the high school is unbelievable. There are so many more choices here.

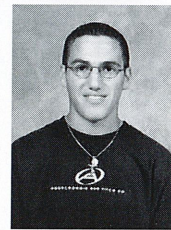

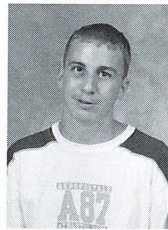

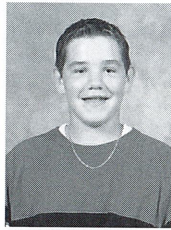

Kaitlin Reading

In the high school, people express themselves more freely. They choose to be individuals, instead of being with the "in crowd."

What Advice Can You Give to Future Freshmen?

Talk to more upperclassmen because they can tell you what to expect and they usually have good stories too!

Jessica Attinger

Pretend you are older and a new student here so the upperclassmen like you.

Mileena Vergari

Just fail! It's much better being the upperclassmen in the intermediate school than the underclassmen here.

Mara Iverson

Bulk up so you look bigger and be an individual because you will find out who your true friends are.

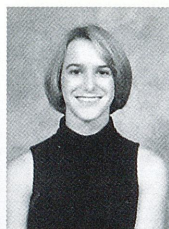

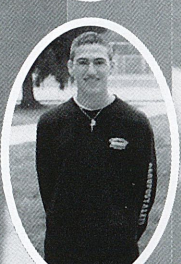

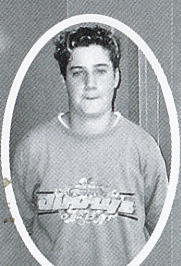

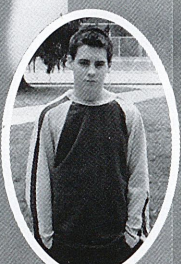

J.J. Kelleher

My best advice: Don't mess with the upperclassmen.

Mrs. Fulmer. She was so accident prone and she would always tell us funny stories and have us do cool experiments.

Kristen Squires

Mr. Toy was the greatest guy. He taught me so much about being myself and who I was.

Darwin Alexander Shoop

Mrs. Calisti. She was my teacher for two years and she helped me through a lot of problems.

Mallory Hurlbut

Ms. Bernot. She was a very cool teacher because she liked Mickey Mouse.

This year, the state mandated a new senior graduation project. This project resembled the senior research paper in many ways, but contained two, dramatic differences.

The first change referred to the subject matter of the paper. Now, students wrote a topic related to their own curriculum. This way, the topics pertained to the pupil's future career or planned major.

Another difference involved an adult mentor. This mentor served as a guide for those students who sought help in the researching process. These changes, deemed necessary by the state, exemplified more practicality. One important fact still remained. High school graduation depended upon the

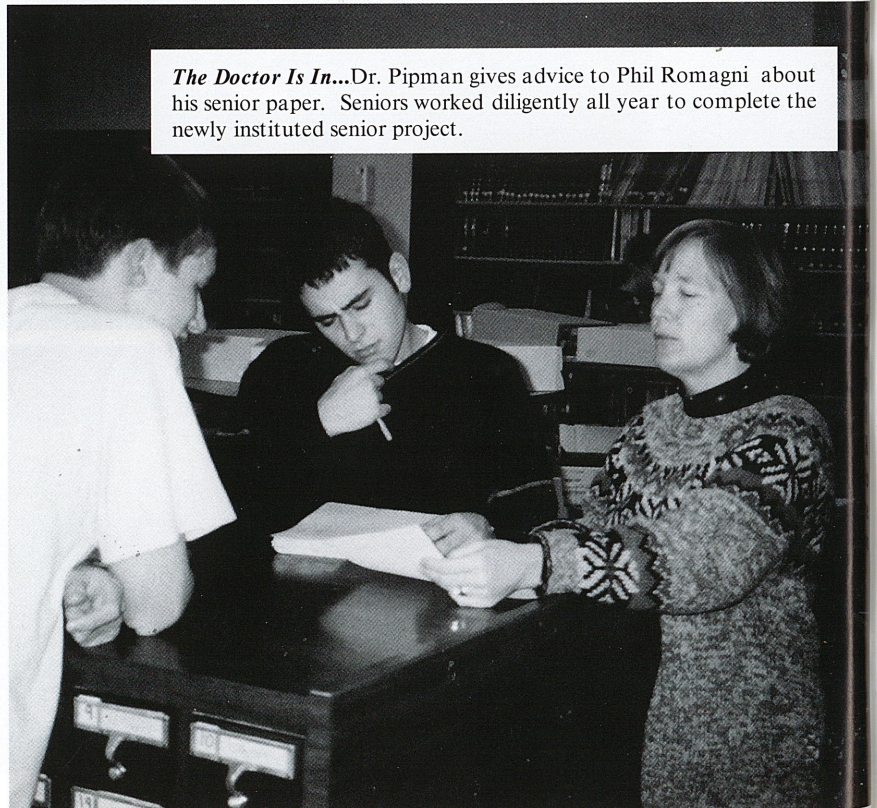

completion of an acceptable research paper.

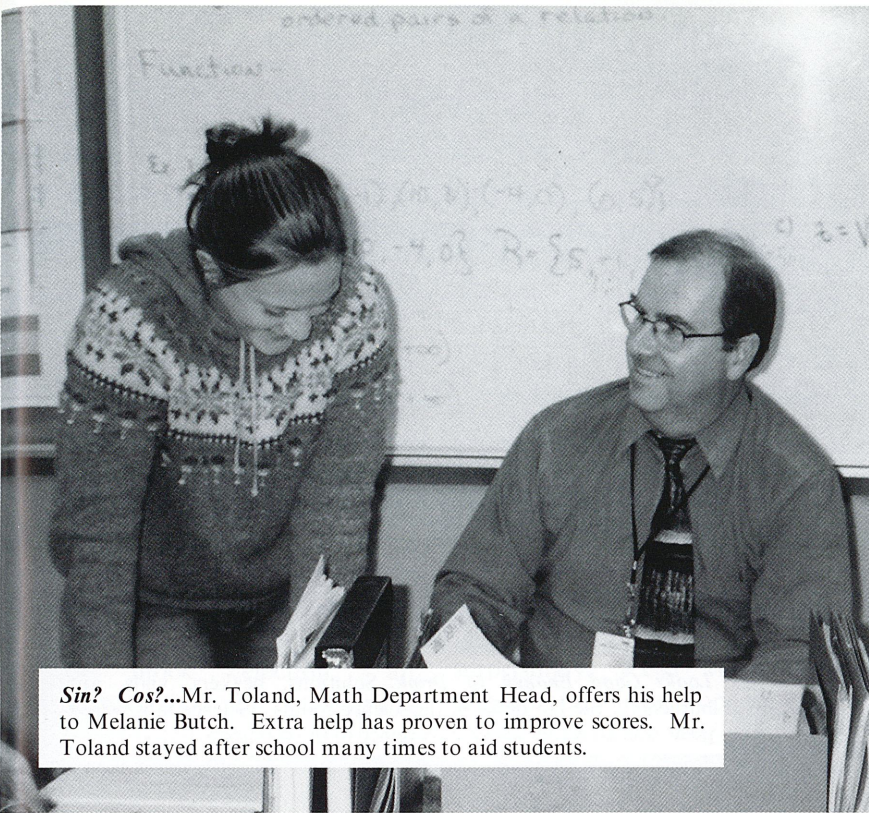

Although Kiski required a paper for the senior graduation project, other schools took a different approach to the new mandates. In some schools, for instance, students passionate about music composed an original score in place of a written paper. Students interested in architecture submitted a detailed conception of their choice, including drawings, blueprints, etc.

Whatever discipline to which students belonged, the State Board of Education hoped that this project would encourage them to explore their entire realm of interests - whether college-bound or work force ready.

Excellence in Mathematics Ranks Top 10

The results of the PA System of School Assessment (PSSA), administered in the spring of 2000 confirmed the fact that quality education and Kiski Area are synonymous terms. The assessment for mathematics and reading was administered to students in grades five, eight, and eleven.

Students at the high school scored above the state average as was demonstrated by the following results: While eleventh graders similar to Kiski's scored between 1270 and 1320 in mathematics, Kiski scored 1350. Also, while eleventh graders similar to Kiski's scored between 1260 and 1330 in reading, Kiski scored 1350.

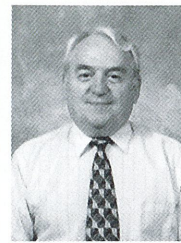

Clearly, Kiski has cracked the code on higher student achievement.

Many claimed that Kiski's high scores were a direct reflection of the rigid mathematics curriculum. From Pre-Algebra to AP Calculus and from Career Prep Algebra A to ACM, Kiski offered mathematical instruction for everyone. Through the efforts of our fine mathematics staff, the administration, and the student body, the Pennsylvania Department of Education ranked Kiski in the top ten school districts in our state. Considering that Pennsylvania held 501 separate schooling districts, the students at Kiski received what most called one of the best educations in the state.

A Look Into the Science Labs

Kiski Area's science labs have provided hands-on learning experiences for students during their years spent at the high school. Double periods accommodated time for laboratory experiments twice a week in chemistry and physics, as well as in the AP science courses. The opportunity to experience firsthand what students had read provided a welcome relief from the traditional learning via lecture and textbooks.

In each science course, experiments were organized to coincide with and also to provide a better understanding of the material covered in the textbook. Additionally, lab experiments

created a forum for students to practice and improve their skills in working with laboratory equipment and technology.

Most teachers believed that the labs provided worthwhile experiences. Mr. Desantis commented, "Physics labs help to reinforce the material learned in class as the students take measurements and create graphs to prove the equations used. We are fortunate to have computers and electronic lab equipment to perform more complex labs than were previously possible." Certainly, students will remember lab time as an integral part of Kiski's science curriculum.

2000 Mock Election

There was an extremely small percentage of students at Kiski who were eligible to legally vote in the 2000 election. However, every student was granted the privilege of engaging in the voting process for the 2000 PA student mock election, an intriguing method for determining who students felt ought to be in the highest office of the United States government. In addition, students were able to voice their opinions on subjects such as school uniforms, school bus seat belts, and year-round scholastic terms.

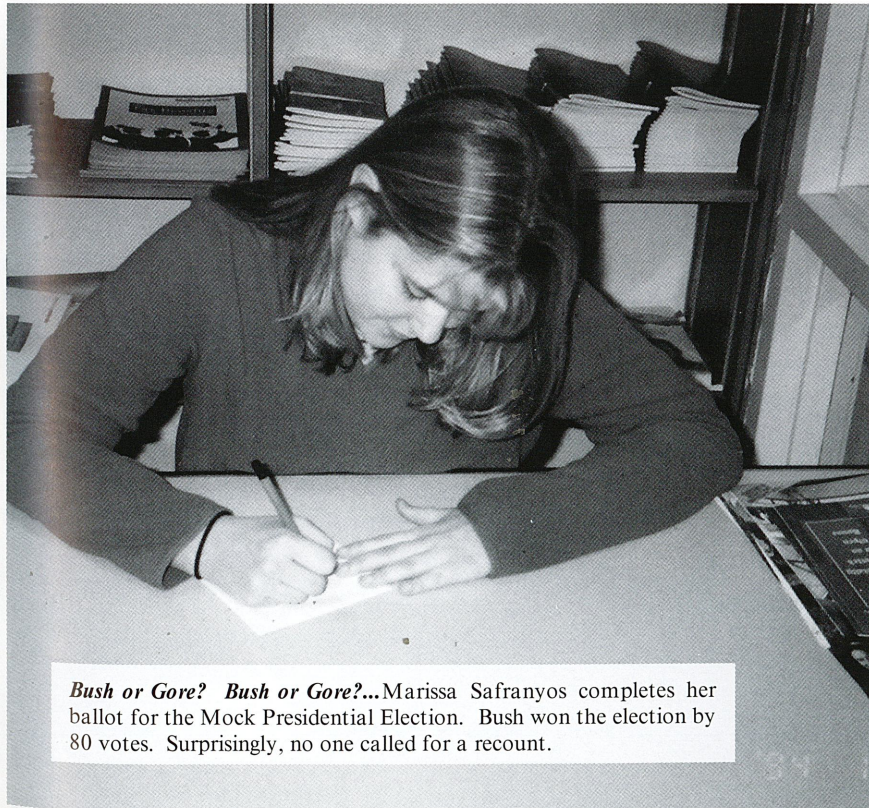

The results of the race for presidency gave Governor Bush and Dick Cheney a victory by an 80 vote margin, virtually seven

percent of the polls. Perhaps the most interesting result was the total of 105 votes for Ralph Nader.

When asked about their opinions on certain "local" issues, students voted "no" to school uniforms and seat belts. Not surprisingly, Kiski voted almost unanimously for opposition to school attendance year-round.

Some found that these results had no bearing on the issues whatsoever. Others felt that it was imperative that things stay that way for the trueness of the outcomes. Still, no one can deny the irony of knowing our presidential vote faster than the nation did. Recount anyone?

It's Everybody's Business

The business department flourished once again this year. Their involvement included various activities such as FBLA, the Student Store, and Business Student of the Month. Numerous students showed their pride in Kiski by becoming committed in these very rewarding activities.

Future Business Leaders of America, also known as FBLA, visited a business school twice this year. During these visits, they attended workshops on various topics, ranging from "Dress for Success," to "Accounting and Finance". They also competed in different aspects of the business world. This organization gave students a hands-on approach to

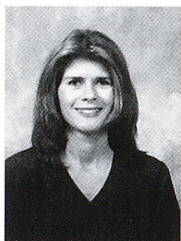

the ever-growing career opportunities in business.

The Student Store incorporated many of the skills needed in business management. Business students took charge through the year selling items ranging from mints to markers, and from folders to fashionable Kiski apparel.

Displayed in the senior building showcase, the business department recognized exceptional business students. These select students exemplified outstanding qualities throughout the year, earning them the title of "Business Student of the Month." The business department certainly demonstrated the techniques one would need to thrive in business.

CO2 Car Racing Project

During the course of the school year, students saw many of their peers walking through the halls carrying brightly colored, elaborately designed, miniature cars. Students also witnessed various CO2 cars racing near the auditorium at speeds up to fifty-four miles per hour, over an eighty foot span. Many people asked, "where were these wonderful cars created?" Mr. Heater's Transportation class provided the answer.

In transportation class, Mr. Heater gave students full design control of the cars, but they had to be very careful to meet all fourteen different parameters required.

What did students do with these cars? Quite simply, they

raced them. Mr. Heater had six classes and the top three cars from each class advanced to a final race, which consisted of the eighteen best cars. Consequently, the fastest car had to beat about one-hundred and thirty others to claim the championship.

Pupils who built these cars seemed to really enjoy the experience. Everyone strived for maximum speed. Also, with the emerging popularity of NASCAR, it made the event even more entertaining. "They're the ones that designed the vehicles," says Mr. Heater. He continued, "They really enjoyed having most of the control over the project."

French Club Revival

The halls of Kiski Area provided its travelers with a culturally adept learning place. The Foreign Language Department worked diligently to give students and others a surrounding of ethnicity. With groups such as the Spanish, German, and French Clubs, the traditions of other peoples reflected themselves in Kiski's everyday life. Upon closer examination, one saw how culture played so richly in Cavalier life.

For example, the 2000-2001 school year marked something of a revival for the resident French Club. "I wanted students with an interest in French to have the opportunity to explore different

aspects of the cultures of French-speaking countries," replied Madame Brady to a recent query about her group. Through the sale of truffles, the French Club allowed parents visiting Open House to sample French cuisine that these students had prepared themselves. These funds helped contribute to the club's trip to Montreal and Quebec in June.

The Foreign Language Department colorfully enlightened its students in an applied curriculum. With so many activities mentioned in just one of Kiski's lingual organizations, one's imagination soared at the possibilities for the others.

Cooking with Class

How many times have you walked past room 101 or HEII only to experience aromas that made your mouth water? From muffins to macaroons and from pies to pasta, students learned the basics in culinary arts. A unique aspect of Kiski's home economics department, the Foods Class remained one of the most popular classes of the year. This learning experience progressed through three levels, namely Foods I, II, and III. Some people who hoped to take this course had to wait until their sophomore year, due to its popularity. Lead by Mrs. Daugherty, Mrs. Bissell, and Mrs. Lash, Kiski students cooked and prepared numerous dishes, from

chocolate chip cookies to a full Thanksgiving feast. Karen Defilippi commented on the class stating, "Everyone must take this class. Not only is it fun, but my friends and I always had tasty things to eat at lunch."

Most of the students taking the course preferred the consumption of food rather than the preparation. Either way, learning how to cook and eat the correct foods was certainly a lesson worth experiencing. If an apple a day kept the doctor away in the past, Dr. Davies and Nurse Woitas should start looking for a new profession. Bon Appetit!

Thoughts on the Season's Best Marching Band Competition

On October 21, 2000, the award winning Kiski Area Marching Band traveled northward to Edinboro, PA. There, the band spent the afternoon practicing at General McLane High School, alma mater of band director, Mr. Wozniak. Many aspiring General McLane students viewed Kiski throughout the practice. Later that evening, the band traveled east to the small town of Corry, PA for a much awaited competition.

The performance that evening left a lasting impression on all who participated. The spectators in the northeast region, unaccustomed to shows such as Kiski's, showed a real appreciation for our Cavaliers. At the conclusion of the

performance, the crowd honored Kiski with a full standing ovation, one of very few throughout the evening.

From a band member's perspective, performing in this different venue provided a rewarding experience. Band members described the evening as "magical," "awesome," and "memorable." Drum Major, Greg Pflugh commented on the evening, "At no other event that the band participated in did I see both elements of a great show (cleanliness and emotion) emerge on the field. Corry was truly the best performance the band had all year."

President's Physical Fitness Challenge

Every year, Kiski students performed the required Presidential Challenge, otherwise known as the Fitness Test. But the question remained the same, why?

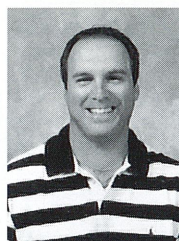

Beginning in the Kennedy era, American citizens became more aware of the benefits of physical fitness. Fitness authority figures then decided that the United States desperately needed a unified fitness curriculum, one that would span the entire nation. Hence, the Presidential Fitness Program commenced. Surprisingly, the tests employed recently were much more lenient than those in the past.

In past years, students endured many more tests. For instance, the tests required both boys and girls to perform a rope climb, as well as

other difficult tasks. For the boys, their performance determined which color of bottom trunks they should wear. Navy blue trunks exemplified the best athletes and white exemplified those who were less athletic. The females donned different patches to distinguish their differences in performance.

At one time, the state designated Kiski as a demonstration school for which others in the state should model. Also, our own Mrs. Haney, and two others, set the record for the first persons in a school district to earn the President's award an amazing five times in a row—a direct reflection of Kiski's long-time commitment to physical fitness.

Chasing Those Blues Away

Viewing the Support Program

"Creating a positive learning environment and helping students become the best they can become is what the Learning Support Department is all about," says Dave Columbus, LS teacher. At the high school, over 135 students participated in many different activities in the Learning Support Program that ranged from taking classes to tutoring to test-taking, depending upon the students' needs and learning styles.

Services in the program were based on an Individualized Educational Plan devised especially for any student who met a particular set of criteria. Meeting

the challenges of Kiski Area's educational curriculums presented different obstacles to all students, but were more daunting to those who required special presentations of material or needed help overcoming a physical or learning disability. Another component vital to student success was routine updates with regular education staff and the monitoring of student progress. Eight teachers and one teacher assistant employed by the Westmoreland Intermediate Unit constituted the LS department and provided educational supports on a daily basis.

Student Body Votes Mrs. Poleski Teacher of the Year

Helpful, Pleasant, Understanding, Patient, Caring. What do these words represent? These words were used by Kiski Area students to describe Mrs. Kimberly Poleski, whom they voted Teacher of the Year.

Mrs. Poleski began teaching here nine years ago. She taught primarily Trigonometry, Calculus, and the AP Calculus. Mrs. Poleski attended IUP as a Math Education major. When asked why she became a math teacher she replied, "I wanted to teach because I love kids and I chose math because I was good at it." We can see that she excelled in math because she made a wonderful math teacher. She made math, an often difficult

subject, easy and enjoyable for all. Kaila Clouser commented on Mrs. Poleski's excellent teaching, "She makes math fun and exciting." Mrs. P., as many students called her, had an excellent rapport with students and fellow faculty alike. She also volunteered her time to sponsor the academic quiz team. She made the season very enjoyable for all the students.

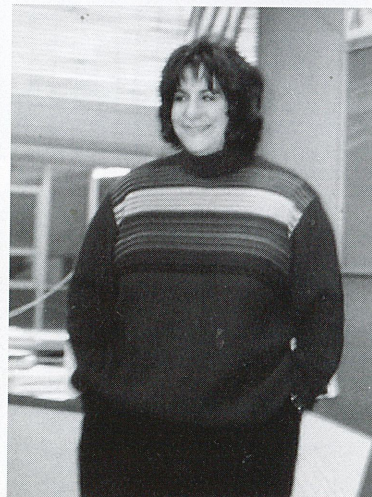

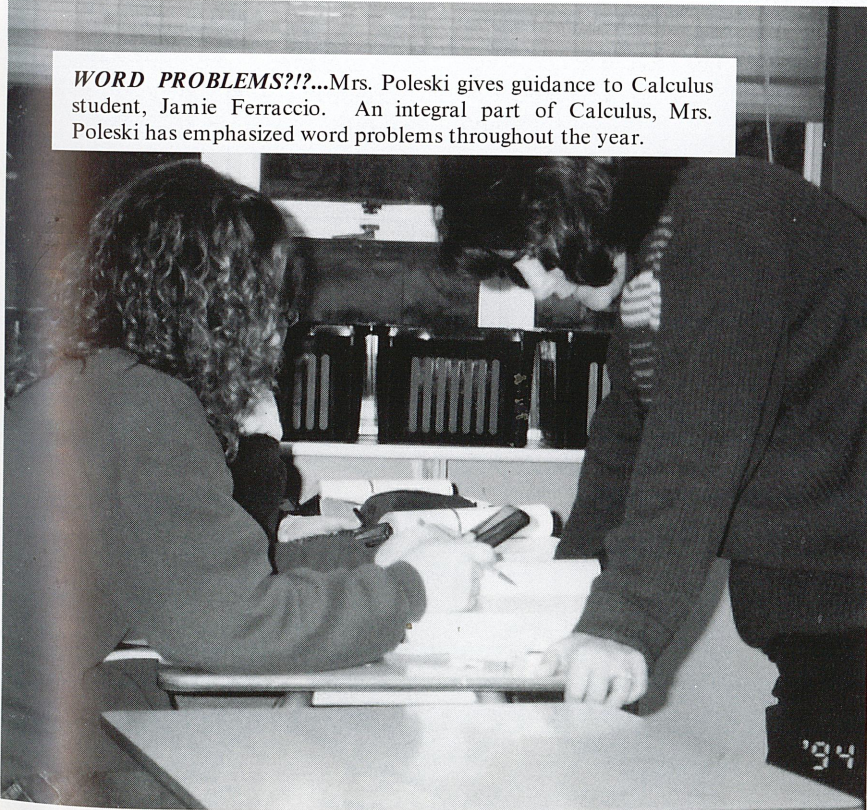

Mrs. P.'s dedication to her work, and more importantly her students, was a true blessing for all those at Kiski. Her bright spirit everyday uplifted the hearts of all who crossed into her classroom. It wasn't surprising that her favorite part of teaching was "working with kids."

LIFE SKILLS PROGRAM

A Golden Opportunity

Life Skills Program

As nearly every student of Kiski Area High School has attempted to prepare himself for a world of opportunity, so have the awe-inspiring students of the Life-Skills Curriculum. A self-contained program that provided directional assistance in academics and physical activity, the Life Skills learning support system taught these students the fundamental principles of social involvement. Through the unconditional encouragement of Mrs. Leezer, her assistant, Ms. Donati, and the selfless devotion of the Buddies, collectively, they made a difference where it may have been needed most.

The students engaged in activities to improve their levels of reading and mathematics and also to aid them in their development of money and daily living skills. Some of these activities included board games, cleaning, washing dishes, cooking, and even field trips to restaurants and department stores

during the holiday season. The students, many of whom will go on to seek employment in shelter type fields under supervision, have made exceptional progress for themselves and will perhaps someday help others do the same.

In addition to the two primary instructors of the Life Skills Program, students from other curriculums were offered companionship and help along the way. Known as the Buddies, these students showed compassion to the Life Skills children this year and have made it known that there's nothing they cannot achieve. Furthermore, Buddies see their work as a way to get involved and always have found it to be an enjoyable experience. "It's great," said Rachel Hart, a senior and Buddy. "I love seeing the kids achieve their goals and know that we put forth an effort that helped them to do it."

Solving the Financial Aid Dilemma

Many high school seniors have struggled with the idea of how to pay for college. Luckily, here at Kiski, students had somewhere to turn. The guidance office dealt with hundreds of students this year. The counselors' experience with financial aid enabled them to help students and parents cope with the burden of college expenses. Holding financial aid seminars and also being available during the school day were just two ways that the guidance counselors provided their assistance.

Annually, Kiski has held a financial aid seminar. This seminar focused on college-bound students. This past year, a representative from Pitt

Greensburg, as well as a representative from a local bank, gave advice on qualifying and applying for financial aid. Discussion on important information, such as the FAFSA form, took place. The meeting benefited the many students and families in attendance.

Preparation for college has never been an easy task. With the help of the guidance department, this task became somewhat less burdensome. All of the work that goes into qualifying and applying for financial aid paid off. Students were certainly grateful when the checks started to roll in.

A Look into a Secretary's Day

The many people who perform the work behind the scenes at Kiski Area include the secretaries. As said by Ms. Dedich, "We are the heart of the school." This statement could not ring more true. These dedicated people kept the papers flowing so everyone received what they needed, at the moment they needed it. The secretaries' days began at 6:40 A.M. and ended at 3:30 P.M. For all the tasks they completed in a day's time, nine hours did not seem long enough for most, yet these outstanding women pulled it off with ease.

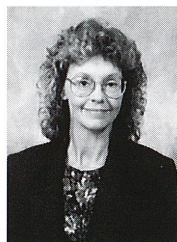

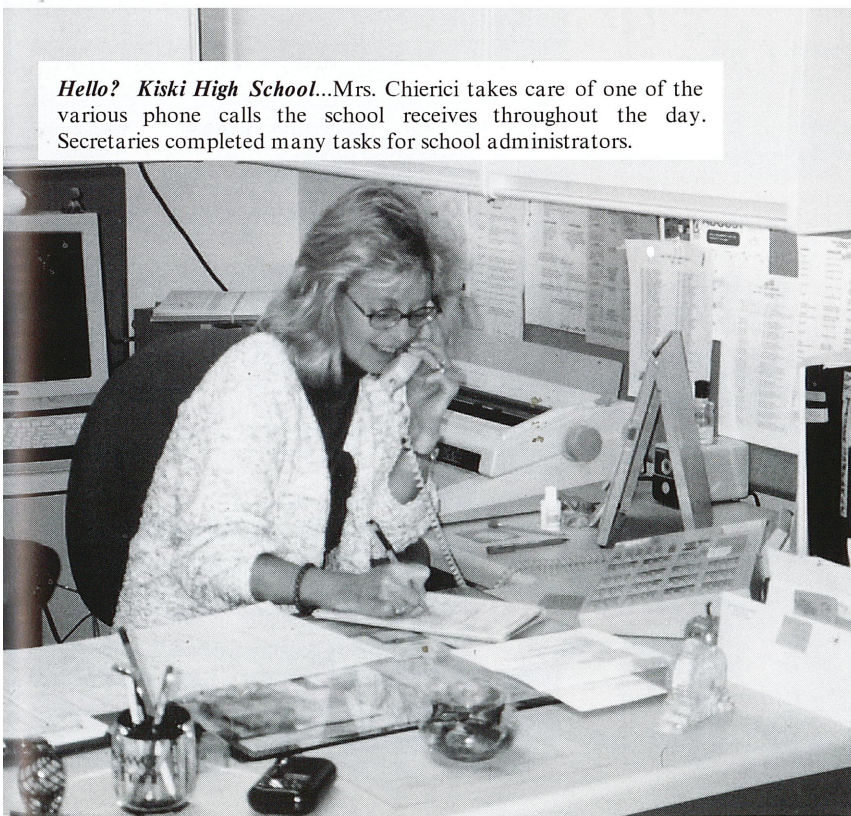

Each secretary had her own individual importance to the student body and faculty. Mrs.

Patterson managed the attendance, Mrs. Davis and Mrs. Dedich handled the main high school office, Mrs. Chierici aided the guidance office, while Mrs. Nix-Fantuzzo served the athletic department. These secretaries, along with many others, maintained a smoothly running machine that truly exemplified Kiski's standards of excellence.

From attendance bulletins to appointments and from schedules to staff memos, the secretaries have continued to provide the unnoticed services that keep the school in forward motion. So remember next Secretaries' Day to offer a kind word to those people who help us in so many ways.

New Attendance Policy

Dr. Stephen Oak

Superintendent of Schools

This year brought about new changes to our school. We saw new agendas, a new parking lot, and a new attendance policy intended to encourage students that abused the privilege, to come to school. Mr. Nicholas and the high school administration saw the need for an attendance policy and did extensive research to try to make an effective one.

In the new policy, students could only miss seven classes of a subject per nine weeks, or thirteen classes of a subject in the second semester without a doctor, court, or funeral

excuse. If a student missed the specified number of days, then he or she failed due to excessive absence.

On the new plan, Mr. Nicholas offered, "Kiski's absence rate stood at about twelve percent in the two years prior to the new policy." Surprisingly, surrounding schools had an average of about five percent. However, under the new policy, the number of absences, tardies, and early dismissals has dropped considerably, a testament to action and consequence.

Midday Break in the Cafeterias

The time spent in Kiski's cafeterias has been the highlight of many students' days. The lunchtime cafeterias have provided a forum for friends to take a bit out of the school day to relax and chat with one another. When asked why she enjoys lunchtime, junior Bethany Yoder stated, "I go to lunch because I like talking to people." Socializing in the cafeterias provided a chance to learn the midday news and gossip shared between classmates, and gave friendships a chance to grow.

Just like the students, the cafeteria workers also enjoyed chances to talk with friends. Lower cafeteria worker, Sandy Dadamo,

said that her favorite part of the job was the time spent with "all the girls I work with." Even the cafeteria employees managed to find time to socialize between collecting the daily \$1.60 and cooking hundreds of lunches.

If students chose not to spend their \$1.60 in the main lunch line, other food items such as salads and slushies were available. Although lines often times grew to be a bit long, friends were always nearby to chat with and pass the time. The upper and lower cafeteria workers have done their part to provide a nutritious lunch and an atmosphere where students could take a much deserved break.

Keeping Our Hallways Clean

Did you ever traverse through the halls of trash to get to your next class? Have you ever had to shovel your way through mountains of snow to get from 401 to the chorus room? Of course not! However, these tasks do not simply occur on their own. You probably did not realize the amount of responsibility laid upon our sweepers and custodians. Due to their efforts, many days ran smoothly when they could have turned out disastrous.

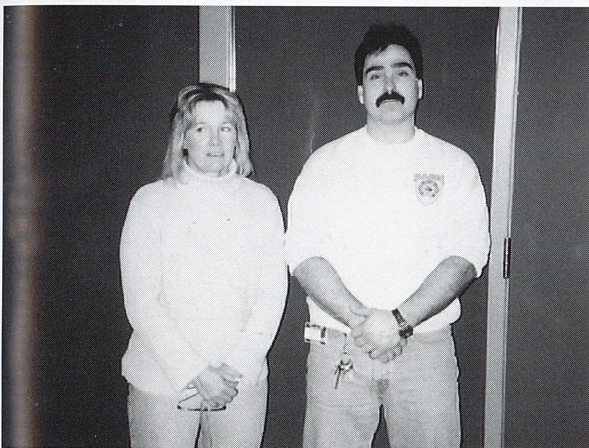

The sweepers came like soldiers, at 3:30 sharp, prepared to fight their way through the many things we left behind. The note you dropped that afternoon and the homework that mysteriously

vanished from your book bag, became only a few of the numerous items found deposited throughout the halls.

The custodians, in a similar manner, kept the school functioning. They may have fixed your broken locker and possibly changed your combination. They stabilized Room 411's water leakage during the winter months, which kept students afloat. They also salted and cleared the walkways when it snowed so you wouldn't find a new meaning for OUCH!

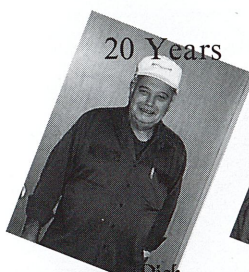

The sweepers and custodians kept a pleasant and safe environment for all who attended Kiski.

What Bloopers Do You Remember from the Play?

Gina Hall

The cards were supposed to catch me in the dance scene, and they missed! The sad part is that it happened on opening night.

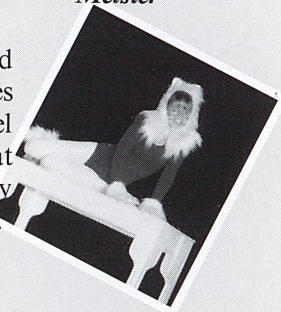

Dan Love

We were at Mamont Elementary, and I was running around the table. I slipped and slammed my knee off the stage.

Sara Meister

Jeff Ciorra was supposed to hurl plastic vegetables into the air. Rachel Wertz and I had to bat them away so they wouldn't hit us.

Sarah Lege

One night, the Mad Hatter, RJ Bertera, completely forgot his lines in the trial scene. He just started to make stuff up.

Tara Minik

One night I was upset with the Duchess, so I whacked her with my scepter. (Sorry about that Rachel)

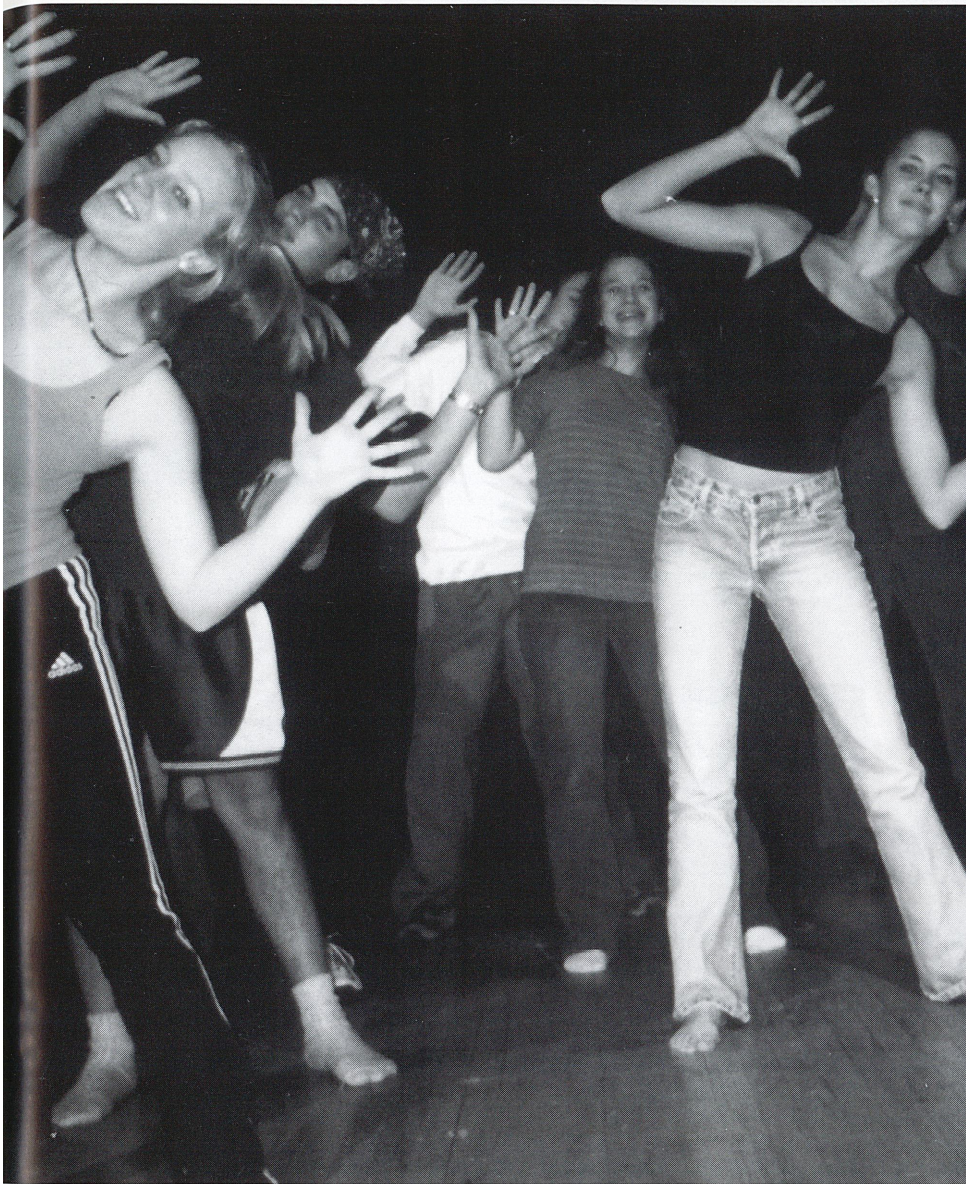

Do You Want to Dance?...Cast members Missy Kowalski and Lauren Musselman, both well-trained dancers, rehearse a dance for the drama. Mrs. Halterlein choreographed the dances for the play.

What's Cookin' Good Lookin'?...Jeff Ciorra (the duchess' cook), and Gina Hall, (Alice), get in some good laughs before showtime. Jeff's performance definitely made for a hilarious cook.

Practice Makes Perfect...Cast members rehearse scenes of the the play very diligently. Many people worked very hard to make the play a true crowd pleaser.

Alice in Wonderland

In November, Kiski's auditorium turned into a bright world full of dreams. This year's play recreated and reinterpreted Lewis Carol's famous story, *Alice in Wonderland*. "The play was a very entertaining, accurate depiction of *Alice in Wonderland*, well performed by everyone, and the costumes were great," said senior Matt Miller. The 55 member cast and the large crew put in a lot of hard work and dedication to make the play fun and interesting for all.

Alice in Wonderland examined the life of Alice (Gina Hall and Missy Kowalski) and her adventures in Wonderland. From the very beginning, Alice followed the White Rabbit (Beau Key) through the flood to meet the Caterpillar (Lauren Musselman). Next came the meeting with the pepper-obsessed Duchess (Rachael Werntz) and her cook (Jeffrey Ciorra). Later, she joined the March Hare (Dan Love), the Mad Hatter (R.J. Bertera), and the Dormouse (Amy Milinak) for a tea party that she never forgot. Next, Alice met up with the Queen of Hearts (Tara Minik) and the King of Hearts (William Ballentine) to play a game of croquet. Then she met the Red Chess Queen (Jackie Pokusa), Tweedle Dee and Tweedle Dum (Beau Key and Adam Pollick), the White Chess Queen (Kristy Trebilcock), the White Knight (Ian Pearson), and the other characters in the chess game. Finally, however, Alice woke up in her own world.

The actors, directors, and crew worked from August to November for four nights per week to learn their parts. For everyone involved in *Alice in Wonderland*, it took a lot of hard work and dedication. In the end, all the audience agreed the hard work and dedication paid off, and many memories of Kiski's fine dramatic talents emerged.

Iysha Evelyn

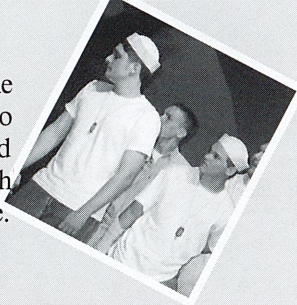

Dumb or Dumber?...Adam Pollick and Beau Key, better known as Tweedle Dee and Tweedle Dum ham it up before curtain calls. These two boys shared many laughs during practices.

Two Is Always Better than One...Kiski is full of such excellent acting talent that two girls had the capability of handling Alice. Gina Hall and Missy Kowalski did whatever it took to make this year's drama a success.

What Made South Pacific Memorable?

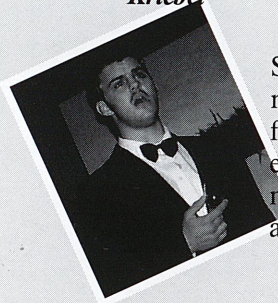

**Brock
Durkin**

Playing tennis in the hallway and going to McDonald's dressed as sailors made South Pacific memorable.

**Mike
Kriebel**

South Pacific was so much fun! It was the first musical I had ever done and it gave me a chance to meet a lot of new people.

**Amy
Mason**

In one scene Kiersten dragged me off the stage and slammed me into a palm tree. That was really hard to play off!

**Craig
Bollinger**

The audience made the musical so memorable! Their reply to the show was great.

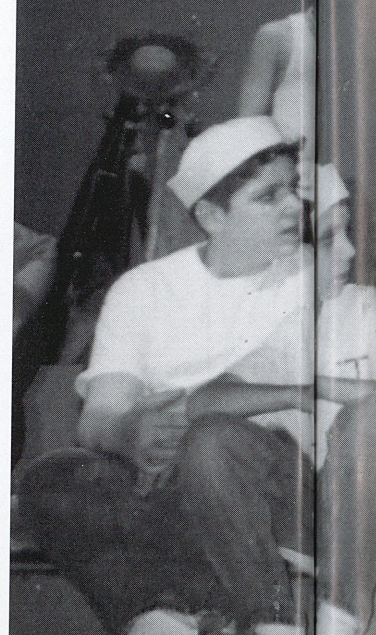

**Megan
Freedline**

Since I was a freshman, the musical was a great way to meet new people.

Jump for Joy... The camera captures Phil Stewart in mid air during a dance feature in the musical. The hours and hours of practice paid off in the four-night artistic spectacular. Mrs. Rupert tried to involve many middle and elementary students in the musical as well--a great way to breed future talent.

Some Lucky Dame's Ship Has Apparently Come In... The Sailors pump up for the evening's performance. Blessed with an abundance of male interest in the spring musicals, Kiski has experienced casts nearing one hundred members. Such large casts provided for very realistic crowd scenes.

Will You Marry Me? Craig Bollinger swoons Amy Mason in one of the final scenes of the musical. Kiersten Confer brilliantly played Bloody Mary, the mother of Liat, depicted by Amy Mason. Craig and Amy gave convincing performances.

South Pacific

A year after the performances, students sang songs and recited lines from the memorable South Pacific musical production. This Rogers' and Hammerstein's musical took place on March 22 through 25, 2000. As many students have agreed, this particular production demonstrated the talented Kiski Area's Drama and Music departments. Junior Ashley Klingensmith commented, "It was an absolute pleasure to be able to work with so many different people. I couldn't have had more fun."

The numerous hours given by the cast and crew contributed to the success of the production. In addition to the excellent set, the crew did an outstanding job making each show run smoothly. Cast members became their characters, making it seem completely natural. A very devoted director and choreographer pulled everything together and created an enjoyable evening for all in attendance. Junior Matt Colella commented, "Working with the cast was enjoyable and I believe those chosen to be in South Pacific fit their characters perfectly." Director Mrs. Rupert agreed.

The South Pacific production attracted viewers of all ages for that one magical week in March. The actors' performances invited the audience to become one with the story. The diverse cast of 90 actors pulled the tale from paper to stage. Also in the company, the 25 member backstage crew and excellent pit transformed Kiski's auditorium into a lush, tropical island in the Pacific Ocean.

A widespread sense of pride in the theater program at Kiski once again emerged. As one in a fine tradition of many, *South Pacific* carried excellence in acting, singing, and dancing--certainly a tough standard to equal.

Caitlin Marietti

Musical 113

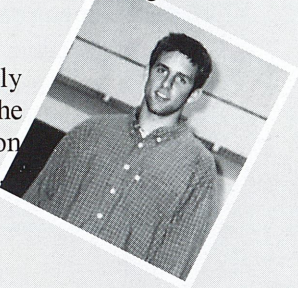

Swing your partner... The feature dancers display much excitement as they perform in the Thanksgiving Day Follies. Most of the feature dancers chosen for the musical have had years of dancing experience. The creative movements added to the tropical feel of *South Pacific*.

Atten-chun... As he sends his dastardly glare to the troops, Mike Ducko certainly captures the essence of a military high officer. *South Pacific* could not have succeeded without actors like Mike.

What was the Most Memorable Part of the Bonfire?

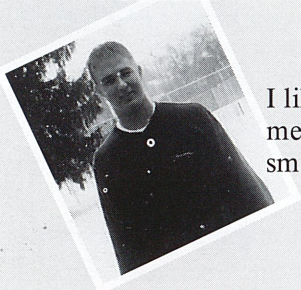

Mike Rairigh

When I did a belly smacker off of the roof and landed on the hood.

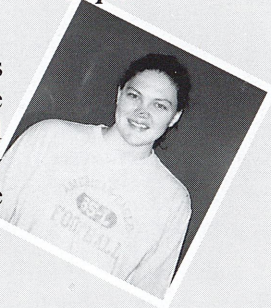

Mark Moran

I liked wearing messed up gear and smashing the car.

Marcie Hepler

My favorite part was when everyone came together as one and showed their spirit by joining in on the activities.

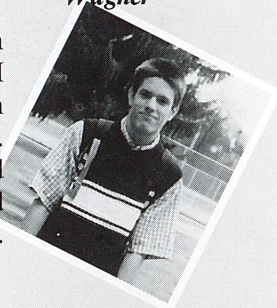

Stacey Oplinger

The best part was when Josh Stanga went to hit the car and missed it.

Mike Wagner

When Mr. Grimm hit the car, because I like when older men beat up older cars. Also, I liked when Porter jumped on the car.

Demolition Madness...Cheab Norton, Dave Shevlin, Bobby Thompson, Steve McCartney, and Justin McCauley prepare the junker for destruction. David's Automotive donated the wreck to Kiski's Pride Club. Activities like the Bonfire promoted school spirit.

A Real Smash...Chris McKillop follows through with a huge swing. For one dollar, spectators had three chances to take out their frustrations on the car. Throughout the evening, Pride Club made a total of well beyond \$200 between the car and refreshments.

Cavalier Crew...Moran, Norton, Shevlin, Plowman, Pearson, Bazella, D'Angelo, Hartle, Ducko, Thompson, McCartney, Stemplinski, and McCauley reek of Kiski Pride and male bonding. The bonfire presented a great opportunity to spend time with friends.

Bonfire

What ever happened to tradition? Well, this year, the Kiski Area Pride Club decided to bring back a "smashing" one. In order to raise school spirit and acknowledge the football team, a bonfire and car-bashing ceremony took place. As an event open for all to join, many supporters attended.

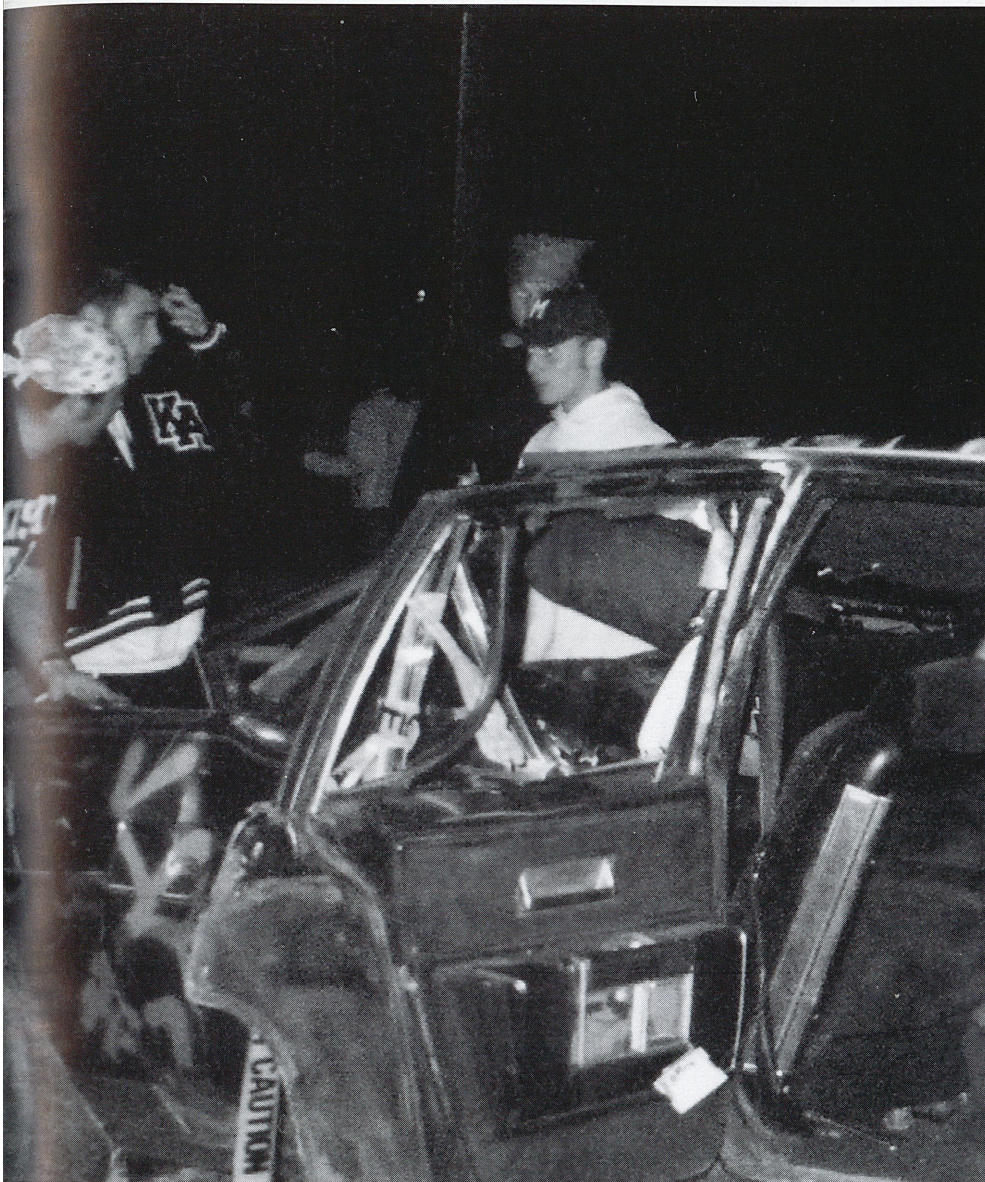

Upon arrival, spectators could not understand the significance of a pile of wood and an old spray painted car. Once the fire ignited, Mr. Dave Grimm, the head football coach, with sledgehammer in hand, took the first swing at the car. After that, anyone who felt the urge to bash the car could do so, three times for a dollar. It may not seem like much, but when the roar from the crowd grew as Dan Porter climbed on top of the car, everyone knew that Kiski Pride was in the air.

In hopes of winning the Senior Night game against Indiana, the majority of the football team participated in the night's activities and clobbered Indiana 42-7. Senior Captain Greg Bengeler commented, "I feel the bonfire was an excellent display of school spirit that hasn't been shown in a long time. Being a football player, it really troubles me to see our school with such a lack of pride." A great thanks went out to the Oklahoma Fire Department for keeping the crowd safe and to David's Automotive for donating the car. Without the services of these companies, the night wouldn't have been a success.

As a great tradition to keep alive, the Pride Club bonfire will continue to lift Kiski's school spirits. From the crash of the sledge hammer to the crackle of the fire, many memories will live on for a long time.

Jaime Jones

Wavy signature
Bonfire 115

Warm Fuzzies and Crackling Embers...The bonfire lights up the entire Kiski Valley. Everyone felt a sense of togetherness and pride in our school on the bonfire eve. The Oklahoma Fire Company stood by to keep everyone safe.

Bringing the Hammer Down...Senior Mark Moran takes aim at the car. The crowd cheered on as each person took a swing. The car took a real beating as did the clean-up crew.

What's Your Opinion on the Grand March?

**Michelle
Lion**

I think it's a nice addition to the prom. They never should have gotten rid of it last year.

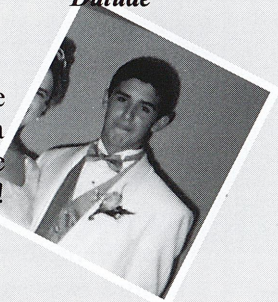

**Victoria
Shoop**

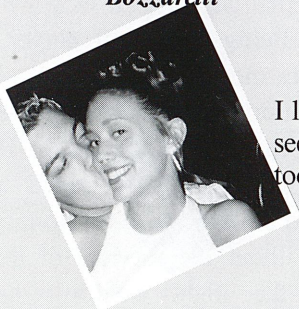

It was a nice way to recognize everyone in front of the parents and the people that didn't go.

**Jon
Dulude**

It was nice because everyone had a chance to be in the spotlight!

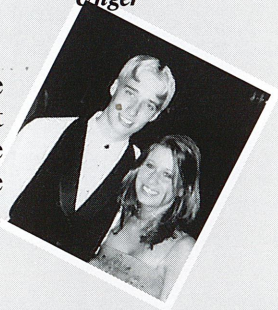

**Nikki
Bozzarelli**

I liked it, but it seemed to take up too much time.

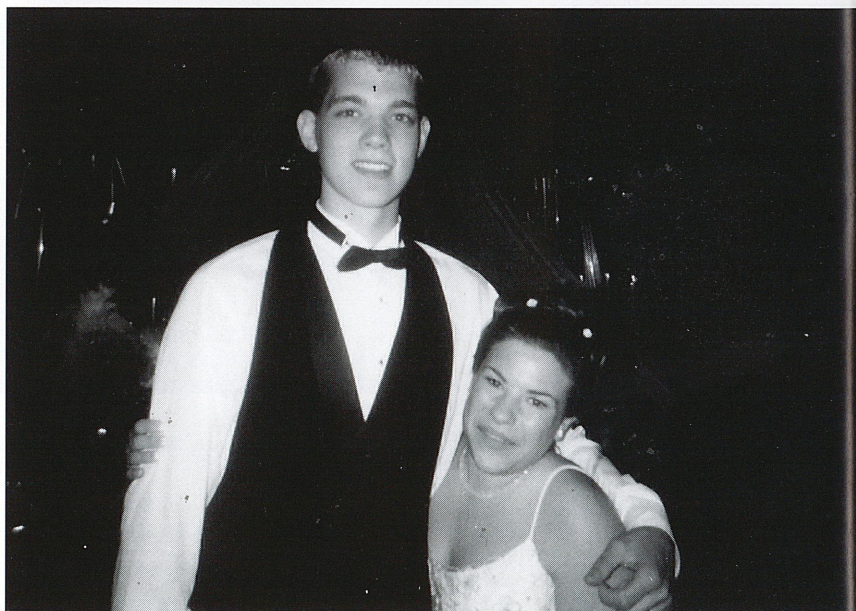

**Lee
Unger**

Last year was fine without it, but it would be nice for the parents if we had one again.

Gettin' Jiggy With It... Jessica Brown and Ashley Cochran dance the night away at the 2000 Prom. From Friday evening to early Saturday morning, couples danced and played games.

How You Doin'?... Howard Covey looks like he enjoys the prom scene. This year's prom decorations included palm trees and a tiki hut to give it the feel of a Hawaiian Celebration.

David and Goliath... Ryan Burns and Karen Defilippi pause from dancing and show their smiles. Prom night provided many great memories for all those who attended.

Prom

As last year crept by for seniors and juniors, so did thoughts of the Prom. Ideas and questions like-Who will I go with? What dress should I buy?-ran through their heads. Yet, when the night arrived, all dreams came true.

Senior advisor Mrs. Gibson and her prom committee hosted the evening. A special thanks went out to the prom committee for the theme decorations that brightened and uplifted the Prom environment. Pictures taken around the beautiful waterfall, tiki huts, and palm trees will last a lifetime.

The night gleamed with magic and fun, from entrees to entertainment. The food featured tropical island treats including beef, chicken, fruit, and ice cream sundaes. Entertainment included a delightful and enthusiastic DJ, a hypnotist, a tattoo/balloon artist, Monte Carlo fun, and much more.

Senior Sara Jones commented on the evening stating, "I had a great time. It was a lot of fun and I just can't wait until my senior prom!" Throughout the evening, smiling faces, colorful lights, interesting conversations, and a sense of playfulness rang through the atmosphere in Laube Hall.

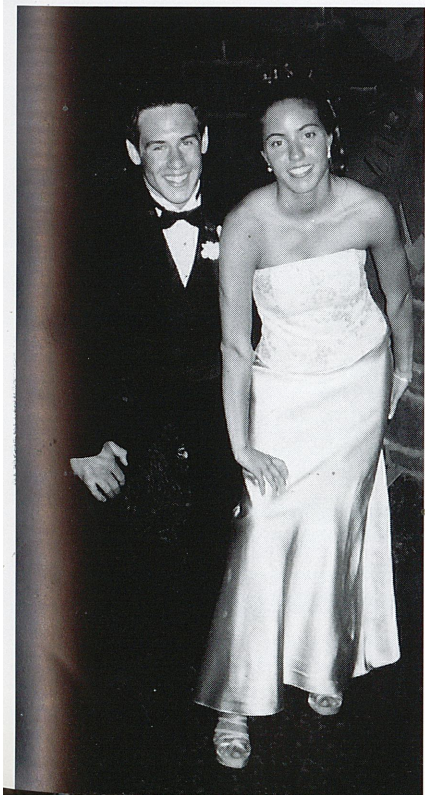

Probably one of the most awaited events of the year, the Prom filled many people with the kind of wonderful memories no one could ever forget.

Lindsi Deibler and Casey Conroy

Say Cheese!... Brian Lorenz and Danielle Fabrizzi made a smashing couple on prom night. Whether going as friends or with that special someone, all couples had a great time together.

Lean On Me... Friends Kevin Ziegler and Michelle Stackiewicz ditch their dates to pose for this cool picture. The prom permitted not only couples to get together, but friends as well.

What Is Your Favorite Past Halloween Costume?

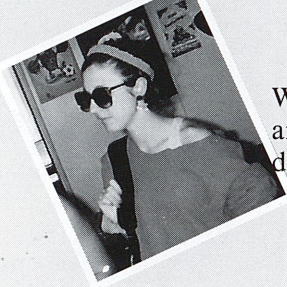

**Ashley
Hansen**

When I was four, I wore a pink Barbie cheerleading outfit my grandmother gave me.

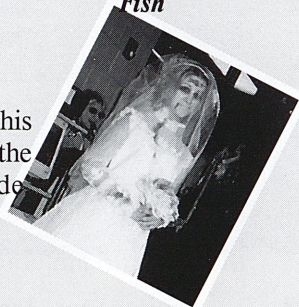

**Lindsay
Pierce**

When my friends and I dressed up as dirty Miss Americas.

**Lyndsey
Fish**

My favorite was this year's costume as the dead bride.

**Erica
Froncek**

In fifth grade I was Cleopatra, and I liked it because no one else did it.

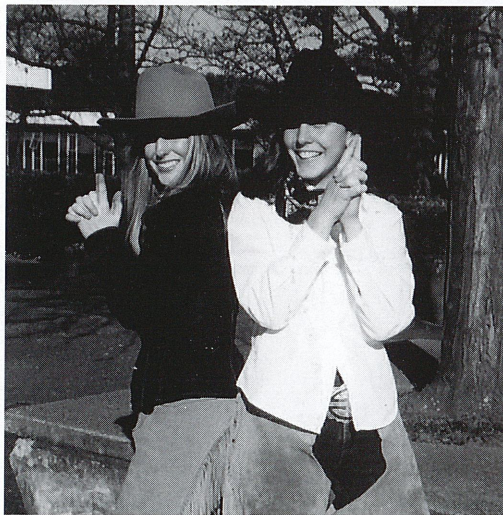

**Chelsea
Kolakowski**

Every year I try to outdo my costume from the year before. This year I was Madonna, and I think I found my ultimate costume.

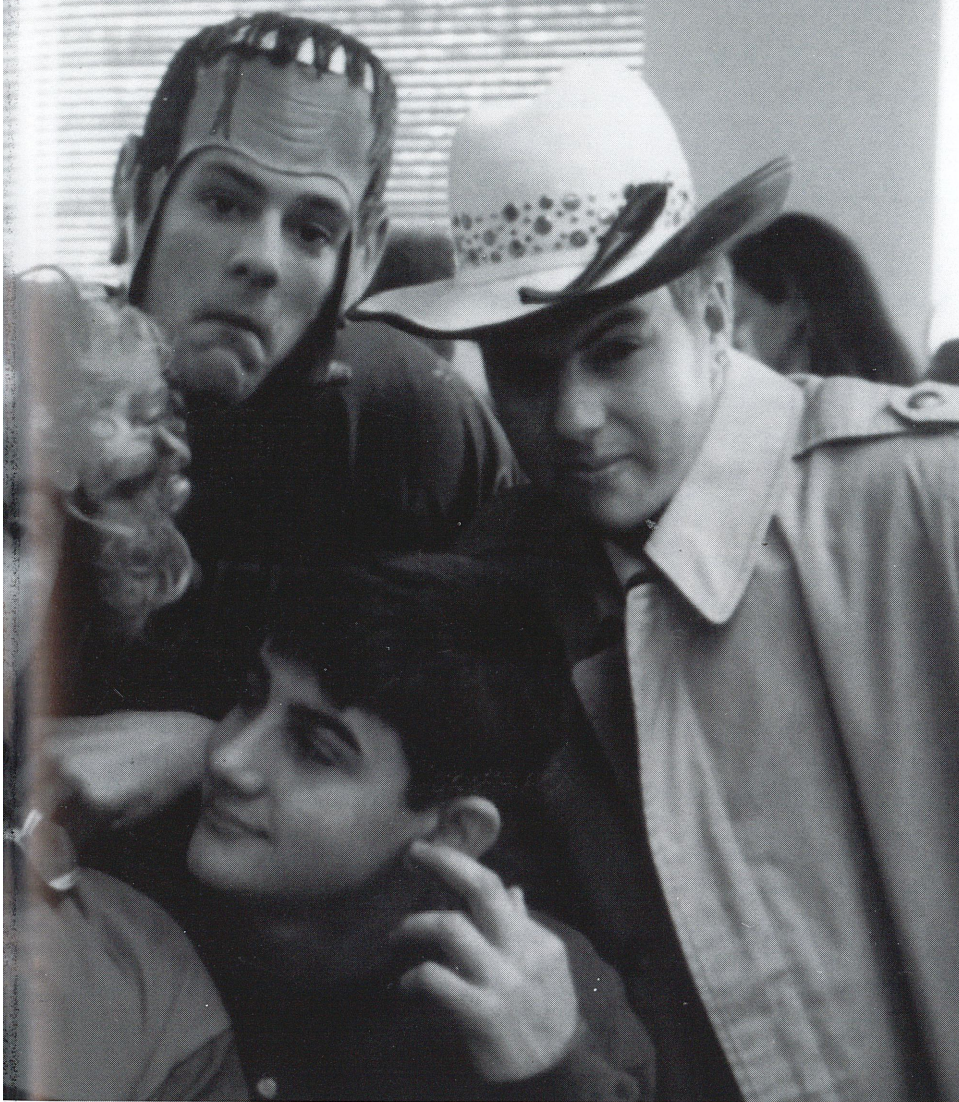

A Scary Bunch!... Frank Scatena, Chris McKillop, Jeff Mikell, and Angelo Manifest gather together and show off the variety of costumes at the Coffeehouse. Costumes this year varied from Mr. Grimm to Madonna.

Yee-Haa!... Decked out in suede pants and cowboy hats, seniors Cierra Sample and Gina Hall show off their western side. Groups and couples dressed - similarly to emphasize their costume ideas.

Masters of Disguise... Tiffany Sinclair and Cara Spisak get into the spirit of Halloween by confusing their classmates with deceptive costumes. Halloween gave students the opportunity to step out of their usual selves and into a land of make believe.

Halloween Coffeehouse

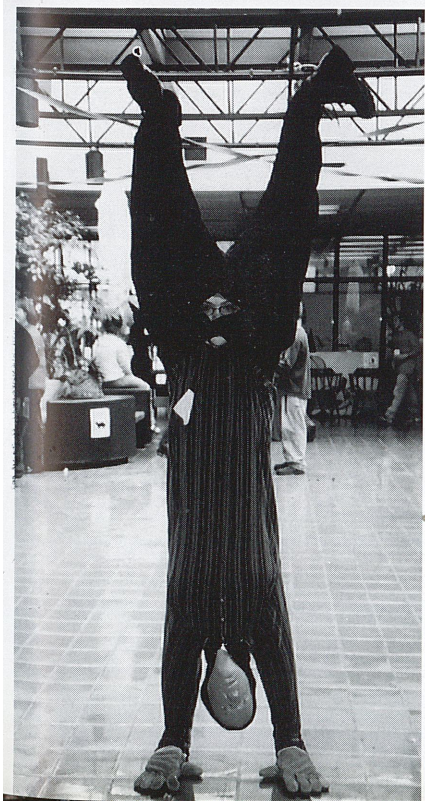

As the end of October crept near, the students of Kiski High disguised themselves for all Hallow's Eve. The coming of Halloween has always brought the annual Coffee House, where students both costumed and casually clad lurked down Kiski's corridors for an afternoon in the cafeterias.

Sponsored by Student Council, the event even offered a mid-afternoon snack. Ghosts and goblins galore feasted on cookies, iced tea, and punch. While none of these equaled 'eye of newt', they surely seemed terrifying none the less. Junior Student Council representative Dana Marietti stated, "The Halloween Coffee House was a good experience, as it provided for an atmosphere in which interacting with the students was encouraged."

With the school day stress gone by, these creatures of the night could unwind and chat before it became necessary to make their exodus into the moonlight for some harrowing haunting. The Coffee House, with all its tricks and treats gave students the opportunity to dress themselves in ghoulish garb and strut about in a more lurid way than normal. With love for the fanciful, frightening, and even flamboyant, Halloween attire reflected itself plainly on this afternoon. While it did not quite resemble a "Thriller" night (for lack of synchronized dancing, perhaps), this whole flight of the imagination brought out a little of the monster in each and every student.

Stacey Gathers

Spandex Man To The Rescue... Sophomore Kurt Graham is not afraid to show off his physique in his spandex wear. You never knew what you might come across on the campus during Halloween.

Up or Down?... Tim Martin shows off his originality with this one of a kind costume. Each year Kiski students tried to out do each other with unique ideas for costumes.

The 2000-2001 Kiski Area Football Team has improved greatly over the years. The team's success did not reflect their season record, but it reflected their extreme dedication and determination. Even though the team did not reach their goal of an undefeated year, they did, however, improve themselves greatly with every play.

The cold night time games, long practices, and hard work paid off in the four victories the football team achieved against the tough competition. Doubling their record of two wins set by last year's team, the players held their heads high with pride.

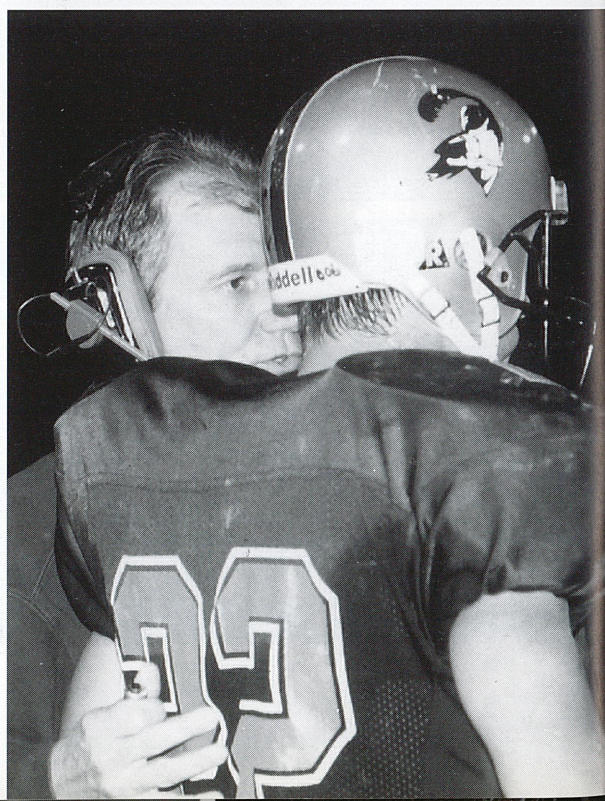

The football program created memories that did not fade after the players departed, as will the new all-time rushing

record achieved by Tristan Booker. Standing at 1884 yards, Dennis Moore held the rushing record since 1981. However, in basically two seasons, Tristan Booker achieved an incredible 2932 yards, a feat which probably no one shall ever beat.

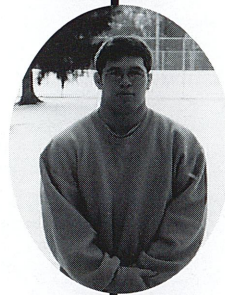

Offering their help on and off the field, the coaches definitely determined the team's high level of achievement. Their expertise helped to make the football program and will help keep it growing for years to come. When asked to comment on the teams substantial improvement, Mr. Grimm replied, "This team has helped turn this football program around. They set a standard for next year's team to meet."

Janet Davison

Run the Reverse!... Coach Fassio gives Mike Rairigh last minute game advice. Coaches and players had to work together constantly to keep the plays running smoothly. Kiski excelled in play calling this year.

EXAMINING THE SEASON

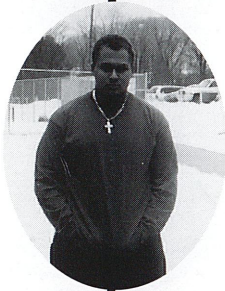

I LOVED BEING ON THE FIELD ALL OF THE GAMES. I THRIVED ON THE STRONG HITS!

RYAN MCKENDREE

ALTHOUGH THE SEASON STARTED SLOWLY, THINGS REALLY CAME TOGETHER TOWARDS THE END OF THE SEASON. OVER THE PAST 3 YEARS I'VE MADE MANY GOOD FRIENDS AND MEMORIES. BEST OF LUCK TO THE FUTURE TEAMS.

MATT CAPORALI

FOOTBALL WAS THE BEST SPORT BECAUSE YOU WERE ENCOURAGED TO KNOCK THE OTHER PLAYERS OUT.

BLAKE WHALEY

I BELIEVE THIS WAS THE TURN-AROUND YEAR FOR US. I JUST WANT TO SAY ONE THING, PLAY EVERY PLAY LIKE IT'S THE LAST PLAY YOU EVER WILL HAVE.

ED STEMPINSKI

Stuff the Lane... Justin Liberatore crushes the running lane and makes the tackle. The defense worked hard to shut down the running game of opposing teams.

Strap on the Pads... Steve Carney has to go to the trainers to fix equipment problems. Trainers always gave a helping hand when players broke equipment or needed simple repairs.

EXAMINING THE SEASON

I THINK THIS YEAR WAS THE BEST THE CHEERLEADERS EVER LOOKED AND ACTUALLY WORKED TOGETHER, THANKS TO MS. CRAMER, OUR NEW CHEERLEADING COACH.

ASHLEY ANTONUCCI

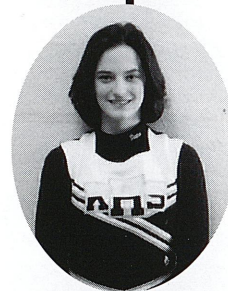

THIS CHEERLEADING SEASON HAS BEEN GREAT. EVERYONE WORKED HARD AND WE'VE HAD A LOT OF FUN. I'M LOOKING FORWARD TO NEXT YEAR. I HOPE IT'LL BE AS GREAT AS THIS ONE.

BRIANNE GAMBLE

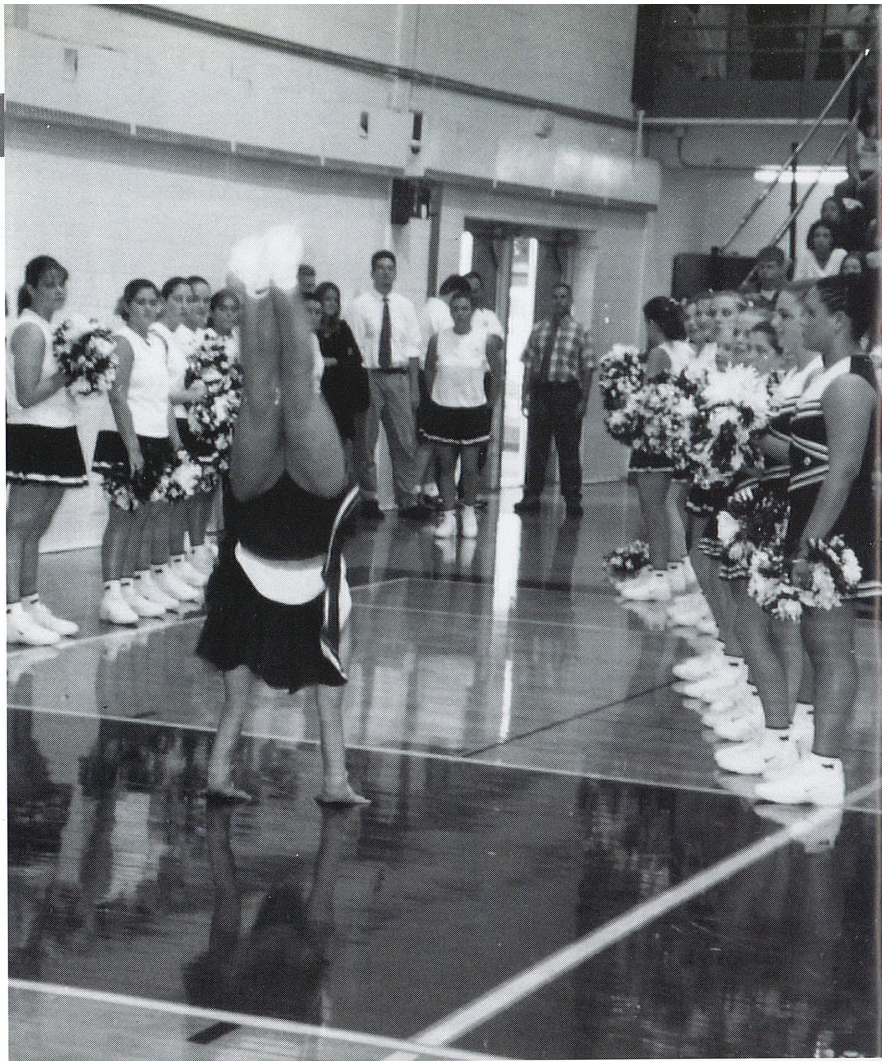

I LOVED TO PARTICIPATING IN CHEERLEADING BECAUSE I COULD SHOW MY SCHOOL SPIRIT AND ALSO SUPPORT MY TEAM.

DANA MORSCHHAUSER

CHEERING WAS GREAT THIS YEAR. WE GOT A NEW COACH AND OUR WHOLE TEAM REALLY STARTED TO PULL TOGETHER AND LOOK GREAT!

MARISSA SAFRANVOS

Topsy Turvy...Tiffany Liberatore shows her school spirit by flipping for joy. The cheerleaders performed many intrinsic routines throughout the year. They performed many of these skills in competition throughout the season.

Young Pride...JV Cheerleaders burst with energy at this pep assembly. They have put in a lot of time to become Kiski's future leaders of school spirit.

"THIS CHEERLEADING SEASON WAS GREAT, ESPECIALLY SINCE IT WAS MY FIRST YEAR IN VARSITY. WE ALL WORKED TOGETHER AND THANKS TO MS. CRAMER, IT WAS AWESOME."

~PAM GRUBER

WE SAY BLUE, YOU SAY GOLD

Cheerleading

Simply put, the Kiski cheerleaders encouraged enthusiasm in the fans. The girls' energy and spirit especially inspired the student body at all of the athletic events. This, in turn, pumped up the players for competition. However, contrary to what most people thought, cheering was not all fun and games.

Squad members put in many, many hours of hard work and dedication. Countless rehearsals transpired before the squad performed their difficult and straining lifts. Having cheered since 7th and 8th grade, many of the girls have developed incredible coordination, a definitely vital component for performing in synchronization.

Under Head Coach Vonne Cramer, the squad brought a

whole new perspective to Cavalier sports. "Miss Cramer showed us what kind of discipline we needed and also how we had to work together as a team if we wanted to accomplish our goals," stated junior cheerleader Sara Shirley.

Along the journey to great achievements, many wonderful friendships blossomed. Several enthusiastic and motivated seniors led the cheering campaign to countless victories and certainly, many of those victories resulted from the continued and dedicated efforts of the cheerleading staffs. Another victory for the blue and gold, the cheerleading season has provided excellent experiences for all, both during the game, and in life.

"I didn't know I'd win - I just always knew I had a chance," commented Mike Wagner when asked to describe his mindset before a race. The undisputed leader of the boys cross country team, Wagner knew what it meant to "go the distance."

Additionally, illness-plagued Mike Clever offered, "This year was sort of a building year for the guys." He continued, "Sometimes we had a few regrets of how well we could've done, but it's more important to recognize the dedication and efforts we've put forth." Certainly, finishing 6-2 overall, the boys team had nothing to be ashamed of, and considering the fact that their returning captain competed in the state meet at PSU, one expected the outlook to be vastly hopeful.

Conversely, Emily Lion realized the importance of an unbeaten spirit and its effects on attitude. "Getting through Cross Country running, I think requires you to make the best of your workouts. Also, try to have fun," commented Emily. Miss Lion credited much of the team's success to her heroine coach, Mrs. Shaeffer.

Coach Shaeffer had a knack for making her runners perform better than they even thought they could. An incredible runner in her earlier days, Mrs. Shaeffer tried to instill sound work ethics in her team. This, in addition to her faith in the team, prepared the Cavalier Cross Country teams to reach new heights and greater distances, some of which others shall never equal.

CONQUERING THE WHITE ICE

Hockey

After a long and tiring school day, nothing proved more relieving than pulling on a pair of skates to enter the ice. Hockey players have found retreat in playing a vigorous game and a safe way to help relieve aggression. Freshman Mike Madden claimed that his favorite part of the game existed in "hitting people..." Also, Mike expressed hopes of playing hockey in college, and even perhaps as a career.

The team's most memorable victory this season was in catching their opponents in a

shutout, leaving no room for a loss, and thus boosting team morale. Camaraderie helped to attract students to the hockey team, and even after a long and tiring game, the team always supported each other.

The coaches offered the team a unique chance to unite during extensive practice sessions to fine-tune their skating abilities. All these aspects supplied the driving force behind the Kiski Hockey Team and helped to bring them closer to success.

Both the Kiski Area boys and girls varsity soccer teams put forth a strong effort this season. Although neither team qualified for a playoff position, both came close. Boys soccer team member Mike Isaac commented, "We had a really good season. Everybody gave 110% on the field. We missed playoffs by two games this year, but next year the team will be in the playoffs." Coaches Heder and Wright led the boys team to a section record of 6-7-1 and a respectable overall record of 8-9-1.

The girls varsity soccer team likewise enjoyed a challenging season with a 5-5-2 section record and 10-6-2

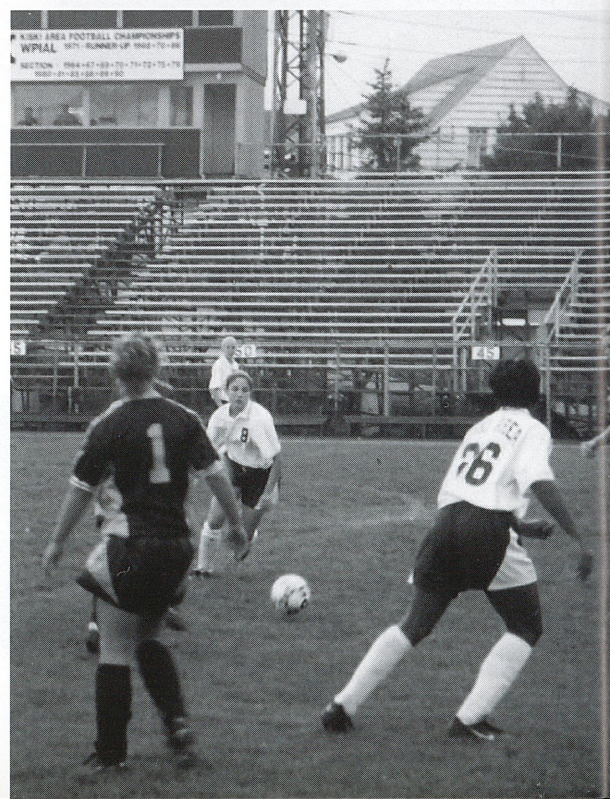

overall. Star players included junior Megan Gearhart leading the team in scoring, and senior goalkeeper Amanda Seadler. Right midfielder Rachel Campbell was commended for not letting up on the field, even throughout numerous injuries.

With a majority of the team consisting mostly of underclassmen, a clear opportunity arose for an even more powerful girls soccer team in the future. Learning from the strength and hard work ethics of this season, hopefully Isaac's prediction of future playoffs will develop into a reality for both the KA girls and boys soccer teams.

Team Effort... Ashley Madoni goes in for the ball as Ebony Bell prepares for the pass.

The Lady Cavs demonstrated superior individual and team skills.

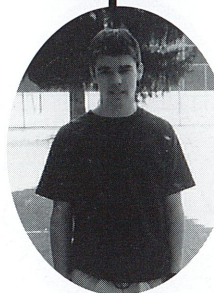

Heads Up... Tony Mendicino reaches new heights in heading the ball. 110% efforts by individuals sparked the team's enthusiasm.

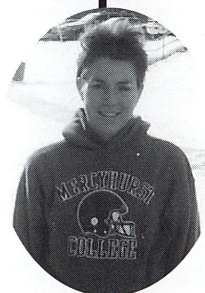

Getting Ready... Chaz Groholski and James Lingeris warm up their skills before a big game. The guys certainly didn't leave their best game on the practice field.

EXAMINING THE SEASON

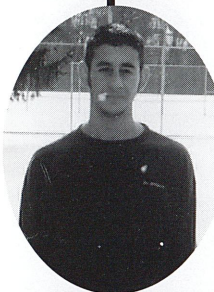

THIS YEAR THE BOYS SOCCER TEAM HAD A GREAT SEASON. WE IMPROVED A LOT FROM LAST YEAR. THE FRESHMEN PLAYED VERY WELL AND WE WORKED AS A TEAM.

SCOTT HODGES

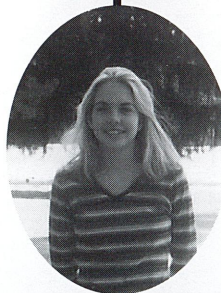

THIS SEASON WAS ONE BIG LEARNING EXPERIENCE. I WANT PEOPLE TO REALIZE THAT THEIR GIFTS AND ABILITIES ARE GIVEN BY GOD, SO ALWAYS GIVE 110 PERCENT!

RACHAEL HART

WE HAD A REALLY GOOD SEASON THIS YEAR. EVERYBODY GAVE 110 PERCENT ON THE FIELD. WE MISSED PLAYOFFS BY 2 GAMES, BUT NEXT YEAR THE TEAM WILL DEFINITELY MAKE PLAYOFFS.

MICHAEL ISAAC

WE MIGHT NOT HAVE HAD THE BEST RECORD, BUT WE ALL HAD A GREAT TIME TOGETHER.

EXAMINING THE SEASON

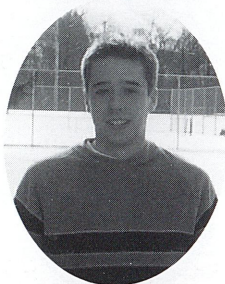

WE DID OK FOR BEING SUCH A YOUNG TEAM. NEXT YEAR WE WILL BE MORE EXPERIENCED AND HAVE A MORE SUCCESSFUL SEASON.

GREG GIOCONDO

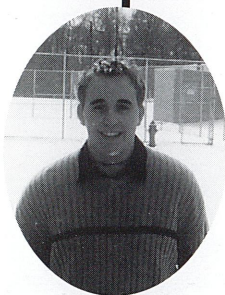

I HAD A LOT OF FUN DURING GOLF THIS YEAR. I GOT ALONG WELL WITH THE YOUNGER PLAYERS, AND WE HAD A GOOD SEASON.

JEFF YAKULIS

EVEN THOUGH I WASN'T ANYWHERE NEAR THE BEST, THE GOLF SEASON WAS STILL A LOT OF FUN.

MATT SEREN

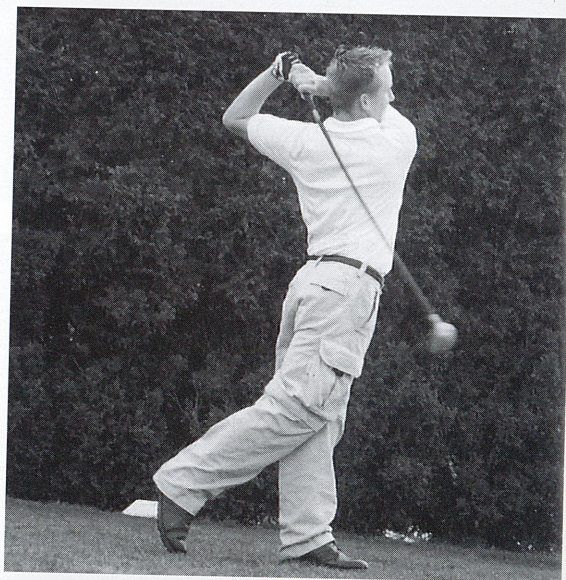

WE HAD A LOT OF FUNNY MEMORIES THIS SEASON. ALTHOUGH WE WERE ALWAYS ACTING CRAZY, WE PLAYED VERY WELL TOGETHER.

MELISSA PALERMO

Keep on Rolling... Junior Greg Giocondo putts the ball just right in order to make the hole. Winning their first four out of five, the golfers made their presence known.

Perfect Form... Matt Seren knows what it takes to excel in golf. In sharing his expertise with the team, veteran Coach Veselicky brought out the best in each of his players.

"I THINK WE DID WELL THIS YEAR FOR HAVING SO MANY YOUNG GOLFERS. HOPEFULLY NEXT YEAR, WITH MORE EXPERIENCE, WE WILL HAVE A BETTER SEASON."

Par, Birdie, Bogey? What did they all mean? Certainly, the golf teams could have told you. The girls golf team had a fine 2000 season. Several newcomers joined the team of veterans consisting of juniors and sophomores. Led by junior Ashley Walker, the team worked hard for an overall record of 6 wins and 8 losses. When asked about the season, junior Heather Fabry replied, "We had a lot of fun this year, and hopefully we will do better next year."

The boys golf team started the season off wonderfully. They looked promising when they won four out of their first five matches. Senior Captain,

Jeff Yakulis, and juniors Greg Giocondo and Kevin Kurkowski, had some great matches and led the team. Unfortunately, they completed the season with only one win out of their last five matches.

The team and their coach, Mr. Albert Veselicky, ended the season with an overall record of six wins and nine losses. Sadly, Mr. Veselicky coached his last year of golf. When asked about the future of the team and its players, Coach replied, "The most promising players are Joe Intrieri, a freshman, and Jon Golembiewski, also a Freshman."

Sporting Sally Brown sneakers and Jordan Baker tees, the girls tennis team was known this season for asserting themselves as relentless aggressors in the face of some of the toughest competitors in the state. Fueled by the cunning of coach Antenucci, the girls progressed toward their highest potential, and future years will prove it. Junior and two year MVP, Allie Little said that the girls have a lot to look forward to. Soon-to-be seniors Megan Stevenson, Laurer Aljoe, and Dorrie Byford, and sophomore Lynsey Tallarom provided much promise for future matches. As for the those who won't be joining the squad next fall, these past years have yielded nothing less than wonderful memories and essential life lessons. "Playing doubles allows you to develop an incredible sense of

partnership and trust," said senior Lyndsay Smith, who experienced her first year on varsity this season. She added, "Given the chance, I would definitely go for another year."

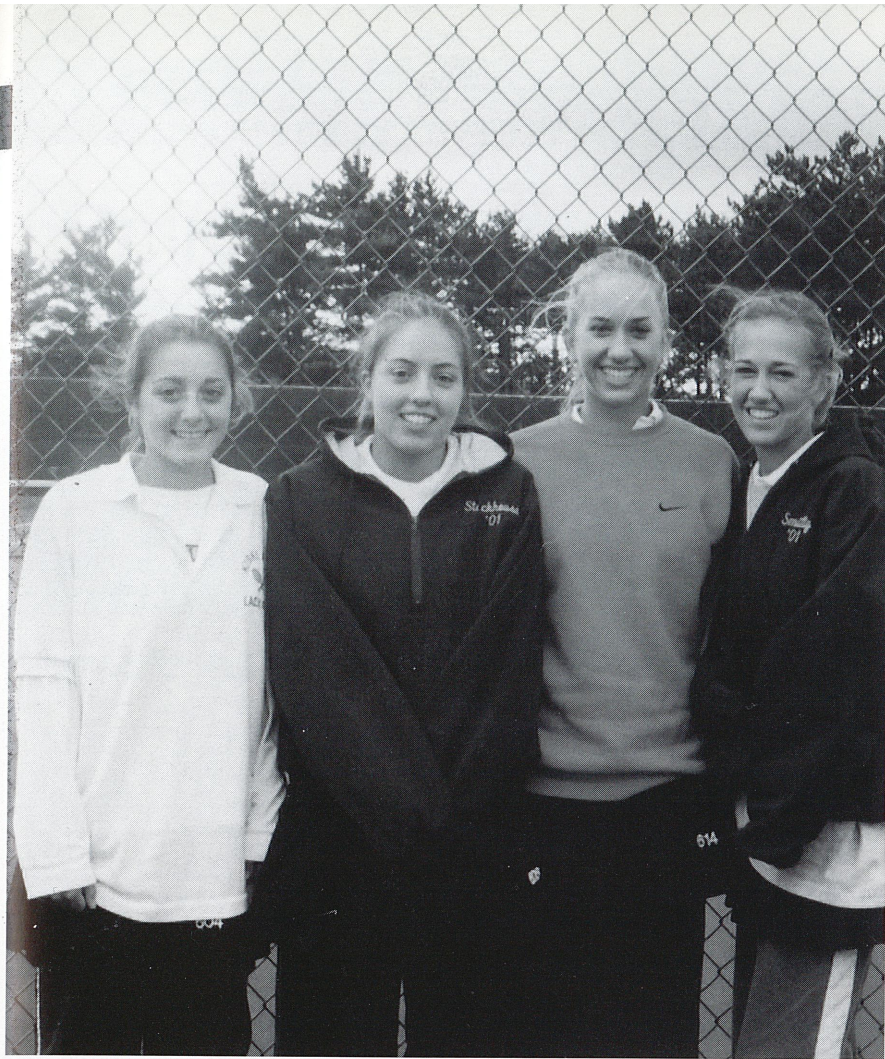

For Smith and many others, however, another season was not an option. Perhaps that's what drove the boys team to the section title. Led by Dan Mastrangelo and Neil Gruber, the boys finished 17-3 overall and closed out last spring with a WPIAL play-offs record of 1-1. Other top players for the Kiski boys dream team included Scott Rogowitz, Nate O'Connor, Mike Rinaldi, and Justin Bieranoski. Returning lettermen for the 2001 season also played outstandingly well as did the returning star and new team captain, Jason Beebe. Jason served over 90 mph and was one of the top players in the state.

EXAMINING THE SEASON

THE SEASON WAS FUN AND EXCITING! THE ONLY DISAPPOINTMENT WAS NOT MAKING PLAYOFFS, BUT I THINK EVERY GIRL ON THE TEAM HAD THE ABILITY TO SUCCEED.

NATALIE PLESCIA

THIS YEAR WAS VERY UNIQUE AND FUN. I ENJOYED PLAYING WITH MY TEAM MEMBERS.

AMANDA HOFFER

I HAD A LOT OF FUN THIS SEASON. I FEEL IT WAS A LEARNING EXPERIENCE AND I AM REALLY LOOKING FORWARD TO NEXT YEAR!

DEANNA GUENTHER

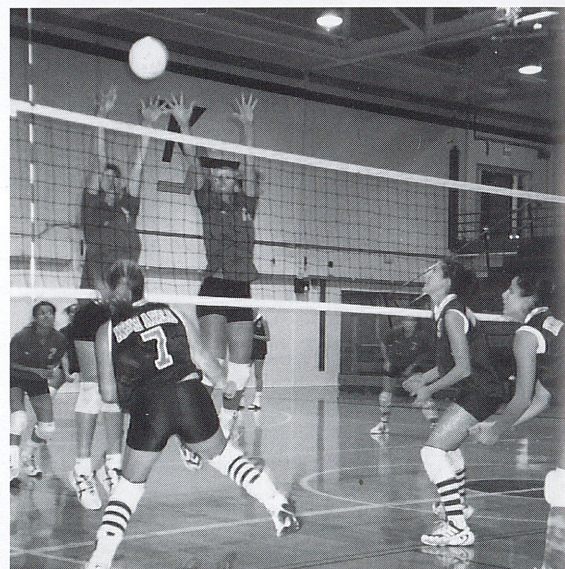

I LIKED IT A LOT. IT WAS PROBABLY THE BEST TIME THAT I HAD HERE.

DULCE NEVAREZ

High Flying... Jodie Vick rises to the top to help the volleyball team score another point. Finishing off with a win on senior night, the Cavs went 8-8 on the season.

Base, Read, Adjust... Natalie Noble, Deanna Guenther, and Jessica Fabrizi await the next defensive play. The girls displayed strength in both physical and mental aspects during their time on the court.

"OUR NEW COACHES BROUGHT A LOT OF KNOWLEDGE TO OUR TEAM. EVERYONE PUT IN 100 PERCENT AND TRIED THEIR HARDEST."

SPIKING WITH A RED-HOT PALM

Volleyball

The talented 2000 Girls Volleyball team stuck close together even through shattered hopes and dreams of making the play-offs. This season brought many new experiences for all. After winning the prestigious title of Section V Champions during consecutive years, this year the girl's struggled to keep up with their new opponents. After a large jump into Section 3, the matches became more difficult and the level of intensity rose.

Senior Jessica Fabrizi commented, "Although we didn't make the playoffs this year, the fun we had during the season can't compare to previous years. It was a great senior year."

The team endured many changes besides a new section classification. They also

received a new coaching staff. Head coach, Linda Gercio, and assistant, John Foley, contributed time and knowledge to this year's team. The team did an excellent job of overcoming the obstacle of many new coaching styles. Five great leaders who helped pull the team through the season included seniors, Jessica Fabrizi, Jayme Jones (captain), Dulce Navarez, Natalie Plescia (captain), and Amber Staley.

The senior leadership not only helped keep the team going, but when it came down to it, the team as a whole accomplished many goals. Never forgetting their other team members for one moment, they depended on one another for support on and off the court. *Jayme Jones*

The boys' basketball games filled cold winter evenings with much competition and thrills. Always drawing huge crowds, the boys provided a fun, exciting night full of prime time entertainment. Returning from a playoff birth and a section title the past season, the Cavs had big shoes to fill.

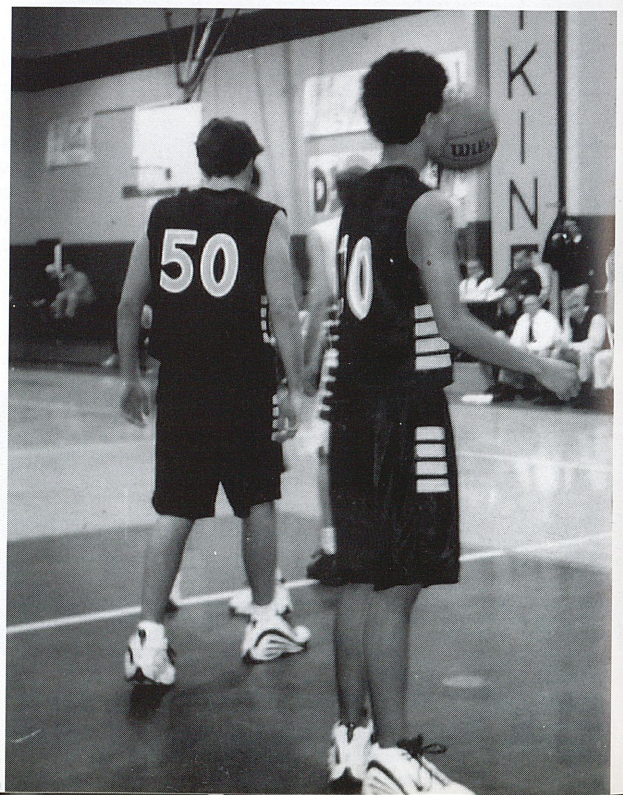

"We had to overcome some injuries this year with Ryan Burns, senior, and Kurt Kiebler, junior, on the injured list. But, with a starting line-up consisting of four juniors and one sophomore, we were very competitive and hope to be in years to come,"

commented assistant coach, Mr. Sam Intrieri.

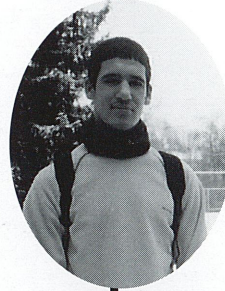

Under head coach, Mr. Larry Rupert, and assistant coaches, Mr. Dennis Rupert, Mr. Artie Ambrose, and Mr. Sam Intrieri, the boys worked hard to become a dominating force on the court. Captains included senior, Eric Fetterman, junior, Corey Smith and junior, Joey Tutchstone. With positive attitudes, support from their fans, hard work, and perfected skills, the Cavaliers proved their extraordinary abilities and determination to succeed.

One, two, three Cavs! The Lady Cavaliers took the floor ready to play their game this year. After two disappointing seasons, this year's team looked better than ever with playoff hopes on the horizon. With the combined efforts and talents from many players, the Lady Cavs had what it took to be a successful, competitive team. Each individual brought something special to the team, making a well-rounded, strong squad.

Under head coach, Mr. Tom Pipkins, and assistant coaches, Mr. Tom Lucchino and Mr. Bill Ceraso, the girls worked hard to improve their games. The starting five for the Lady Cavs consisted of one

senior and four juniors. Youth in the starting line-up proves promising for the years ahead. Senior captains for the Cavaliers included Marcie Hepler, Amy Haag, and Chandra Heilman. Teamwork and focus became key factors in achieving their goals.

"We finally all got to play on the court together, and it showed by how well we did," commented junior, Jaime Vick.

Pulling together and playing as a team with hard work and dedication, the Lady Cavs rose to the occasion and proved themselves as a respected, competitive basketball team.

Swimmers took their marks, got set, and dove! The Cavalier swimming and diving teams were posed for another successful season. With many different events, the Cavs covered a wide variety of swimming techniques. From intense diving to the "500 free" distance event, there was never a dull moment during the meets. Overall, the meets consisted basically of everything that could be timed or measured in the water.

Senior captains Dana Gais, Abby Leslie, and Sara Tursky led the girls. With quality divers and exceptional swimmers, the girls proved to be a successful, competitive team. Junior Stephanie Cup commented, "It's only my second year swimming but I feel like I've been friends with everyone on the team my whole life. We treat each other like we're family. They're a

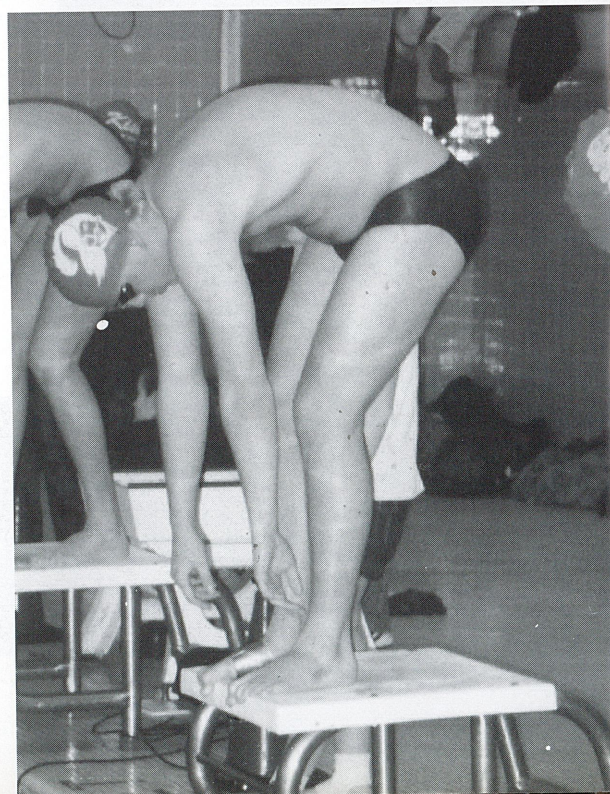

supportive bunch."

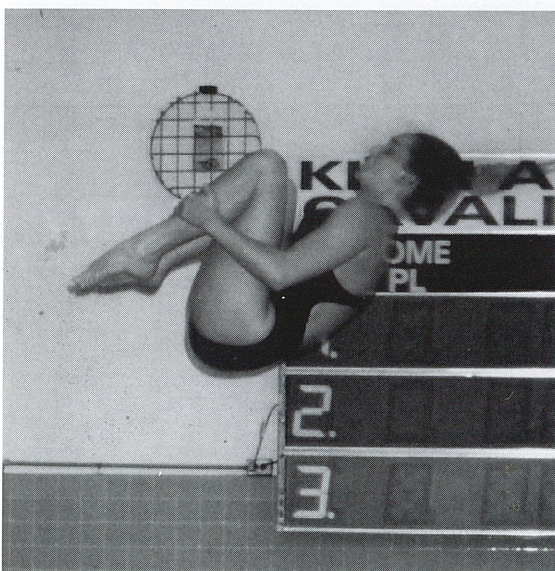

Senior Captains Jason Beebe and David Alter led the boys to many personal bests and WPIAL record-breaking times throughout the season. Although the boys team was small in number, the Cavs made up for it with talent in key areas. Returning from last year's competitive team was 100 backstroke record holder Dave Alter, along with WPIAL qualifiers, Nathan Petrak, Brandon Shemak, and Joe Scarfutti. The boys continued to improve throughout the season reaching their expectations with ease.

The Cavs proudly upheld the tradition of strong, competitive teams with a very successful season. With the waves subsided and another year in the books, the swimmers and divers surely made it a year to remember.

Kiski's Perfect 10.0... Striving for the gold, Abby Leslie shows exceptional form as she heads for the water. Abby, along with Dana Gais and Sara Tursky, navigated their teammates into uncharted waters.

PIN HIM TO THE BLUE MAT

Wrestling

Hardly a day went by when one couldn't open up the sports section of the newspaper and learn a little more about the Kiski Area Wrestling Team. With a spotless record, the wrestlers have continued through their season undefeated. Some of the fundamental ideas of the team included strength, skill, and endurance, all of which seem to have proven successful.

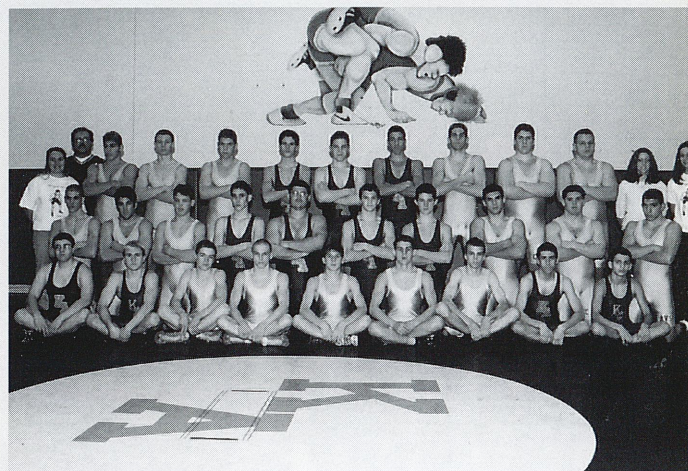

The drive for victory and the ability to push oneself past their limits appeared to stand as the very core of the wrestling team. Dedication reflected itself in every aspect of training...even down to the weight requirements. A strict and constant regiment of

running helped the team to work their way back to the top.

The wrestlers' hard work never went unrewarded. Junior Kyle Graham said, "The most thrilling part of a match occurred upon leaving the mat, when the coach faithfully gave a handshake and his congratulations."

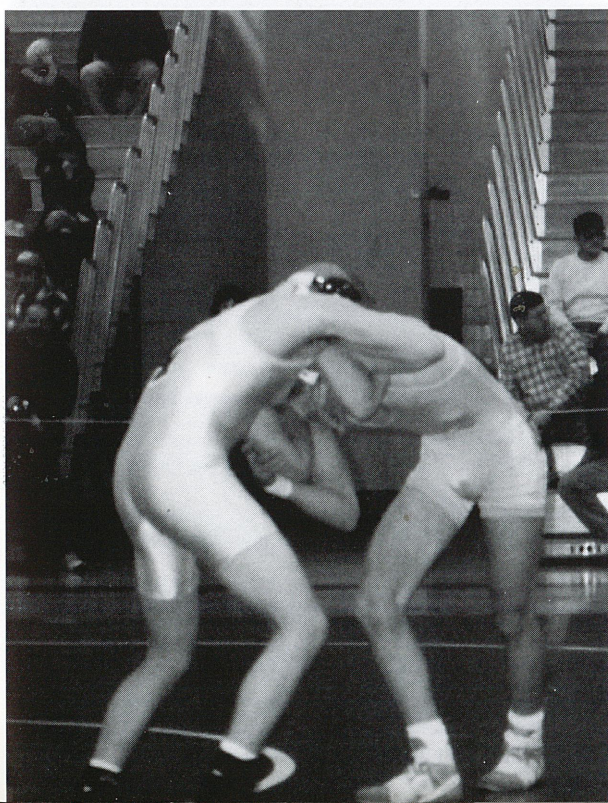

Wrestling at Kiski Area not only gave its participants a feeling of triumph, but also taught dedication, camaraderie, and all other attributes of a strong team. The spirit these young men showed seemed unparalleled by many of the teams that they faced, and their poise rewarded them greatly.

Led by captains Grant Henkel and William York, the 1999-2000 Kiski Area Varsity Baseball Team had an excellent season and finished with a 10-6 record. Mr. Jewart and Mr. Rupert coached the varsity team, while Mr. Stasko coached the junior varsity team. The players achieved a second place finish in their section and clinched a playoff berth. Still, the many wins did not always come easily to the Cavaliers.

"We didn't start out well, but we really came together and finished strong. Our last regular season game (against Kittanning) proved to be the high point of the season," stated Bob Hartle. The last win

boosted the Cavs into the playoffs. They advanced to the second round of the playoffs by defeating Central Catholic. Unfortunately, North Allegheny, the 1999-2000 State Champions, defeated Kiski in a tough game by a score of 2-1. The Cavaliers used that game and their strength at the end of last spring as a motivation for this season.

The teams prepared for this season by working in the batting cages and practicing their fielding. The Cavs lost many seniors at the end of last season, but gained many promising juniors who hope to push this team further through the playoffs.

FASTER THAN A SILVER BULLET

Track and Field

The spring of 2000 brought about incredible feats for Cavalier sports. Certainly, the accomplishments of Kiski's track team led the list. Through hard work, discipline, and individual victories, the athletes conquered personal records as well as the W.P.I.A.L. Qualifiers. The Cavaliers surely showed a vicious presence among the competition.

In the W.P.I.A.L. Qualifiers, senior Marcie Hepler represented Kiski in both the shotput and discus. Marcie furthered her quest with a second place finish at states in shotput. The campus staff asked Marcie whether or not she experienced the usual butterflies in the stomach and she replied, "Absolutely! I actually was leading until the very last throw and I ended up

2nd overall by only one quarter of an inch."

Additionally, former senior, Melanie Loughlin pole-vaulted to an incredible 9 feet, and Ashley Cochran broke her sister's former record in the long jump with a 17 ft.-11.5 in. effort.

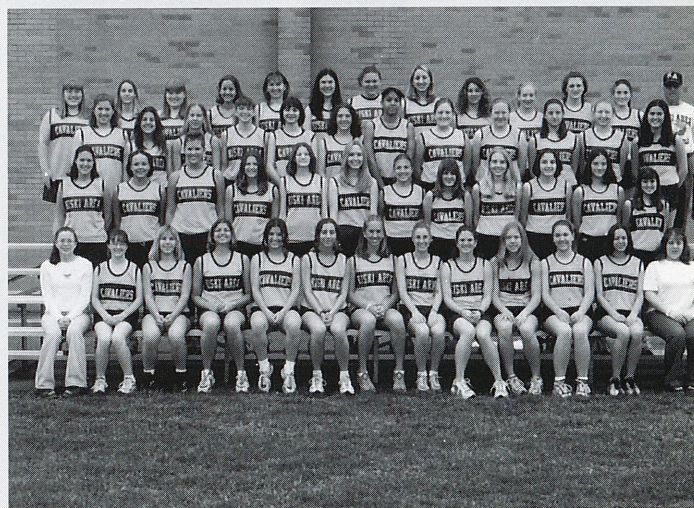

While the girls exceeded many expectations, so did the boys. The W.C.C.A. meet typically has surfaced some of the most talented athletes in the state of Pennsylvania. Kiski representative, Joe Stritmatter captured first place in both the shot-put and the discus. Other ground breakers included Joe Touchstone, Brandon Reichert, and Justyn Felix—all placing at the W.P.I.A.L. Finals. Overall, the 2000 season proved successful for everyone.

After graduating 7 seniors in 1999, the "new" varsity players faced many challenges. Inexperience and youth were just two of the hurdles this team faced on its run for a playoff spot. Senior Erica Guenther was the only player to return to her same starting position. The remainder of the squad was new or asked to make a position change. To compound an already challenging year, two key players were injured in the heart of the season to return only for the last game.

Bright spots throughout the season included the introduction of a promising young pitcher in Kelsie Knapp. The strong freshman pitched every inning of every game for the Cavaliers. "I'm

looking ahead to the 2001 season with returning seniors Anna, Chandra, Jamie, Jane, Christine, and Shawna," commented the varsity coach. Anna Cline, Megan Gearhart, Nola Hessom, Natalie Noble, Kari Snyder, and Megan Stevenson will return for the 2001 season. As always, the battle for starting spots was and will prove to be competitive.

Certainly, the JV players waited in the wings as the newcomers of yet unknown feats. The earlier years playing on the field surely prepared players for future games. In this short-quick game, things happened fast. However, one thing was for sure, these ladies definitely played "HARD-BALL!"

EXAMINING THE SEASON

I WAS VERY PROUD TO BE A PART OF THE SOFTBALL TEAM WITH THE HELP OF OUR ENCOURAGING COACH AND THE NEVER ENDING SUPPORT FROM THE TEAM.

STEPHANIE KIEBLER

LAST YEAR WAS OVERALL A GOOD SEASON. WE HAD A LOT OF PEOPLE OUT WITH INJURIES, BUT WE STILL MANAGED TO HAVE A WINNING SEASON.

NATALIE NOBLE

MY FAVORITE MEMORY OF SOFTBALL WAS OF MARY ANNE HAUCH, "HAUCHER." SHE MADE EVERYONE LAUGH AND HAVE A GOOD TIME.

STEPHANIE LERCH

KISKI'S SOFTBALL HAS ALWAYS HAD A REPUTATION FOR EXCELLENCE. ALTHOUGH THIS PAST SEASON'S NUMBERS DID NOT SHOW IT, WE STILL HAD A GREAT SEASON.

MEGAN GEARHART

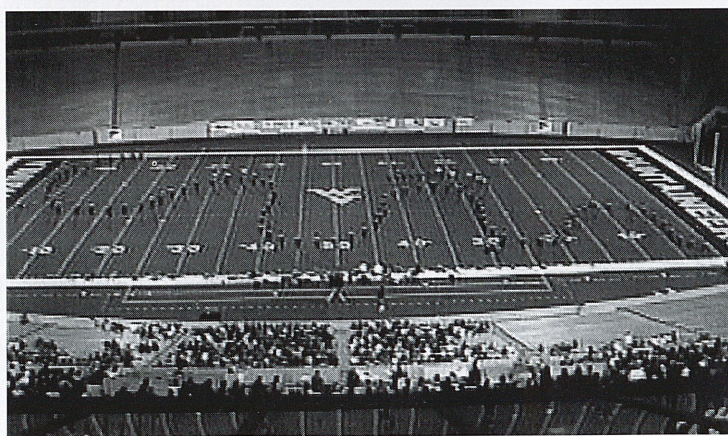

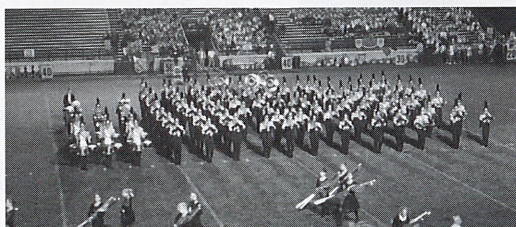

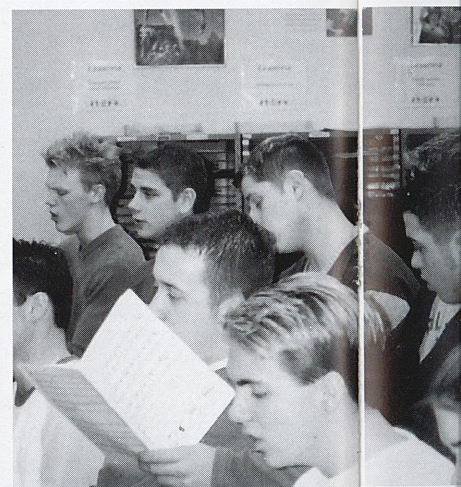

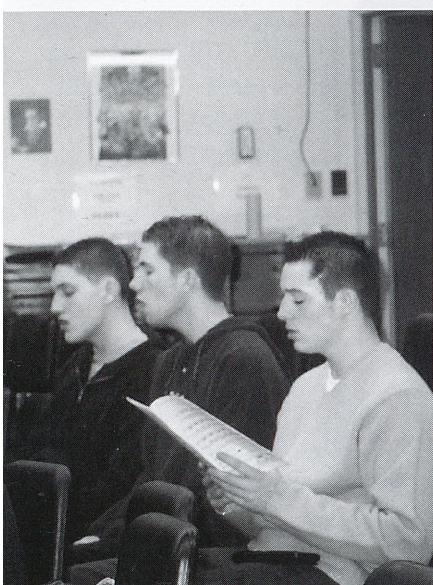

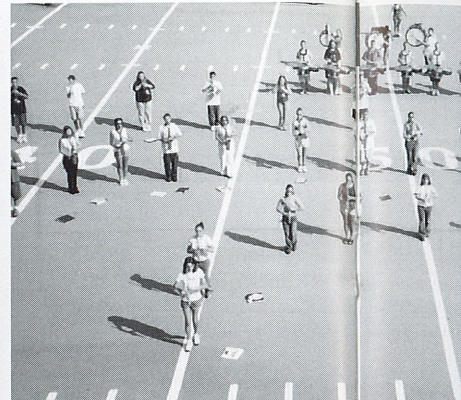

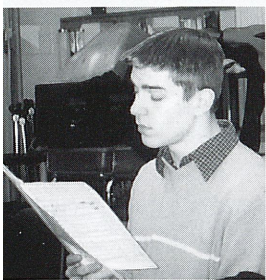

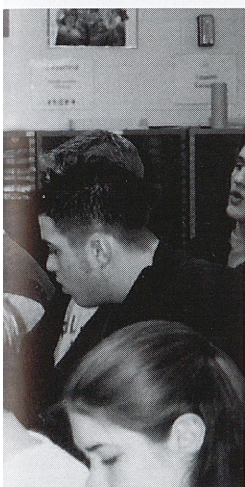

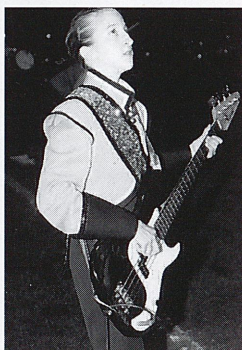

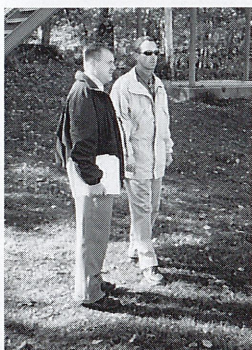

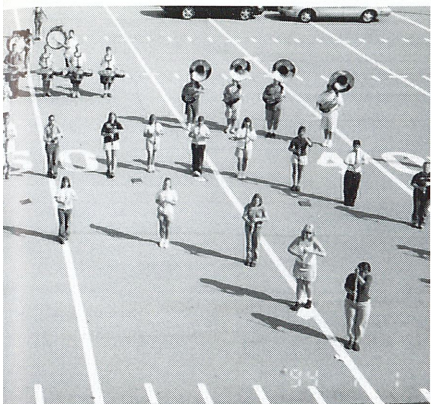

Trying to Score the Tag... Kelsie Knapp accepts the throw back from first just after a quick attempt to pick off the runner. Coach Haney looked forward to three more years with freshman Kelsey, a star pitcher.

All Wound Up... Pitcher Sheena Heilman cranks out an unhittable pitch. Learning the necessary skills in J.V., the players looked forward to playing on the varsity team.

"OUR 2000 SOFTBALL SEASON WAS A FUN AND MEMORABLE ONE. WE DID WELL WITH A YOUNG TEAM AND MANY INJURED PLAYERS THROUGH THE SEASON."

Blue Ribbon A Look into Marching Band Reputation

Around Vandergrift, PA, many recognize the Cavalier Marching Band as the kids who "perform at the football games" and "constantly make all that noise over at the high school for those three long weeks in August." However, beyond the perimeters of the local districts, the marching band has quite a different reputation.

Have you ever gone three states to the west and experienced people "oohing" and "aweing" because your jacket has the word 'Kiski' sewn across the back? Band director, Mr. McKinney commented on the situation when he said, "It speaks highly of a band program when other students and directors recognize the back of a jacket at a national event."

Even though the Cavalier Band did not perform at nationals this year, many Kiski band members attended the event in Indianapolis. Senior Lindsay Korn commented on her spectating experience in the dome, "Our seats for finals were at the top of the RCA dome. As we

climbed up, we were well received by all, especially by our band friends from Centerville, Ohio. People expressed disappointment that Kiski was not competing. They wanted to see our show and claimed that we were always entertaining and always one of the best."

Nationally, Kiski has had a reputation for brilliantly blending standards of excellence and standards of entertainment. Kiski always produced exciting and innovative shows. In fact, many people drove hundreds of miles just to witness the Cavaliers on the field.

The Kiski Area Marching Band's national reputation resulted from the efforts of many: band members, staff, parents, boosters, school supporters, and the community. Lastly, while visiting abroad has proved to enlighten the band's spirit, like a girl from Kansas once said, "There's no place like home!"

Karen Defilippi

"This was a great building year for the band. The work ethic and dedication of the new members was outstanding. The band continues to amaze me every year!"

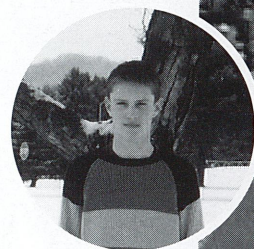

**Mr.
Wozniak**

Following the Leader... After marching a rapid 180 degree turn, the band members move into a "follow the leader set." The cameraman took this shot from the top of the Woodland Hills Wolverine Stadium.

Lessons Learned

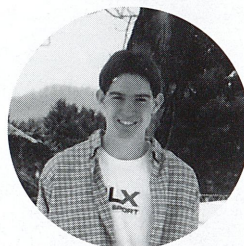

"I learned how much blood, sweat and tears it takes to be the best."

Tim Sharek

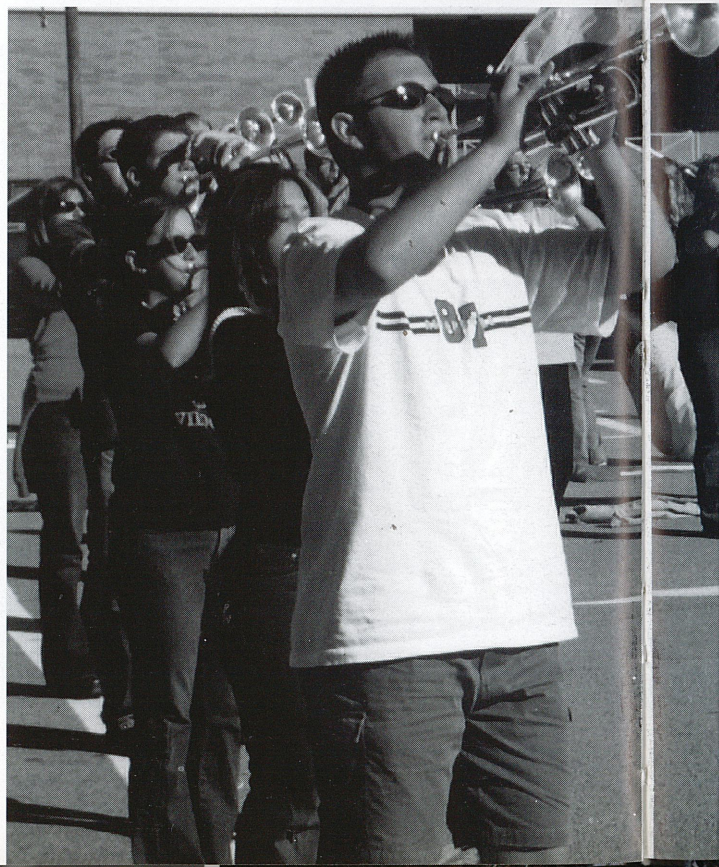

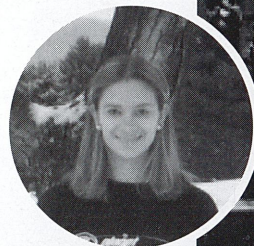

"Four years of involvement have taught me all of the possible character traits I'll need to succeed in life."

Greg Pflugh

"You learn the scores don't matter. If you've tried your best, then you've succeeded."

Singing Away A Look into Show Choir Those Blues

With costume changes between each song, difficult choreography, and several show tunes, one could have easily mistaken this year's Kaleidoscope Show Choir for a Broadway Show! Under the vocal direction of Mrs. Ellen Rupert, the group continued the choir's tradition of advanced singing while greatly increasing the difficulty in the choreography. With the help of choreographer Kim Clark, the 2000-2001 Kaleidoscope Show Choir incorporated much dance into the show, enough that this year's show became entitled "Dance Fever".

The performance featured varied styles of dances ranging from an energetic swing dance that opened the show, to a groovy disco finale. Along with the array of dances, the choir traded in the formal dresses and bow ties for party skirts and tight black t-shirts. Mostly seniors and juniors comprised this year's Kaleidoscope Show Choir.

In addition to Kaleidoscope, Take Two, comprised of mainly juniors and sophomores, put together a show entitled "Dancing Through the Decades." Starting with music from the 1930s and working their way decade by decade to 2001, the group performed different styles of dancing associated with each ten-year period. The groups practiced four times per week during the lunch periods and performed frequently during the holidays and in the spring—including the annual chorus trip to New York City.

This year's show choir productions included some of the best numbers in recent memory. It could not have happened without the dedication and support of both Mrs. Rupert and Kim Clark, the countless hours rehearsing throughout both lunch periods, and the many sacrifices of the students involved.

Shake Your Groove Thing! Mike Kriebel, Natalie Noble, Adam Pollick, and Jody Pounds practice for the Kaleidoscope Show Choir. The group had a great time doing "Night Fever."

Lessons Learned

"Whenever everyone comes together, the excitement and energy is really great."

Maryann Haugh

"No matter how bad you mess up the show must go on with a smile on your face."

Don Macon

"Commitment and teamwork is what makes our Show Choir a worthwhile and successful experience."

What Is the Best Aspect About Attending Vo-Tech?

"You aren't tied down to any preset curriculum"
Stephen Dunmire

"You learn what it's like to work with others."
Cyndi Richard

"It is hands-on instead of sitting in class listening to a teacher talk."
Brian Lorenz

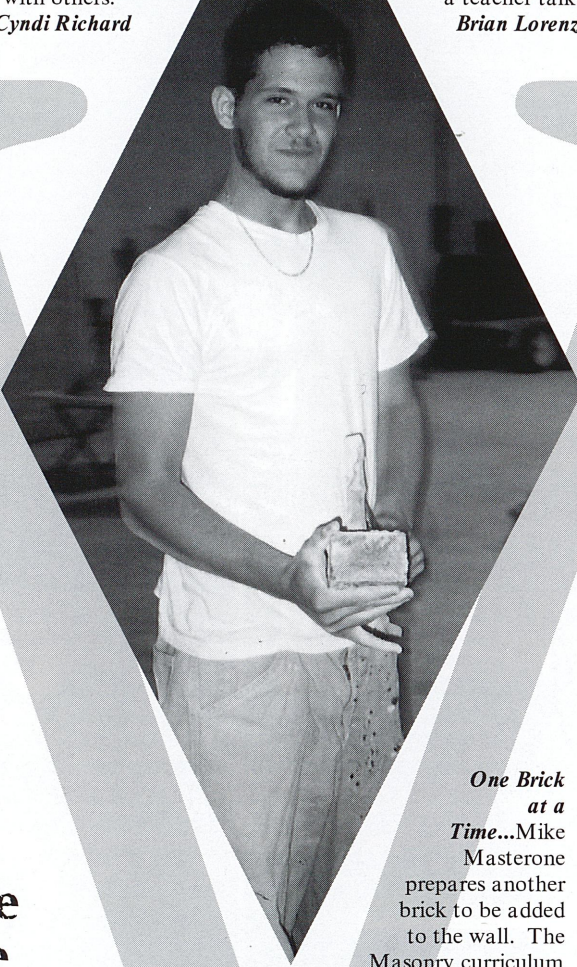

"It provides insight on what you can do with your life."
Raven Bell

"Vo-Tech prepares you for life after school."
Jessica Peterman

"Those who like their work do things right and have fun doing it. In your life's work, find what you like and do it the very best that you can."

**Mr. Ray White

One Brick at a Time... Mike Masterone prepares another brick to be added to the wall. The Masonry curriculum at NWCTC taught the basics in cutting and laying various blocks.

The Northern Westmoreland Career and Technology Center offered vocational study for Franklin Regional, Valley, Burrell, and Kiski Area High Schools. Fields of study included cosmetology, culinary arts, machine technology, auto mechanics, and more. NWCTC provided students with a professional atmosphere and the chance to learn skills through hands-on experience. Seniors even had the opportunity to work part-time in their chosen field. They spent half of their day at the sending school, and the other half at a cooperating company where they gained valuable work experience.

The Northern Westmoreland Career and Technology Center provided a valuable experience for students and a strong foundation toward a promising future.

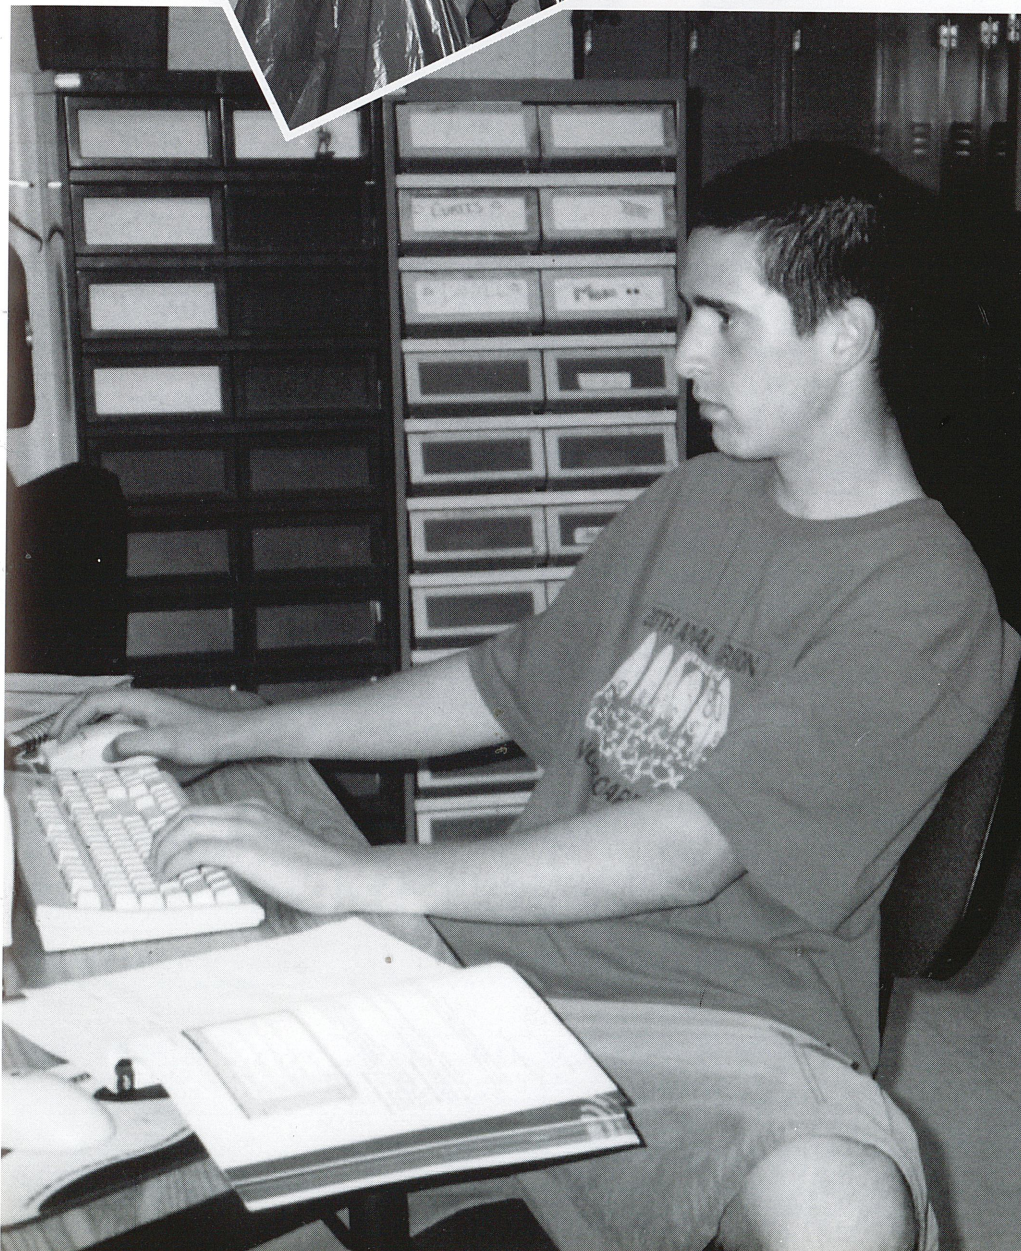

Vo-Tech

Always In Style... Ashley Young finishes styling Laura Hranica's hair. The Cosmetology classes at NWCTC prepared students to work in a hair salon. On Thursdays and Fridays, the public could come in and have their hair styled.

Knock on Wood... Chris Serena correctly measures the door to make sure that it swings with ease. Students enrolled in the Carpentry curriculum learned the foundations for the construction industry.

What a Memory... Whether referring to the computer or Seth Erwin, memory skills certainly apply here. Learning various computer skills benefited many NWCTC graduates and also gave them the job-seeking edge over their competitors.

What Is Your Ultimate Dream Job?

"To be a paramedic to help people and make lots of money"
Kayla Kerr

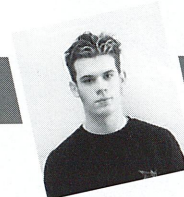

"To be a master certified electrical engineer-technician."
Jordan Burkett

"I would love to test drive sports cars."
Brad Moore

"To be an orthopedic surgeon and work with athletes."
Jennifer Moore

Vo-Tech Instructor

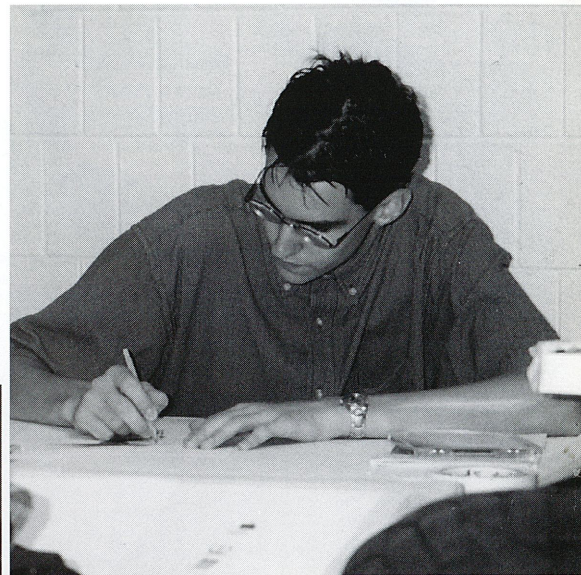

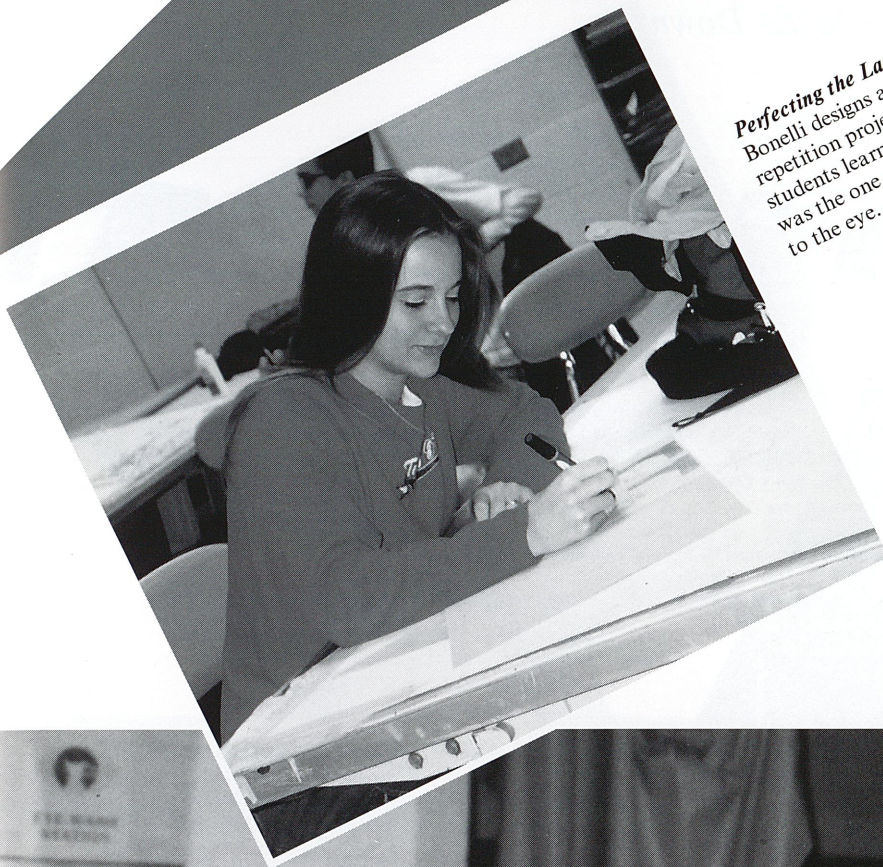

A Close Shave... Gene Aiello planes down the side of a cabinet to make it smooth. Many of the cabinets made in the Carpentry classes were sold to local merchants.

A Clean Cut Above the Rest... Chuck Kiehl carefully makes sure that he has his press in position. The Machine Tool curriculum at NWCTC offered students the opportunity to have hands-on experience with the equipment and machines.

ested Interests

Perfecting the Latest Design... Erica Bonelli designs a marker logo for a repetition project. Commercial Art students learned that the best design was the one that was most pleasing to the eye.

Getting It Just Right...

Dennis Smetanik prepares a pencil drawing for Commercial Art class. The teachers taught the importance of shading in a drawing.

Adding a New

Twist... Amber Hancock perfects her hair styling techniques. Keeping up with the latest styles proved to challenge the students in cosmetology.

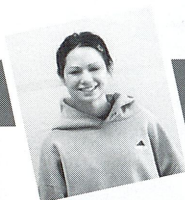

Where Would You Eventually Like to Settle Down?

"Warm California where there's lots of living opportunities."
Jennifer Romano

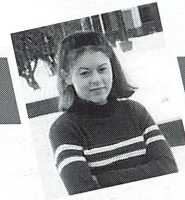

"When I get older, I hope to move to South Carolina."
Ben Hank

"In the beautiful Caribbean where it is like a picture in itself."
Stephanie Spiering

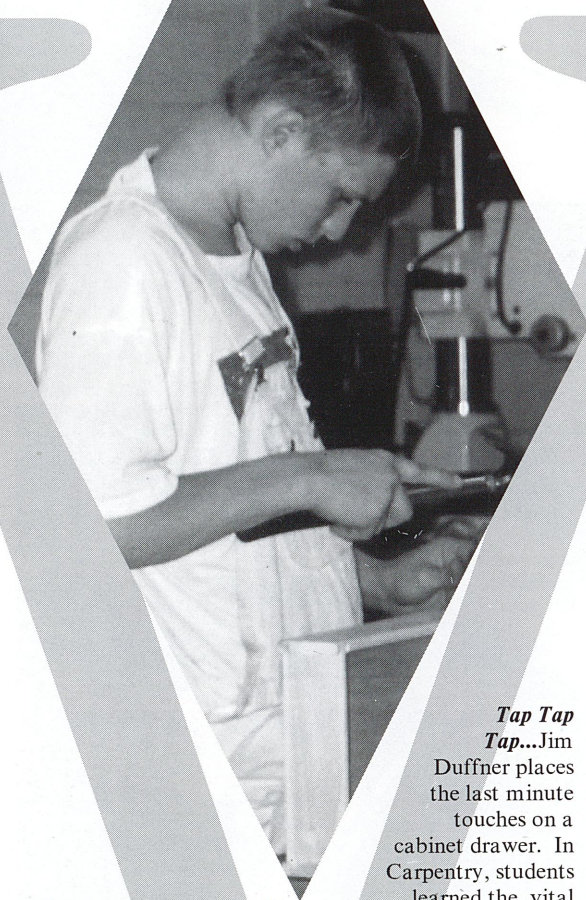

"Along the beach in North Carolina where it is warm and beautiful."
Lisa Clawson

"I would live in the Caribbean because I love the beach."
Carrie Conrad

"The door to the future is opened with Vocational Education."

Dr. L. A. Kunkle

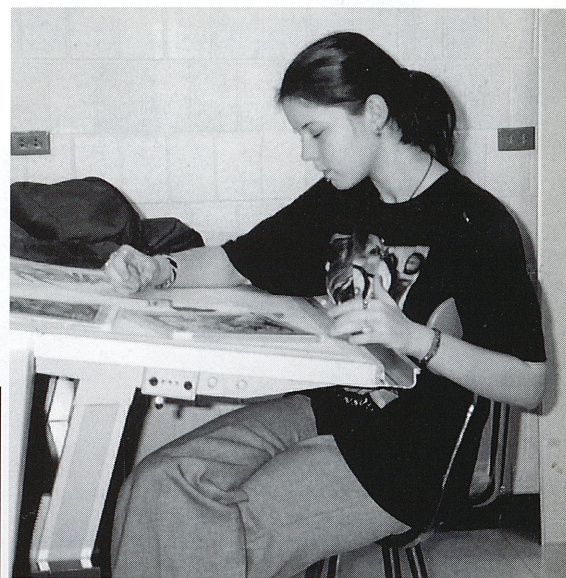

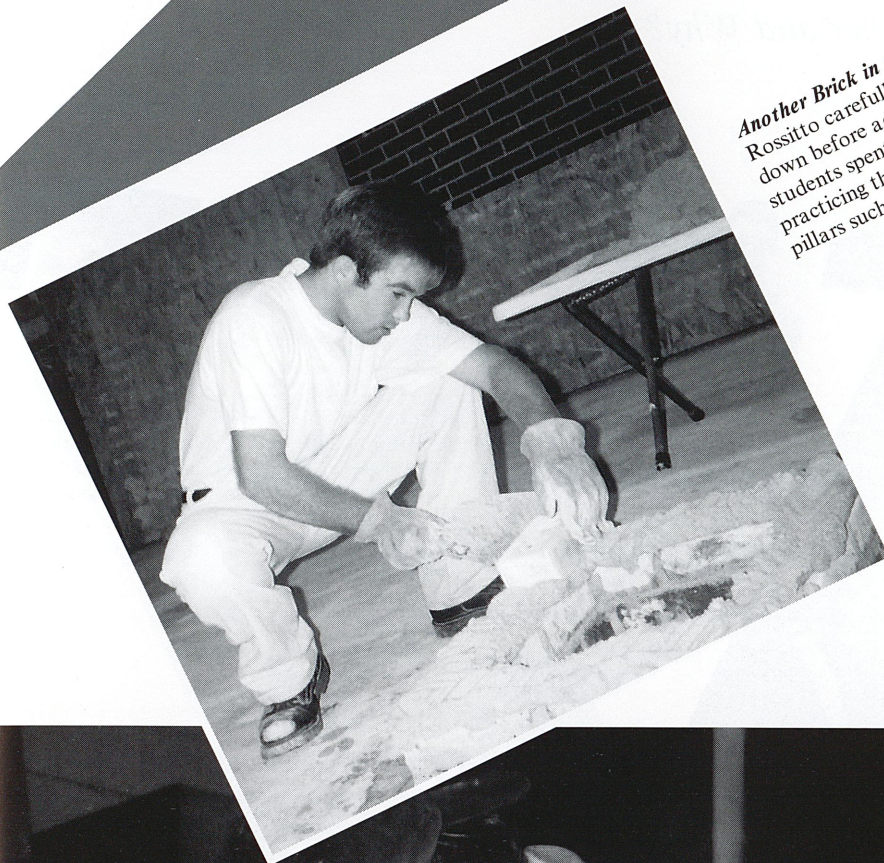

Tap Tap Tap... Jim Duffner places the last minute touches on a cabinet drawer. In Carpentry, students learned the vital importance that minor detailing can have on the final project.

A Hairy Situation... Jenny Bash practices different skills on her mannequin. Students had to purchase a kit, books, uniform, and one mannequin to participate in the Cosmetics program.

Varied Learning

Another Brick in the Wall... Bryon Rossitto carefully sets each brick down before adding another. The students spent many hours practicing their skills by building pillars such as this one.

Impressive Skills... Ashly Lorent simulates the cover of a National Geographics Magazine in Commercial Arts. The Art students work hard to prepare for the end-of-the-year Open House project.

Heavy Metal... Jason Holt diligently works on his class project in Welding. Students learned how to perform the various types of welding.

Who Is Your Favorite Vo-Tech Teacher and Why?

"Mr. Wilson from Auto Mechanics because he's unique."

Brandon Bence

"Dr. Kunkle because she's outgoing and fun."

Amanda Davis

"Mr. Scalise cause he's somewhat fair and when he freaks out, it's hilarious."

Chris Serena

"Mrs. Jozefov for staying sane and putting up with us for so long."

Mike Marsili

"Mr. Supik is a great teacher and makes learning fun."

Jana Riederer

"Knowledge, Practice, and Experience-- In Vo-Tech, students develop the necessary skills, responsibilities, and maturity to enter the work force."

A Cut Above the Rest... Robert Lorent takes an inch off a board in order to perfect his project. Every little bit counts in Carpentry Class!

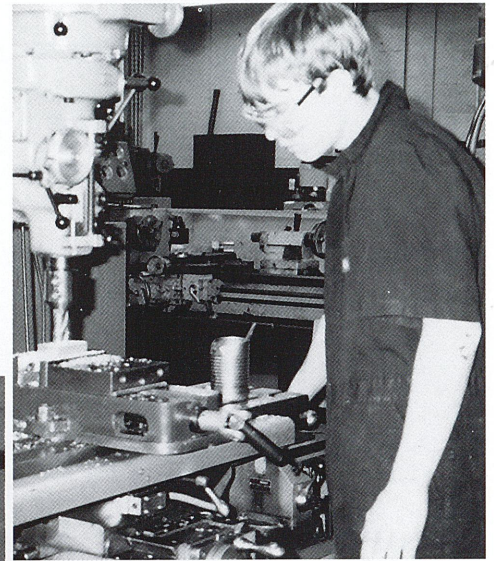

What's That Sound? Ryan Silvis taps a hole in Machine Tool. Mr. T. taught the students to always give 100%.

**Mrs. Sabattini

ital Lessons

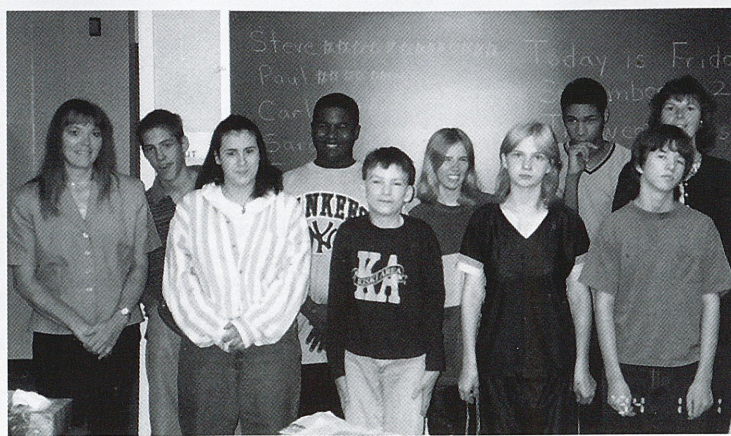

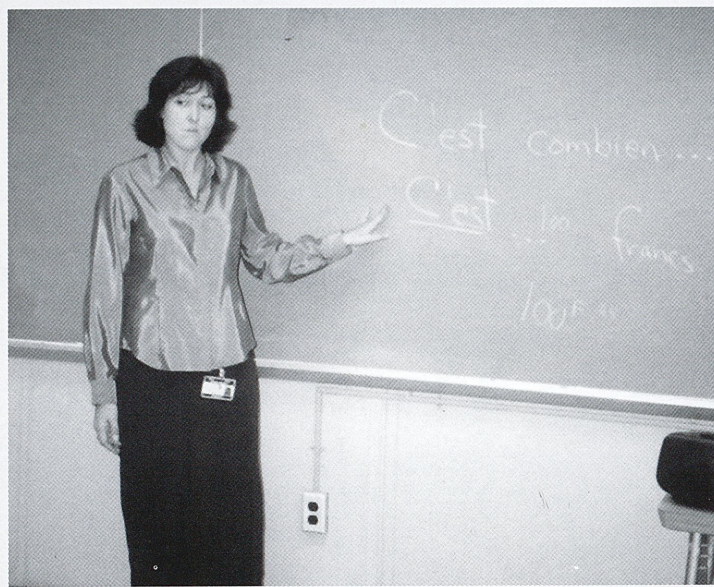

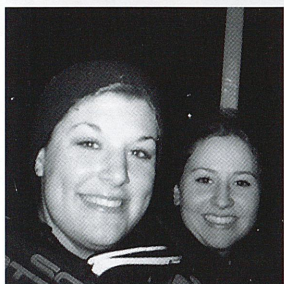

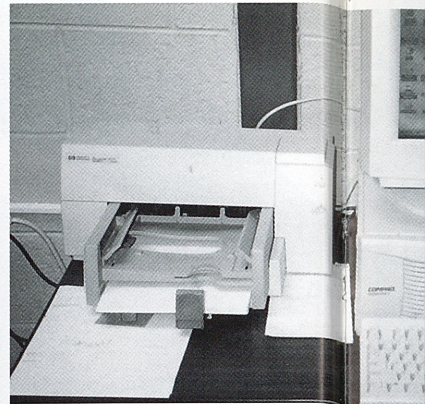

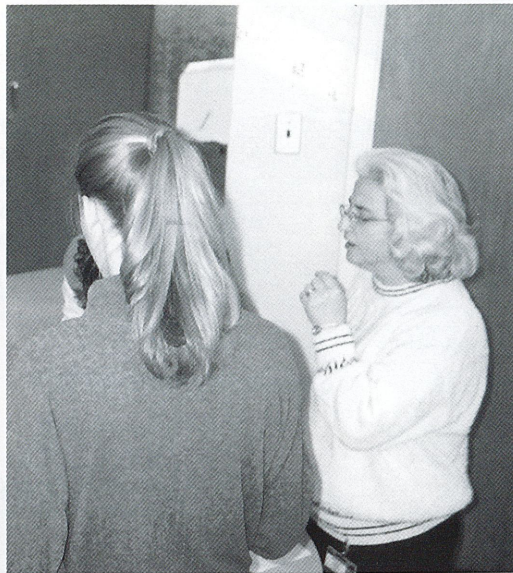

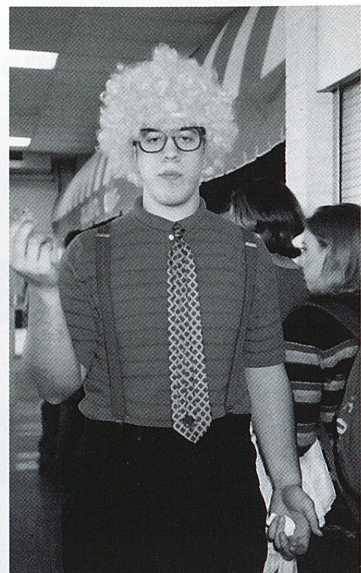

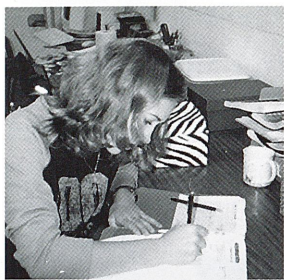

Hair Today-Gone Tomorrow... Cyndi Richard and Lyndsey Fish section hair to prepare for coloring. Red hair claimed the most popular hair coloring of the year.

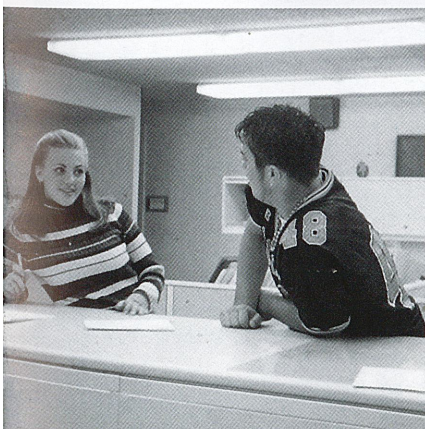

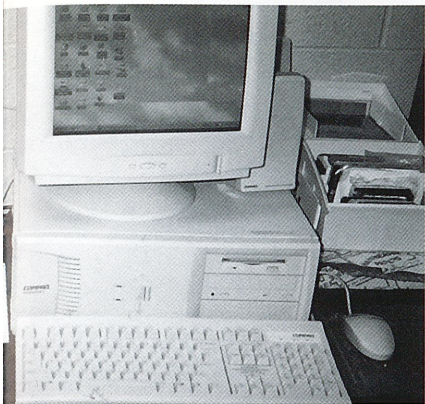

Got to Get it Just Right... Shawn Tobin pays close attention as he adjusts the press into position. Taking their time, the students created many useful projects.

Chisel While You Work... Justin Felix chisels a piece of wood in Carpentry Class. The experiences at Vo-Tech provide the students with a definite edge when entering the work force.

Editor of the Year

**Lyndsay
Smith**

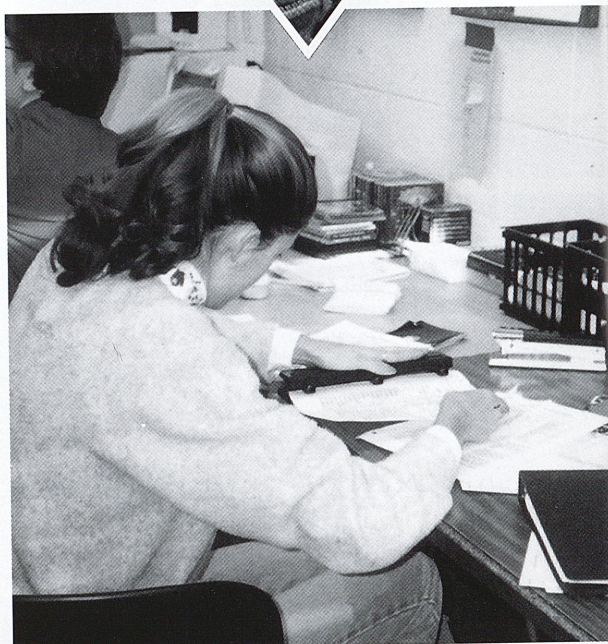

I reserved this space to thank each of the editors who worked on this book. Many of their personalities reflected into the 248 pages you hold now. However, one editor certainly went beyond my expectations and deserved special recognition. For this reason and for countless others, I and my Editor in Chief, Karen, proudly declared Miss Lyndsay Smith as the First Annual Editor of the Year. Congratulations and thank you for your devotion, late nights, and sincerity.

Ring of Ideas...The photography staff comes together for their first meeting. Much time and effort went into finding the perfect shots to use.

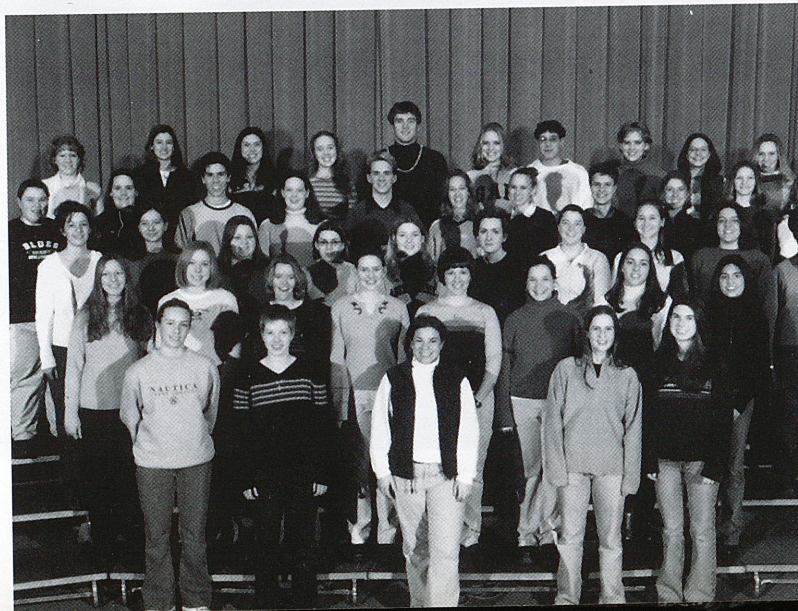

Everything Has It's Place...Literary Editor, Casey Conroy organizes the senior directory sheets. Editors had to type in over 300 entries.

Finding Out What It's All About...

LITERARY

The most difficult task was coming up with interesting stories and presenting them in creative ways.

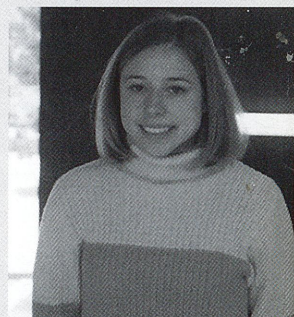

Kim Zanotti

REPORTING

The hardest part was finding a good variety of different people to get quotes.

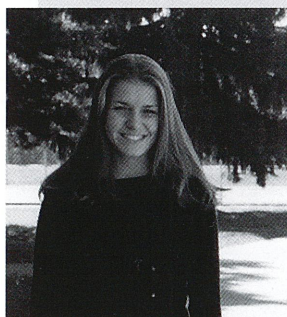

Megan Talmadge

PHOTOGRAPHY

I got to experience different events that I normally would not have attended, in order to get pictures.

BUSINESS

My favorite part of participating in the business staff was trying to sell ads to many unpredictable store owners.

Brittany Held

The end of the year came, students received their yearbooks, and few thought about who created the scrapbook of high school memories. Those that created the book were the few, the proud, the yearbook staff.

Mr. Fantaski advised and guided the staffs in the creation of the 2001 *Campus* yearbook. Nine senior editors and their four staffs: Literary, business, reporting, and photography, aided in production. Reflecting their efforts, Taylor Publishing chose this yearbook as one of the top 200 books in the nation, as the company planned to display it to schools across the United States as one of the nation's finest.

Unknown to many, the actual yearbook came to life in a room known as the SAR where Mr. Fantaski and the nine editors spent countless hours cropping pictures and editing stories.

In fact, the staffs had to meet 6 deadlines to produce the *Campus*. Luckily, with the help of Dorothy Albright, Kiski's Taylor representative, the staff met the deadlines, often ahead of schedule.

An overwhelming task to complete, somehow the editors still considered yearbook as one of their most valued high school achievements. Photography editor Christine Uskuraitis commented on her involvement with the yearbook, "Knowing that every photograph I shot for the book had to capture what my classmates would use to remember high school thirty years from now, meant the world to me." Similarly, the entire 2001 *Campus* took pride in creating this scrapbook of four wonderful years at the Big "K."

Preserving Our Blue and Gold

La Vida Loca... These posters colorfully capture the essence of Espana. Students learned not only how to speak Spanish, but also about the unique cultures of Spanish countries.

Finding Out What It's All About...

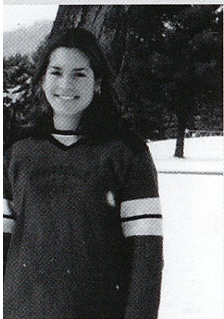

Spanish Club gave me a chance to become involved in activities dealing with foreign cultures.

Dana Gais

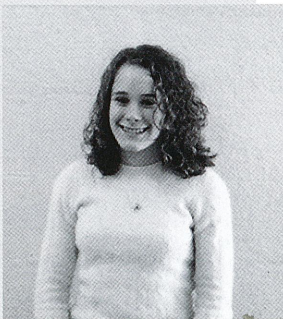

A cool thing we did in French Club was sell raffle tickets to raise money for Montreal.

Ashley Bobaychick

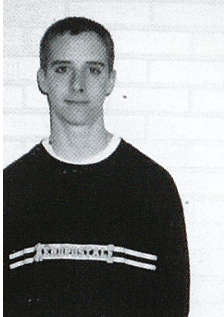

Spanish Club was nice because we got to raise money to help underprivileged children in other countries.

Lori Cibik

The learning atmosphere of the German Club was great.

Scott Berger

This year's Spanish Club, comprised of Spanish IV and AP Spanish students, enjoyed an extremely eventful year. Dana Gais - President, Nicole Moran and Sarah Kossak - Vice Presidents, Brittany Held - Secretary, and Lori Cibik and Kara Toman - Treasurers, led the members of the Spanish Club.

In an effort to make Open House more colorful, the club held a poster contest, open to all Spanish students. The theme, "Spanish Culture," colorfully decorated the 300's building. Club members also volunteered their time at this year's Open House. The female members wore colorful skirts and asked for donations to the club's Adopt-A-Child fund. A newsletter handed out to the parents of Spanish students during the Open House, provided them with insight to what each

Spanish course involved.

The Spanish Club also participated in many fundraisers. Members sold the "famous" chocolate covered pretzels to help finance their trip to Carlow College. Also, during the holiday season, the club sold various flavors of candy canes to raise money for the annual high school telethon. Some members also constructed a pinata that the club raffled off to support the telethon as well.

All of the projects and events could not have successfully taken place without the hard work of the club members and the support from their sponsor, Senora Love. The Spanish Club not only involved love of language, but students participated in activities that made for a most memorable year.

*Showing Support...*Mr. Woitas recognizes the efforts his SADD club members, Jessica Wolfe, Beth Bertino, and Eric Issac, put into spreading awareness. The SADD campaign aimed to save lives throughout the year.

Finding Out What It's All About...

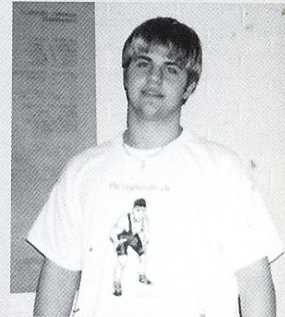

Being a Library aid allowed me to spend extra time on my research paper without missing any class.

Jill Slausenhaupt

SADD is a great organization that can help young people learn about the dangers of driving under the influence.

Jack Miller

The best part about working in the office was hanging out with the cool secretaries.

Josh Stanga

Being in SADD was great because we let people know that driving drunk kills innocent lives.

Jill Litzinger

Perhaps one of the most influential and important organizations at Kiski Area, SADD stood for Students Against Driving Drunk. The club's main purpose involved influencing teenagers to make the right choice in refraining from drinking and driving. This year's SADD represented one of the largest clubs at Kiski with approximately 360 members.

Started nationally in 1984, Kiski first adopted SADD in 1985 and has positively affected students ever since. "I joined SADD because I like being involved and it is a club that sends out a positive message," commented junior, Bob Hartle.

Every year, SADD members took part in SADD Awareness Month, traditionally held in April,

as well as sponsoring the Prom Promise for students attending the Freshmen-Sophomore Dance and the Junior-Senior Prom. By signing the Prom Promise, students pledged not to drink and drive or to engage in activities that may endanger the safety of themselves and others.

An executive committee, made up of 17 students and sponsored by Mr. John Woitas, the Driver's Education teacher at Kiski, as well as three appointed officers, controlled the club's activities.

With hard work and dedication, SADD hopefully increased awareness and gained support for the many more years to come, in hopes of ending the problem of drinking and driving.

Call on Me... Jason Beebe and Joe Scarfutti compete to give the next correct answer in a Quiz Team practice. Team members determined their starting positions through points earned during practices.

Finding Out What It's All About...

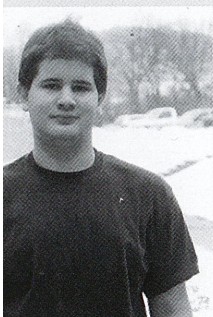

All the friendships we made and fun after school activities was what I liked about Bible Club

Brandi Barker

This Quiz Team, out of the four years I've been involved, was by far the best team I've been a part of.

What did radiation, George Washington, and Microsoft have in common? Simply, students gave these as correct answers at Academic Quiz Team competitions.

The 2000-2001 Academic Quiz Team included 20 members from ninth to twelfth grade. Mrs. Poleski, math dept., and Mrs. Cutone, computer dept., sponsored the team this season. The 9th and 10th grade members formed the junior varsity team while the 11th and 12th graders formed the varsity team. This year, the Quiz Team prepared for two major competition leagues, the Mount Pleasant Area League, and the local Strongland Chamber of Commerce League. At Mt. Pleasant, the Quiz Team competed against teams from Westmoreland County, namely, Latrobe, Greensburg-Salem, Norwin, Hempfield, and Derry.

From October to January, Mt. Pleasant had one competition per month, with junior varsity and varsity tournaments in February.

The local Strongland Quiz Bowl rotated the site of the competition between schools. Burrell, Apollo-Ridge, Freeport, Valley, Leechburg, and other local teams competed in that competition. Both the junior varsity and varsity teams have come back with first place trophies in past years.

Involved as a member of the Academic Quiz Team gave these students a chance to learn many important and fun facts. Outside of school, the members prepared themselves by watching "Jeopardy" and "Who Wants to be a Millionaire."

New and Improved... Christina Coumos, Lindsy Deibler, and Anna Burlikowski plan for the annual "Tug Against Drugs." This year, the teachers had the chance to participate.

Finding Out What It's All About...

In Ski Club, you got to ski with all your closest friends and have snowball fights on the slopes.

**Brad
Klingensmith**

Drama Club was fun because of the great working relationship between students and sponsors.

Jackie Pokusa

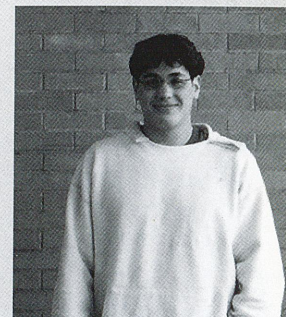

The best thing about Red Ribbon was teaching elementary students for "Kick Butt Day!"

Anna Burlikowski

As president of Drama Club, I've helped take this organization to where it's never been before.

Beau Key

Red Ribbon? At Kiski it meant more than just something used to keep balloons from flying away, or a symbolic gesture to show AIDS awareness. Here, Red Ribbon symbolized a commitment to yourself, as well as a commitment to our school. This year the Red Ribbon Committee did just that, all the while, keeping Kiski aware of the rising problems of substance abuse in the new millennium. Red Ribbon projects included the traditional support of "Red Ribbon Week," which celebrated many activities that promoted a drug-free society.

Under the direction of Mrs. Rossi, the committee continued its endeavors by hosting the "Tug Against Drugs," which involved a

symbolic tug-of-war that included students from every grade, along with many faculty members. The "tug" idea of a drug-free lifestyle struck many chords in those that attended the early February assembly.

Another activity that busied the committee over the past year involved "Kick-Butt Day." This activity allowed club members to educate elementary students in the Kiski School District about the hazards of tobacco product use.

Overall the Red Ribbon Committee changed lives. Students learned that "fun and high times" did not have to result from a drug and alcohol-infested lifestyle.

Double Vision... Tony Emanuel carries on his tradition as he dresses up identical to Mr. Grimm for Student Council's Annual Halloween Coffee House. Last year Tony disguised himself as Mr. Voytek.

Finding Out What It's All About...

My favorite thing about being a member was that it showed we were the cream of the crop and we rose to the top.

Travis Crocker

I liked it because it gave us the opportunity to meet new people and make new and good friends.

Kim Higgins

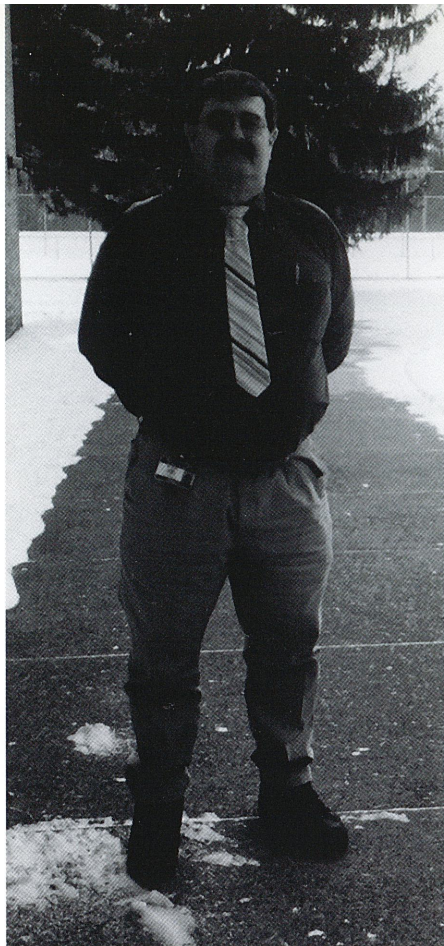

I liked student council because there were so many people, and it was a good opportunity to talk to the ladies.

Bob Hartle

I liked helping people and being a part of the fun activities.

Rhiannon Mondale

This year, students from every homeroom elected two students to represent them in Student Council. These students took care of the activities that concerned their respective grades. Of these members, students from each grade became the officers for their classes, including a President, Vice President, Secretary, and Treasurer. Some of the activities sponsored by Student Council included the Telethon, Halloween Coffee House, and Harvest of Pennies. This year's Harvest of Pennies made quite a large sum of money. This money made its way to a very good cause, namely the Westmoreland County Food Bank.

A number of Student Council members helped with the Telethon, which benefited the Salvation Army. "We helped some people who were

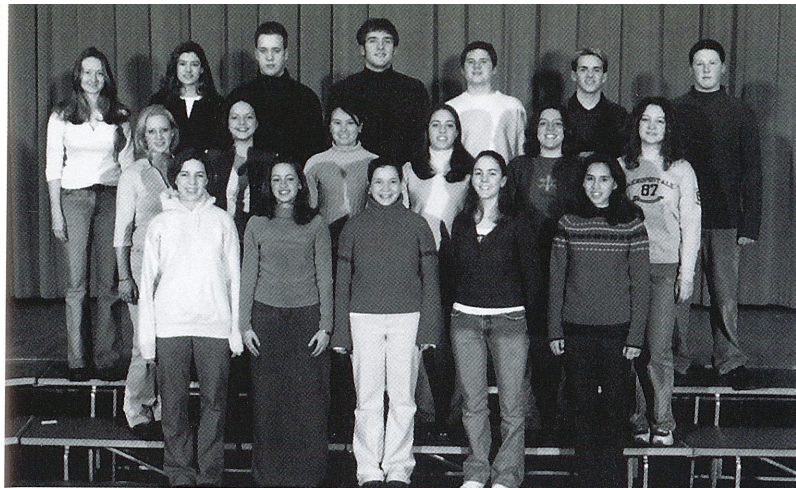

less fortunate, and that was what the holiday season was all about - giving to others," stated Junior Natalie Kiro. Several other members made appearances on air and had a great time entertaining viewers. This year, the junior class, like many of those in the past, held a class candy sale. The class representatives involved spent a lot of time in organizing the sale.

Sponsoring Student Council this year, Mrs. Musselman donated an incredible amount of time to ensure that everything ran smoothly. Together, Mrs. Musselman and her Student Council planned each project and meeting. Student Council allowed students have a say in school decisions and permitted their suggestions to help make school a better place.

Making the Case... Juniors Dorrie Byford and Cara Toman perfect their strategy for the plaintiff. Mock Trial members had to prepare both sides of a case as they never knew which side they had to present, the prosecution or the defense.

Finding Out What It's All About...

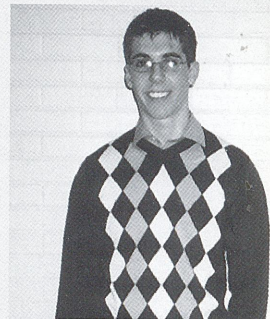

The greatest part about KAETV was making a fool of ourselves on camera.

Nicole Moran

A good thing about Math Team was furthering your education.

Ted Bankosh

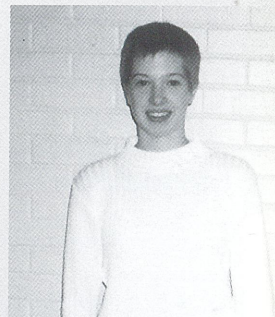

The best part about Mock Trial was the thrill of actually competing in a real court room.

Ashley Scalzott

Math Team was a great educational experience, and fun for everyone involved.

Kate Marietti

Headed by Mr. Norton, the 2001 Mock Trial team consisted of one of the most brilliant groups of students at Kiski. Working several nights a week, as well as numerous afternoon classes at school, the team prepared to battle other schools in the courtroom. Students admitted that it took countless hours of practice to claim a victory. These young lawyers wrote and rewrote their opening and closing statements several times before they achieved their desired intentions. Reading an affidavit every night did not seem out of the ordinary for a witness who had to know everything about the person they must become during the trial.

KA Mock Trial consisted of fifteen dedicated students this year.

In the case of *Bushing vs. Gorey*, Ashley Scalzott, Ben Stoltzfus, and Heather Thomas portrayed the roles of witnesses on the starting team. The starting lawyers included Karen Defilippi, Alle Allman, Dorrie Byford, Jackie Pokusa, and Amie Thompson. These four lawyers, who dedicated their time to improving the team, gave advice to the students when they saw fit.

Thanks to Mr. Loperfido, Mrs. Makuta, Mr. Geary, and Mr. Geary Jr., the team responded more quickly, argued more proficiently, and presented themselves in front of a group of people with more ease. Mock Trial has had an impressive legacy in which this year's team hoped to continue.

*Giving a Helping Hand...*Christine Uskuraitis seeks some advice from Key Club's sponsor, Mr. Shidemantle on how to successfully raise money. The club benefited many people, with the assistance of the rest of the student body.

Finding Out What It's All About...

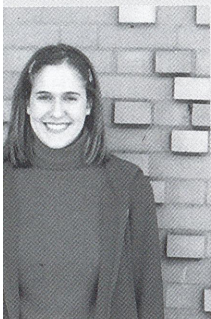

Key Club had an advantage because you got to help people that were less fortunate.

Lindsay Smythe

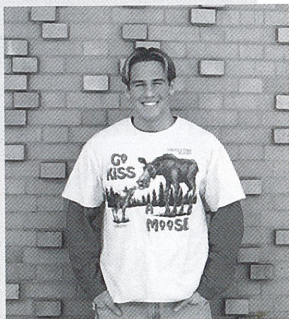

Being on AV was fun because you got to help others, and the party at the end of the year is fun.

Rachel Werntz

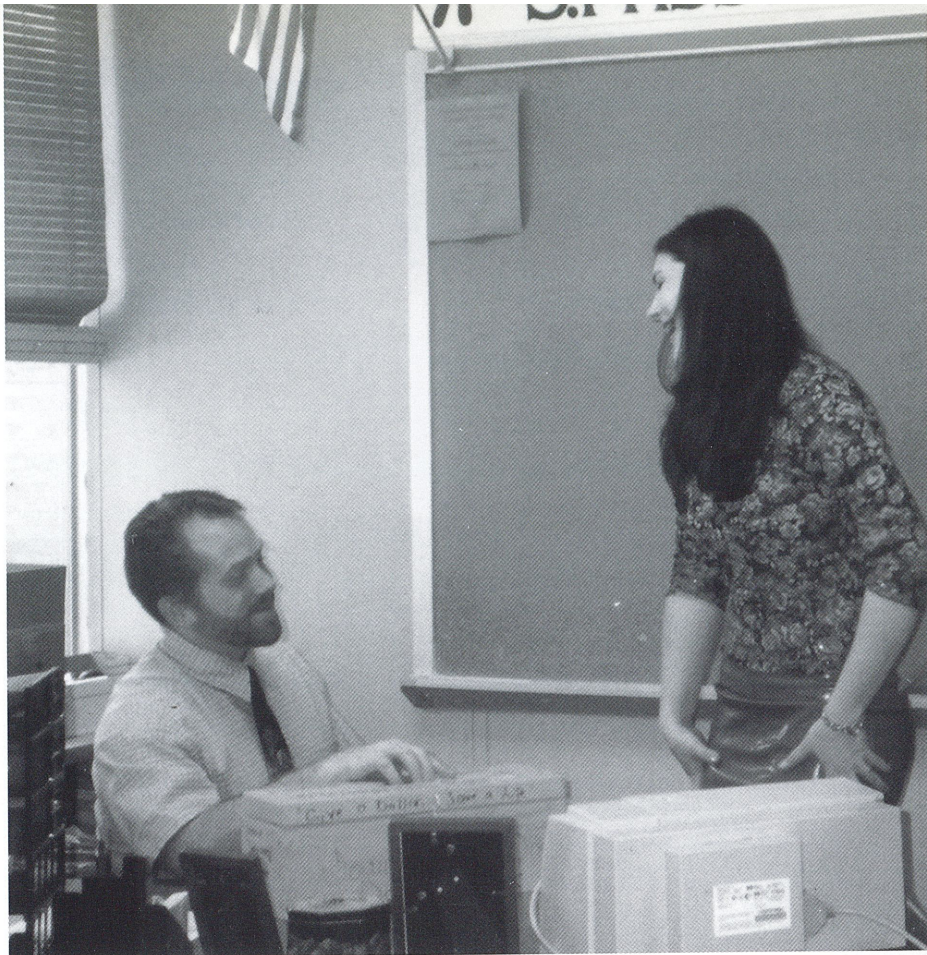

Pride Club was cool because we showed off our school spirit by hosting the bonfire and doing pep rallies.

Kevin Ziegler

I enjoyed Key club because it made me feel good to know that I contributed to helping people in need.

Ashley Snyder

Giving time and a helping hand to others has always presented one of man's noblest causes. The Key Club, sponsored by the local Kiwanis Club, did precisely that. With an aim to aid their community, the members of this esteemed organization initiated various tasks throughout the school year to provide for their neighbors. Led by President Joel Cortileso and Vice-President Justin Liberatore, the club raised money for those afflicted with Iodine Deficiency Disorder. In addition, they later held a book drive to provide those less fortunate with once loved reading.

Key club defrayed operational costs by fund-raising, selling fruit and various catalog items. Also, the local Kiwanis Club provided for club dues and also held a regular luncheon with the club members. Junior Laura Pacuch admitted that the opportunity to assist others and have fun in the process drew her to the group.

Generosity and kindness definitely typified the students at Kiski. Their appreciation of those around them perfectly manifested itself in the participants of the Key Club.

Environmentally Enthusiastic... Lindsay Mangus helps to make our green planet a little greener. The Environmental Club did many hands-on projects which not only benefited the Earth, but also gave everyone involved a sense of self-satisfaction.

Finding Out What It's All About...

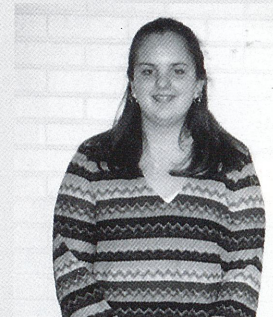

It was nice to work at the Student Store because you got to meet a lot of new people while being there.

Amy Floyd

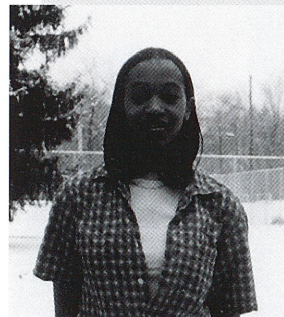

I liked the hands on activities that we did and the community involvement in Environmental.

Jennifer Fryer

I liked being a buddy because I liked being a part of their lives and seeing their smiling faces.

Ashley Cochran

I liked Environmental Club because we had fun cleaning up the highway.

Gioia Schreckengost

The Kiski Area Environmental Club participated in many enjoyable activities this year. Under the first-year leadership of Mr. DeSantis, the Environmental Club flourished with new ideas. Both on and off campus, the club's members worked hard at changing our local surroundings for the better.

Off campus, the Environmental Club planned to cooperate with a branch of the Kiski Area Watershed. This allowed a chance for members to help the environment first hand. The club also considered starting a possible nature habitat/trail area. However, the issues of exact location and permission needed much consideration before plans could proceed.

Environmental Club provided an opportunity for students to work

together on projects directly affecting KAHS. While helping to improve Kiski, junior member Ashley Klingensmith commented, "I really enjoyed being in Environmental Club. We had hands-on projects that not only helped the environment, but they were fun too!"

Even non-membered students participated in some of the activities. Students once again enjoyed the club's annual Earth Day Picnic. The entire school also had a chance to help by supporting the annual Human-i-tees fundraiser.

The Environmental Club members exerted a positive influence throughout the year at Kiski. Students learned that their own actions can make a difference, and it truly did!

Joel Cortileso, Natalie Plescia, Jayme Jones, and Nick Brady brave the elements to raise money for the telethon. These four made the evening newspaper as this picture was clipped from the Vandergrift paper.

Finding Out What It's All About...

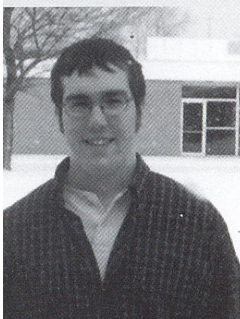

Lots of work went into making the telethon a success, but our efforts definitely paid off.

Amy Wiester

I liked FBLA because we got out of school to compete, and it was a lot of fun.

Jason Hayes

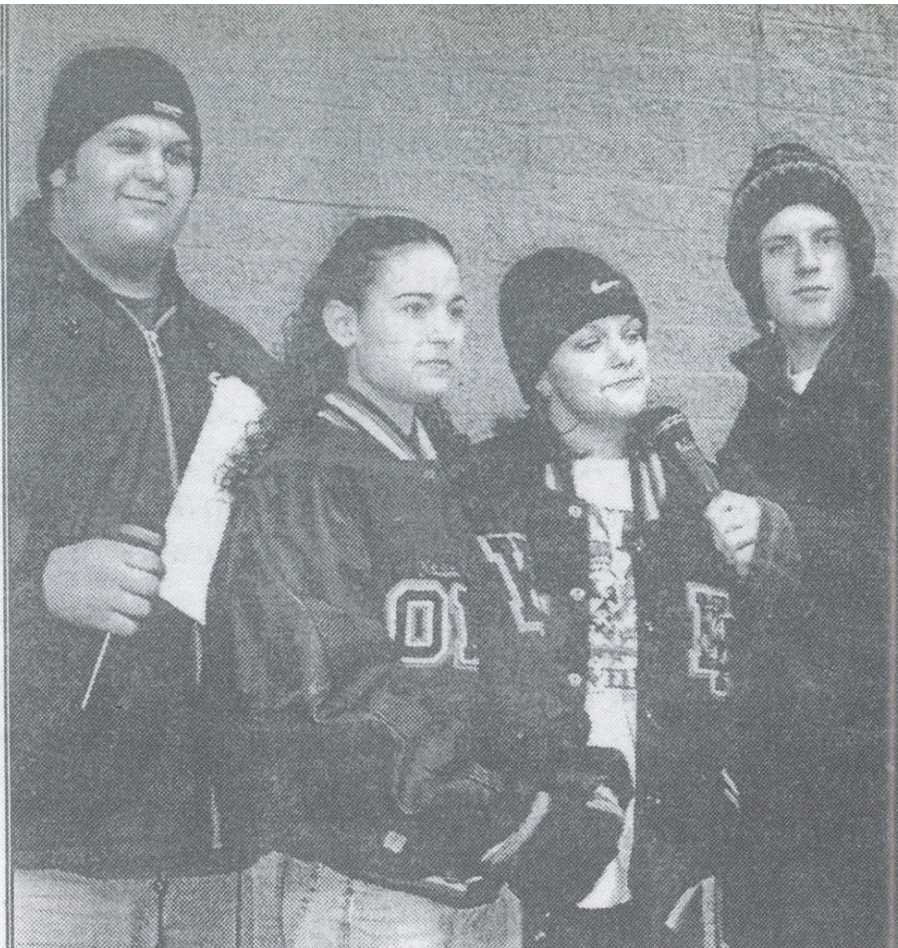

Telethon was a very rewarding experience that gave me happy feelings by helping the Salvation Army.

Joel Cortileso

Envirothon furthered one's learning in the ways of the environment.

Brenda Keitzer

This year, while many Kiski students and their families prepared for the holiday season, Mrs. Musselman, the A. V. Crew, and roughly eleven-plus students put together a very special close-to-home Christmas program, The Telethon. An annual event aired on the cable television "C-Span", the Telethon raised money for the Salvation Army to help make the holidays a little merrier for needy children and families. Throughout the five weekday evenings (December 11-15) volunteer students appeared on the air as anchors, performers, and promoters to create an inspirational appeal to their gracious cause.

"The Telethon was a cooperational masterpiece," said Mrs. Musselman. Working diligently

for several weeks, she and the eleven members of the executive committee, including senior chairman Jamie Ferraccio, coordinated all of the necessary preparation for the event. At precisely 4:00 outside of K-Mart in Allegheny Plaza on December 11, the hard work paid off and the magic came to life.

Donators contributed to the occasion and the show progressed as planned. The program, which featured everything from vocal performances to Christmas "Chats", raised over \$13,000 for the Salvation Army. "It was wonderful working with the students," said Mrs. Musselman, "but even more wonderful to see the results of their efforts."

Dear
Eric,

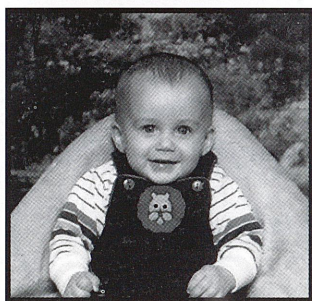

Grandpa Balla walked you to and from school
 everyday in your elementary years. He watched
 you grow into a fine, responsible, young man.
 Even though he is not here to see you graduate,
 you can be sure he is still watching you from
 up above with lots of love.

Love, Uncle Greg and Aunt Carol

Megs,
 Congratulations! We are proud of
 the person you have become. You
 have grown to be a wonderful,
 loving, intelligent young woman. The
 future is yours for the making.
 Work hard, reach high, and
 remember us as loving you.

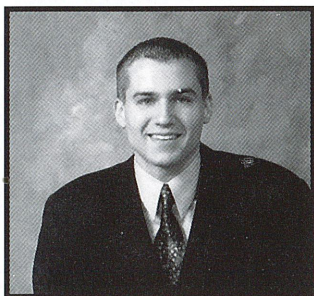

Our love,
 Mom & Katelyn

Dear Eric,

We are very blessed to have a son
 as wonderful as you. We wish you
 success and happiness.

Love,
 Mom and Dad

Congratulations and
 Good luck in

 and you'll go far. We're
 so very proud of you.
 Our love always,
 Mom, Dad, and Justin

Michael,

What can we say? You never cease to amaze us. From the time you were a little boy you always strived for the best. If you did something and it wasn't right you would start all over again. You have been through so much in your 18 years but you always come out on top. Dad, Eddie, and I love you so much and we are so proud of you. Continue to strive and be a good person. You deserve it!

Love,
Mom, Dad, and Eddie

Amy,

With all our love
and prayers,
Mom, Dad, &
Gary

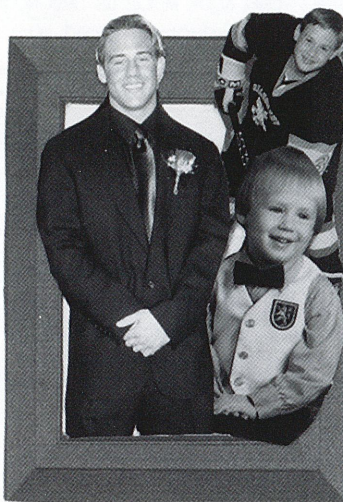

We are so proud of you. Time sure has flown. Now you're ready for another new adventure. May God richly bless and guide you along the way. Congratulations. Keep up the hard work at Penn State.

Kevin,

From the years of soccer, baseball, taekwondo, and then nine years of ice hockey, we have watched you transform into a handsome young man with a "Super" personality.

You have given us many great memories that we will cherish.

We are here to Support and Guide you through your next venture - "College".

We want you to
remember three things:

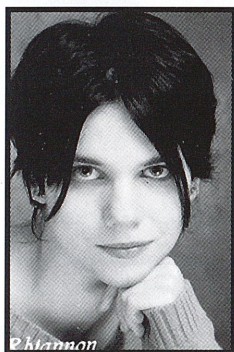

-Love Life
-Be Happy
-Believe in Yourself

Love,
Mom, Dad, Kara,
and Brad

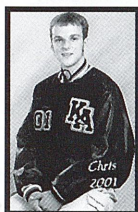

Rhianon,
You have made us
proud just by being
you. You believe in
yourself, and this
will help you to
follow your dreams.

Good luck in

Thanks! — Ian, last year's staff was right!! I am so glad I listened to them. Thank for everything. — Phil, PHIL WHO? Great wardrobe though!! — Michelle, wow do you owe me!!! — Jayme, thank you for an incredible job. I'll really miss you! — Casey, you were the easiest choice of all! What a compliment to your character! — Lindsy, you are the one I am most proud of...the "most improved award" goes to you! — and Lyndsay, I went against the norm and chose you as an editor w/o being on staff before...only because I knew what you would do...and you did...to quote my favorite flick, "Scarecrow, it is you that I will miss the most!" I know that I will never EVER have an editor like you! F. — Ellen, thank you for continually challenging me on piano! It has truly been my pleasure. — Ruth, thanks for being so patient with everything...it is coming soon, really soon, I promise! I love you dearly, F. —

Chris,

Congratulations! We are so proud of you. And know that your best days are yet to come at Penn State! Thank you for being such a terrific son. Our love and prayers will always be with you. Wishing you success, health and especially happiness,

Love,
Mom, Dad, Doug and Ryan

Amy,

You were our first born and from the start you were our "Princess." We are very proud of you, not only for your many accomplishments, but for the wonderful young woman you have become. Always remember to beeeee yourself. We wish the best for you in life and know you will succeed at whatever you decide to do.

Reach for the stars!

Love ya,
Mom & Dad

Class of 2001 Blake William Whaley

To our only son, We are really proud of you, Blake. You were a beautiful baby and have grown into a wonderful son. We can honestly say that you have never given us any problems and have made us and your Grandparents proud over and over again.

You have always been a loving, giving, and honorable person. We love you very much!

God Bless You in everything you choose to do.

With Eternal Love,
Mom, Dad, and Lauren

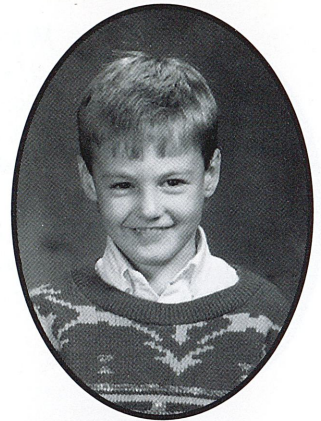

Adam,

"...Be strong and courageous. Do not be terrified; do not be discouraged, for the Lord your God will be with you wherever you go."

Tony,

It's been a wonderful experience raising "Mr. Bumbles." From the time you came home from the hospital on Christmas Day 1982, we knew we were blessed with a real gift. Wear your "cheesen" smile often. Remember all those cooking tips from "You Can Cook" and "The Galloping Gourmet." Above all, remember your faith. And may your love of the great outdoors continue to bring you joy. We are proud of you, and we love you for always!

Krista Marie,

When you were small and just a touch away,
I covered you with blankets against the cold night air.
But now that you are grown and out of reach,
I fold my hands and cover you with prayer.

There are only two lasting bequests we can hope to give our children. One of these is roots; the other is wings.

Where there is great Love there are always miracles - Krista my dear, you are a miracle, you fought to be born, you fought Leukemia and beat it. Now, as hard as it will be, we must give you your wings and let you go out in the world. In our hearts, we know you will succeed in life. You are a miracle and a true inspiration to all. We are so very proud of you. Keep on smiling, never frown, life is too beautiful and so are you. We'll always be here for you.

Love Always,

Kenny,

May you have the confidence to show the world your abilities. May you live the life you've dreamed. May all of your tomorrows be as happy as you have made our todays. We are so proud!

We Love You,
Mom, Dad, & Michael

Jason,

From the day you were born, you have brought so much joy into our lives. We are so proud of the young man you have become. Since you were a young child, you have always had the determination to stay with a task until it is finished, the integrity to do your best, and the character to make good choices. May those traits continue to guide you as you leave high school and begin the next phase of your life.

Kayla,

You have always been the wind beneath my wings and a joy to everyone who really knows you. If Noni could only see what a wonderful and beautiful young lady you have become!! You are a true friend with a caring heart, a faithful sister to your two brothers, and the best daughter anyone ever had.

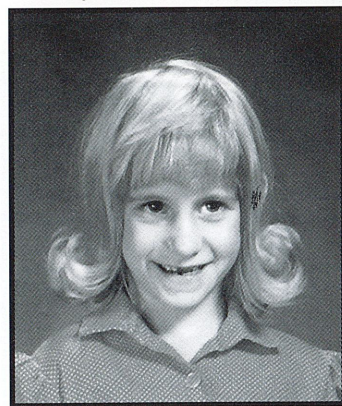

We are all very proud of you and we will always be here for you, unconditionally. May God bless you and always watch over you. Reach for the stars----and strive to be happy.

We Love You,
Mom, Gary, Jason, Tommy,
Christine, and Noni

Jane,

It seems like only yesterday when you started elementary school and now you are graduating high school. You have grown into a wonderful person. Have fun and live every day to the fullest. We are proud of you, and love you. Mom, Dad, Bob, and Alice

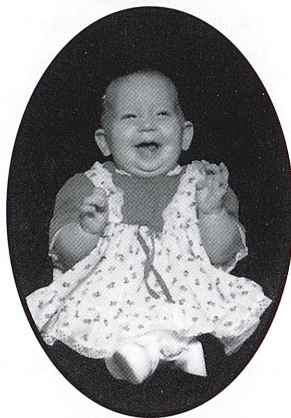

Angie,

It hasn't been easy, but you did it! We are so proud of you! Our wish as you begin this next phase of life:

"I hope you dance!"

Love, Mom, Becki, Michael, Bilbo, and Ginger

My
Tamara
Michelle,

The day you were born, my life changed completely. You are living proof that teen-agers can be loving, mature, responsible, and dependable. I am so proud of the things you have accomplished so far in your life and can only hope that you will continue to excel. Reach for your dreams. There may be obstacles to overcome, but if you really have that desire, you can do it. Don't ever let anyone tell you that you can't have what you want out of life. YOU can do it! Keep your smile, keep your Faith, and you can have the world at your fingertips. Keep a penny (for your thoughts), a quarter (for the call) and know that I will always be there for you.

I Love You!

Mom

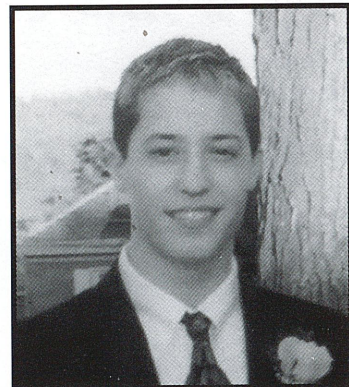

Henry,

We are proud of the person you have become. And no matter what happens in your life, we have confidence in your ability to make the right choices.

You've got a big heart. Keep it filled with happiness. You've got a fascinating mind. Keep finding new ways to grow. Keep learning. Keep trying. Keep smiling. And keep remembering that our love goes with you...everywhere you go.

All Our Love,
Mom, Dad, and Holly

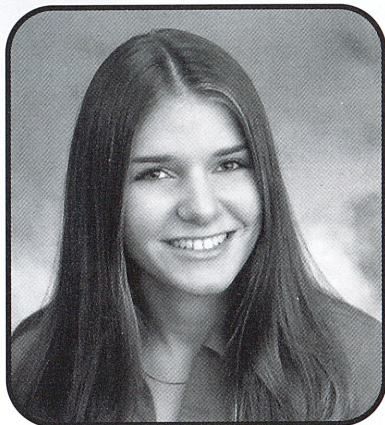

Leslie - our "Wonderful Artist." At a very young age you found your creative spirit and let it grow through the years, working towards the goals and dreams that you made for your future. Continue to work hard and never give up the dreams you have. If you believe in yourself and have continued faith in God's plan for you, they will come true.

Congratulations on your many accomplishments, and always know that we are all so proud and excited for you. With all of our love and blessings for a successful and happy future —

Mom, Dad, Russ, Laura,
Corey, Eric, Annie, Megan,

Colleen,

You brought us pride,
joy, and laughter. May
your future be happy,
healthy, and
successful, and may
all your dreams come
true.

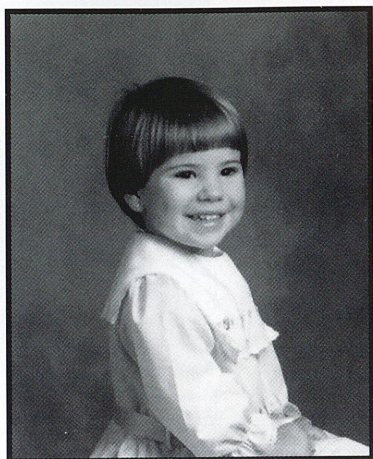

Love you Infinity

Karen,

One of your favorites is:
"If we did all the things
we are capable of doing,
we would literally astound
ourselves."

Thomas A. Edison

Well — you have always astounded us with your
depth of emotion, enthusiasm, delight at the world,
courage, determination, empathy, sense of purpose,
humor, faith and compassion. Remember who you
are, be true to yourself, and know that we are
always with you.

Love,
Mom, Dad, and Julie

Jamie, To our baby girl who
has brought many smiles and much
happiness to our family. We
are so proud of you and
hope you will have all
your dreams fulfilled.
Your special way with
children will take
you a long way
in your chosen
career
path.

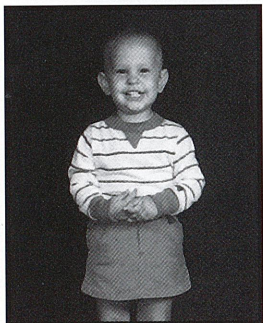

You
are a
kind
daughter
and a good
sister.
Congratulations
"Bertha!"
Love, Mom, Dad,
Justin, Mittens,
and Holly too!

"Sometimes you win,
sometimes you lose and most
times you choose between the
two wonderin, wonderin if you
have made it."
(Sweet Seasons, CK&TS)

Conviction, style, grace,
caring, and thoughtfulness
are what you taught us while
you were learning, reading,
riting, rithmetic. Stop
wonderin, you have made it
and the world can't wait to
see what you make of it.

All Our Love,
Mom, Dad, Joe, Jordan,

May your delightful smile, your energy and
enthusiasm for life, and most of all, your
wonderful personality, be with you on this next
journey of your life. We are so thankful for
how you have blessed our lives and are so
proud of the beautiful young woman you have
become. May God watch over you in all you do.

With all our love,
Dad, Mom, Chase, and Sheena

Briia,
Remember all the lessons you've had while growing up. Swimming, dance, piano, flute, gymnastics, and diving. Now you're off to college to learn the most important lessons of all - life's lessons. We hope you do as well with these as you have done in the past. Just do your best and you can be anything you want to be. Don't forget, we're only a phone call away. We Love You!
Mom, Dad, Dakota, Smidgen, & Sassy

Andrew, I'm going to miss you next year. Good luck with everything! Love,
Michelle — *Danielle, It won't be the same without you next year, but I know you'll be coming to stay with me!* Luv, Michelle — Criss, Roe, & Cruz, never forget all the memories this year...Get any ice cream lately? 1 scoop or 2? sprinkles? You better get your friend! All my luv, SnackerjacksPI — *Mark, The best of luck playing football next year!* Luv, Snoops — Mr. Fantaski,
Thanks for a great year and for the negatives! -Michelle — Lynds, Meg, Jess, & Cierra, *Our good old Mamont crew! I'm going to miss each one of you, see you around!* Luv, Shell — Double C — *The only person I've apologized to is my mother - and that was court ordered.* — It's a waste of time! Like exercise, or reading to your kids! — *Can we do "Voulez-Vous?"* — Da da da da da da da da da da da da...BEEEEEEEEFFF! — 54-51 — Girls, thank you for always being the wonderful people you are! I love you lots! FF-Karen — *To the editors: You are the BEST!! Never forget our many SAR memories! Karen* — Mr. F, thank you ten thousand times over for everything! Omelette anyone! - Karen

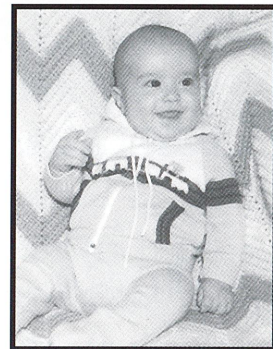

Joshua,

I am so proud of the young man you turned out to be. We've been through some tough times, but by being strong and standing together we always made it through. I love you so much and I will always be here for you. You always knew you could melt my heart with your smile and sense of humor. Thank you for the laughter and bringing so much joy to my life.

I Love You!

Mom

Be strong and courageous. (Joshua 1:8,9)

The 2000-2001 *Campus* Yearbook Staff chose "It's Not All Black and White" to emphasize the uniqueness and individuality represented in the 2001 graduating class. Subsequently, one main goal involved maximizing the amount and variety of color throughout the pages. Utilizing the three processing colors, 10 combination colors, and 8 spot colors, the 2001 *Campus* reflected more colors than any other yearbook in Kiski's long history.

The 2001 *Campus* yearbook represented the 39th for Kiski Area High School, 200 Poplar Street, Vandergrift, PA 15690, telephone (724) 845-8181. The staff ordered 1075 books from Taylor Publishing Company, 1550 W. Mockingbird Lane, Dallas, TX 75235. This book employed a Smyth type binding with 80# enamel paper inside. The cover utilized Black #1 and Super Blue Foil while the endsheets donned only Black #1. Created with Elite-Vision, Taylor's premier yearbook creation program, the 2001 *Campus* displayed many innovative 8 1/2 inch by 11 inch layout designs. Furthermore, Taylor chose this book to overrun as national samples - an honor bestowed to approximately 200 among thousands of organizations per year.

Larry Parker from Deglau - Portraits by Larry, 502 Main Street, Latrobe, PA 15650, telephone (724) 537-8211 provided all of the club, sports team, musical ensemble, and student panel pictures. It's Not All Black and White...

Certainly, however, some things simply were. Our long time spent together provided for lasting friendships, both with our faculty and our friends. Kiski Area High School shall forever remain the place where we worked, we played, we

Learned, we laughed, and we grew. Now we have invested our efforts toward our bright futures. The values and morals gained will soon apply to every circumstance we will encounter in life. Sadly, but also enthusiastically, we now step

Into the unknown - because it is our turn. No mountain is too tall, no river too wide,

And no dream too unrealistic for the class of 2001. Life holds fantastic wonders ahead... wonders of Love, careers, families, and knowledge. Each of us

Offers something different to the world as each facet of our lives reflects its own colors.

Undoubtedly, the class of 2001 has painted a Spectacular masterpiece...

May it forever touch the soul.
